GOVERNMENT MOTION

5. *Mr. Nixon*—Resolution—That, due to the interruption of the consideration of Private Bill legislation as a result of the dissolution of the Thirty-second Parliament, an application for private legislation relating to Bill Pr47, An Act respecting the City of Etobicoke, be considered during the present Session without the payment of a further application fee, without publishing further notices of application, and without lodging further declarations proving publication.

PRIVATE MEMBERS' MOTIONS

1. *Mr. Johnston* (Scarborough West)—Resolution—That in the opinion of this House, the Province of Ontario, Canada, should declare itself a Nuclear Arms Free Zone, and the Government should prohibit the deployment of nuclear weapons in Ontario, the testing of nuclear weapons and associated equipment in the Province, the construction of nuclear weapons and associated equipment, the transport of nuclear weapons and associated equipment through and within the Province, and the export of goods and materials for use in the construction and deployment of nuclear arms. In addition, the Province should encourage cities, provinces and states throughout the world to initiate similar action.
2. *Mr. Foulds*—Resolution—That in the opinion of this House, recognizing that access to health care treatment and facilities should be a right and not a privilege, and should not be subject to geographic or economic barriers, the Government of Ontario should incorporate as a fully-insured service under OHIP the cost of medically necessary travel, as determined by a qualified physician, in excess of 200 miles; and further that the Government should begin by instituting such coverage for residents of Northern Ontario (that is for those living in the Territorial Districts north of the French River) within six months of the passage of this resolution and that coverage for the rest of the province be phased in over a four-year period; and further that in the case of a child needing such medically necessary travel, the Government give consideration to covering the costs of travel for one parent or guardian of such a child.
3. *Mr. Warner*—Resolution—That in the opinion of this House, considering the continuing Turkish occupation of Cyprus and the unknown fate of 2,000 missing Cypriots, the Government of Ontario should express concern about the continuing illegal Turkish colonization of Cyprus, and the latest secessionist movement of the Denktash regime, by: (1) urging the Government of Canada to support measures for the implementation of the U.N. resolutions on Cyprus; (2) calling upon the Turkish Government to provide immediate information on the missing Cypriots which according to indisputable evidence are held by Turkish authorities contrary to international law; (3) calling upon the Turkish Government to respect the human rights provision of the Helsinki accord, especially in regards to Cyprus; (4) calling upon the Turkish Government to cease immediately further colonization of Cyprus and to withdraw all illegal colonists, transplanted with a view to changing the demographic nature of the Island; (5) condemning the new secessionist movement of the so-called "Federated State of Northern Cyprus"; and (6) calling upon the Government of Canada to cease further negotiations with the Turkish Government on the sale of a nuclear reactor, until the latter complies with the U.N. resolutions on Cyprus and shows a respect for international law.
4. *Ms. Bryden*—Resolution—That in the opinion of this House, recognizing that part-time workers in both the public and private sector are discriminated against by the denial of many benefits and rights provided to other workers in the same establishment, a Charter of Rights for Part-Time Workers be added to both the Employment Standards Act and the Labour Relations Act

to provide pro rata benefits and collective bargaining rights to such workers and that they be made eligible for severance pay and retraining and readjustment programs provided for other workers displaced by technological change in the same establishment.

5. *Mr. Epp*—Resolution—That this House authorizes that a Proclamation be issued by the Governor General under the Great Seal of Canada amending Section 7 of the Canadian Charter of Rights and Freedoms to read as follows:

7. Everyone has the right to life, liberty, security of the person and enjoyment of property and the right not be deprived thereof except in accordance with the principles of fundamental justice,

and urges that the Senate and House of Commons and the Legislative Assemblies of the other provinces do likewise.

7. *Mr. Foulds*—Resolution—That in the opinion of this House, the Federal Conservative government has, by eliminating full inflation protection for Canadian pensioners, imposed unfair hardships on those least able to protect themselves; and therefore, this House condemns as arbitrary and ill-conceived the budget of Michael Wilson which takes money out of the pockets of pensioners while providing more tax giveaways to the wealthy; strongly calls upon the Government of Canada to abandon its intention to de-index pensions and urges the Government of Ontario to make the strongest possible representation to the Government of Canada to re-affirm the Federal Conservative government's election promise to protect Canadian pensioners.

8. *Mr. Morin-Strom*—Resolution—That in the opinion of this House, the Federal Conservative government has favoured business and the rich at the expense of the economically disadvantaged, particularly pensioners, and considering Finance Minister Michael Wilson statement that Canada has "an acute shortage of rich people," this House condemns the federal budget of Michael Wilson that focuses on more tax breaks for the wealthy rather than providing decent pensions for elderly and more employment opportunities for the unemployed poor, and that the Canadian government should recognize that our problem is too many poor people, not too few rich people.

9. *Mr. Ramsay*—Resolution—That in the opinion of this House, the Minister of Agriculture and Food should introduce legislation to:

- (1) establish a debt review agency to referee financial disputes between farmers and banks or other lending institutions and that not less than 50% of the members of the agency should be farmers and that the agency would deal with short-term debts other than mortgages and would be empowered to make binding decisions subject only to appeal to the judge of the local court;
- (2) provide a moratorium on all farm bankruptcies and foreclosures of mortgages on farm lands and buildings except where an exemption is approved by a judge and on application by a mortgagee (lender) the

judge may grant leave for foreclosure or commencement of bankruptcy proceedings or, alternatively, may postpone any forfeiture for such time and subject to such conditions as he thinks fit.

10. *Mr. Wildman*—Resolution—That in the opinion of this House, recognizing that small municipalities do not have the financial base necessary to purchase modern, effective and reliable fire protection equipment, the Government should provide direct financial assistance to small municipalities for the purchase of fire protection equipment.
 11. *Mr. Wildman*—Resolution—That in the opinion of this House, recognizing that the much greater distance to be covered by police officers in carrying out their duties in certain northern municipalities results in the need for those municipalities to maintain larger police forces per capita to maintain an adequate police service, the Government should amend the *Ontario Unconditional Grants Act* to provide larger grants for policing to those northern municipalities.

GOVERNMENT MOTION

5. *Debated July 9, 1985.*

6. *Mr. Nixon*—Resolution—That, in addition to the Standing Committee on Members' Services and the Standing Committee on Social Development appointed by the House on July 4, 1985, the following Standing and Select Committees be established for this Session or otherwise as indicated, with power to examine and inquire into all such matters as may be referred to them by the House, with power to send for persons, papers and things, as provided in section 35 of the *Legislative Assembly Act*:

1. **Standing Committee on Public Accounts**—11 members, with 4 from the Government Party, 5 from the Official Opposition Party and 2 from the Third Party; The Report of the Provincial Auditor for 1984-85 and the Public Accounts for 1984-85 are referred to the Committee. The Committee is appointed for this Parliament, pursuant to Standing Order 91.
2. **Standing Committee on Procedural Affairs and Agencies, Boards and Commissions**—11 members, with 4 from each of the Government and Official Opposition Parties and 3 from the Third Party, with the Committee appointed for this Parliament to review and report to the House its observations and opinions on the operation of the Standing Orders of the House and such additional matters as may be referred to it by the House or by Mr. Speaker from time to time;

And that the Committee also have the power to examine and report on the methods by which it believes appointments should be made to Agencies, Boards and Commissions to which the Lieutenant Governor in Council makes some or all of the appointments, and all corporations in which the Crown in right of Ontario is a majority shareholder;

And that the Committee also have the power to review the operation of all such Agencies, Boards and Commissions, with a view to reducing possible redundancy and overlapping.

3. **Standing Committee on Regulations and Private Bills**—11 members, with 5 from the Government Party, 4 from the Official Opposition Party and 2 from the Third Party, to be the Committee provided for by the section 12 of the *Regulations Act*, and having the terms of reference as set out in that section, namely: to examine the regulations with particular reference to the scope and method of the exercise of delegated legislative power without reference to the merits of the policy or objectives to be effected by the regulations or enabling statutes, but in so doing regard shall be had to the following guidelines: (a) Regulations should not contain provisions initiating new policy, but should be confined to details to give effect to the policy established by the statute. (b) Regulations should be in strict accord with the statute conferring of power, particularly concerning personal liberties. (c) Regulations should be

expressed in precise and unambiguous language. (d) Regulations should not have retrospective effect unless clearly authorized by statute. (e) Regulations should not exclude the jurisdiction of the courts. (f) Regulations should not impose a fine, imprisonment or other penalty. (g) Regulations should not shift the onus of proof of innocence to a person accused of an offence. (h) Regulations should not impose anything in the way of a tax (as distinct from fixing the amount of a licence fee, or the like). (i) General powers should not be used to establish a judicial tribunal or an administrative tribunal. And the Committee shall from time to time report to the House its observations, opinions and recommendations as required by the section 12(3) of the *Regulations Act*, but before drawing the attention of the House to a regulation or other statutory instrument the Committee shall afford the ministry or agency concerned an opportunity to furnish orally or in writing to the Committee such explanation as the ministry or agency thinks fit. And the Committee shall have power to employ counsel and such other staff as it considers necessary;

And that the Committee have all Private Bills referred to it.

4. **Standing Committee on Administration of Justice**—11 members, with 4 from the Government Party, 5 from the Official Opposition Party and 2 from the Third Party.
5. **Standing Committee on Resources Development**—11 members, with 4 from the Government Party, 4 from the Official Opposition Party and 3 from the Third Party.
6. **Standing Committee on General Government**—11 members, with 4 from the Government Party, 5 from the Official Opposition Party and 2 from the Third Party.
7. **Standing Committee on the Ombudsman**—11 members, with 4 from the Government Party, 5 from the Official Opposition Party and 2 from the Third Party; to review and consider from time to time the Reports of the Ombudsman as they become available and as the Committee deems necessary, pursuant to section 16(1) of the *Ombudsman Act*, to formulate from time to time general rules for the guidance of the Ombudsman in the exercise of his functions under the *Ombudsman Act*; to report thereon to the Legislature and to make such recommendations as the Committee deems appropriate. Further, the Committee may, with the agreement of the Legislature, be permitted to sit concurrently with the Legislature from time to time. And that the Committee have authority to sit during adjournments and the interval between Sessions and have full power to employ such staff as it deems necessary and to hold meetings and hearings in such places as the Committee may deem advisable, subject to budget approval from the Board of Internal Economy.
8. **Select Committee on Economic Affairs**—11 members, with 5 from the Government Party, 4 from the Official Opposition Party and 2 from the Third Party, to examine and report to the Government on an

interim basis within three months, and on a final basis within one calendar year, on:

- (a) the appropriate bilateral trade options that are both consistent and pursuant to enhancing Canada's and Ontario's economic development and socio-cultural-political advancement, including considerations of:
 - improving the competitiveness of the Canadian and specifically the Ontario economy
 - creating greater and better job opportunities for Ontarians of all ages
 - increasing value-added and resource processing in Canadian and specifically Ontario industries
 - securing and enhancing access to the U.S. market for Ontario's manufacturers, resource products, and services
 - promoting and furthering Ontario's regional development
 - ensuring control of Ontario resources by the people of Ontario
 - promoting Canadian ownership of industries producing and/or marketing in Canada
 - promoting Canadian content in products which are major imports into Canada
 - providing Ontario consumers with access to a wide range of products at reasonable prices
 - stimulating capital and technological investment in Canada and in Ontario in particular
 - strengthening Canada's and Ontario's relationships with its other trading partners
 - promoting the standard of living and social progress of Canadians and Ontarians in particular, and the ability of all people of Ontario to participate in increased economic prosperity
 - providing a positive environment for Canadians and for Ontarians in particular to further advance their political-socio-economic development and to promote the well-being of each individual Ontario resident.
- (b) the appropriate considerations and factors which are integral to the evaluation of the advantages and disadvantages of negotiating a Canada-U.S. bilateral trade agreement, including considerations on:

- the impact, in the short term and the medium term, of removing barriers to bilateral trade on Ontario economic activity and employment, and the desirability of introducing policies to aid and assist firms, workers and regions in Ontario during the transition period as well as to exploit the opportunities created by secured and enhanced access to the U.S. market
 - the impact of a bilateral trade agreement on the structure of and the level as competition of Ontario industries, and the operations of a Canadian- and foreign-owned enterprises
 - the impact of a bilateral trade agreement on individual Ontario communities, particularly those which are heavily dependent on one industry
 - the impact of a bilateral trade agreement on current economic growth and employment and future economic growth and employment in Ontario in particular
 - the impact on investment in production facilities, capital equipment and research and development by Canadian- and foreign-owned enterprises
 - the implications for current federal-provincial arrangements in economic, social, and cultural policy areas
 - the implications for labour and labour markets, including skilled labour requirements and retraining programs
 - the implications for Canadian-sovereignty and federal-provincial relations
 - the implications for Canadian and related Ontario domestic policies in areas such as fiscal, tax, financial, cultural, employment and social policy areas
 - the implications for Canada's and Ontario's trade relations with its other major trading partners
 - the implications for labour laws and environmental standards
 - an evaluation of the likely issues which the United States would want to have resolved as part of a Canada-U.S. trade agreement, including such things as foreign investment policy, policies affecting the service and financial sectors and so on.
- (c) the appropriate goals and objectives for entering bilateral trade negotiations with the United States, including considerations of:
- how existing Ontario jobs will be protected in all sectors

- how economic growth in Canada can be stimulated so as to provide the maximum number of new jobs in Ontario
- whether to seek negotiations in a comprehensive sector or functional or sectoral basis
- the need for Canadian content requirements on all major imports into Canada
- the rules to govern the use of non-tariff measures such as government procurement and in the United States and Canada as they affect bilateral trade and Ontario's direct interests and their complementarity to the GATT rules where they exist
- which trade importing measures, and which industries, might warrant consideration of exclusion from bilateral trade negotiations
- likely assurances that Canada will not be restricted from adopting policies which would encourage the development of Canadian-owned industry
- desirable transition measures and safeguards to be included in any bilateral trade agreement to ensure an orderly adjustment of economic activity in the interests of Ontario and the full realization of the benefits secured and enhanced access to the U.S. market
- the appropriate time-frame for implementing any negotiated agreement
- the appropriate negotiating structures in the two countries including Ontario's role
- the appropriate structures for consultations with, and participation by, the provinces, private sector, and other groups
- the appropriate mechanisms and bilateral institutions for dispute resolution and monitoring of compliance of commitments
- the appropriate form and means of implementation into Ontario legislation of the commitments under a new bilateral agreement.

And that the Select Committee have authority to sit during adjournments and the interval between sessions and have full power to employ such staff as it deems necessary and to hold meetings and hearings in such places as the Committee may deem advisable, subject to budget approval from the Board of Internal Economy.

9. **Select Committee on Health**—11 members, with 5 from the Government Party, 4 from the Official Opposition Party and 2 from the Third

Party, the terms of reference of such Committee to be moved upon the commencement of the Fall Sitzings of this Session.

10. **Select Committee on the Environment**—11 members, with 5 from the Government Party, 4 from the Official Opposition Party and 2 from the Third Party, the terms of reference of such Committee to be moved upon the commencement of the Fall Sitzings of this Session.
11. **Select Committee on Energy**—11 members, with 4 from the Government Party, 5 from the Official Opposition Party and 2 from the Third Party, the terms of reference of such Committee to be moved at a later date.

7. *Mr. Nixon*—Resolution—That the following Committees be authorized to meet during the Summer Adjournment, in accordance with the schedule of meeting dates agreed to by the three Party Whips and tabled with the Clerk, to examine and inquire into the following matters:

- **Standing Committee on the Ombudsman**, to consider the Annual Report of the Ombudsman.
- **Standing Committee on Social Development**, to consider Bill 30.
- **Standing Committee on Regulations and Private Bills**, to consider Private Bills referred to them.
- **Standing Committee on Procedural Affairs and Agencies, Boards and Commissions**, to consider methods of appointments to such bodies as in the Committee's terms of reference.
- **Select Committee on Economic Affairs**, to consider free trade implications as in the Committee's terms of reference.
- **Standing Committee on Resources Development**, to consider the 1984 Annual Report of the Workers' Compensation Board, in accordance with section 85(2) of the *Workers' Compensation Act*. The proceedings of the Committee on the Annual Report shall be transcribed by the Hansard Reporting Service and appended to the Debates of the House.

Committees may, upon agreement of the House Leader and Whip of each Party, sit during the Adjournment at times scheduled by agreement.

8. *Mr. Peterson* (Seconded by Mr. Miller (Muskoka) and Mr. Rae)—Resolution—That it is the opinion of the Legislative Assembly of Ontario that the failure of the Government of Canada to negotiate an effective agreement with Japan to limit auto imports threatens Ontario jobs and the Province's major industrial sectors; that the federal government's failure to deal with other offshore producers further threatens domestic production; and that the Government of Canada should move beyond short-term auto quotas and instead introduce Canadian content legislation which will require automotive producers selling extensively in Canada to provide jobs and production in our market.

PRIVATE MEMBERS' MOTIONS

1. *Mr. Johnston* (Scarborough West)—Resolution—That in the opinion of this House, the Province of Ontario, Canada, should declare itself a Nuclear Arms Free Zone, and the Government should prohibit the deployment of nuclear weapons in Ontario, the testing of nuclear weapons and associated equipment in the Province, the construction of nuclear weapons and associated equipment, the transport of nuclear weapons and associated equipment through and within the Province, and the export of goods and materials for use in the construction and deployment of nuclear arms. and urges that the Senate and House of Commons and the Legislative Assemblies of the other provinces do likewise.

7. *Mr. Foulds*—Resolution—That in the opinion of this House, the Federal Conservative government has, by eliminating full inflation protection for Canadian pensioners, imposed unfair hardships on those least able to protect themselves; and therefore, this House condemns as arbitrary and ill-conceived the budget of Michael Wilson which takes money out of the pockets of pensioners while providing more tax giveaways to the wealthy; strongly calls upon the Government of Canada to abandon its intention to de-index pensions and urges the Government of Ontario to make the strongest possible representation to the Government of Canada to re-affirm the Federal Conservative government's election promise to protect Canadian pensioners.
8. *Mr. Morin-Strom*—Resolution—That in the opinion of this House, the Federal Conservative government has favoured business and the rich at the expense of the economically disadvantaged, particularly pensioners, and considering Finance Minister Michael Wilson statement that Canada has "an acute shortage of rich people," this House condemns the federal budget of Michael Wilson that focuses on more tax breaks for the wealthy rather than providing decent pensions for elderly and more employment opportunities for the unemployed poor, and that the Canadian government should recognize that our problem is too many poor people, not too few rich people.
9. *Mr. Ramsay*—Resolution—That in the opinion of this House, the Minister of Agriculture and Food should introduce legislation to:

- (1) establish a debt review agency to referee financial disputes between farmers and banks or other lending institutions and that not less than 50% of the members of the agency should be farmers and that the agency would deal with short-term debts other than mortgages and would be empowered to make binding decisions subject only to appeal to the judge of the local court;
- (2) provide a moratorium on all farm bankruptcies and foreclosures of mortgages on farm lands and buildings except where an exemption is approved by a judge and on application by a mortgagee (lender) the

judge may grant leave for foreclosure or commencement of bankruptcy proceedings or, alternatively, may postpone any forfeiture for such time and subject to such conditions as he thinks fit.

10. *Mr. Wildman*—Resolution—That in the opinion of this House, recognizing that small municipalities do not have the financial base necessary to purchase modern, effective and reliable fire protection equipment, the Government should provide direct financial assistance to small municipalities for the purchase of fire protection equipment.
 11. *Mr. Wildman*—Resolution—That in the opinion of this House, recognizing that the much greater distance to be covered by police officers in carrying out their duties in certain northern municipalities results in the need for those municipalities to maintain larger police forces per capita to maintain an adequate police service, the Government should amend the *Ontario Unconditional Grants Act* to provide larger grants for policing to those northern municipalities.

NOTICES

GOVERNMENT MOTIONS

6. *Debated July 10, 1985.*
 7. *Debated July 10, 1985.*
 8. *Mr. Peterson* (Seconded by Mr. Miller (Muskoka) and Mr. Rae)—Resolution—
That it is the opinion of the Legislative Assembly of Ontario that the failure of the Government of Canada to negotiate an effective agreement with Japan to limit auto imports threatens Ontario jobs and the Province's major industrial sectors; that the federal government's failure to deal with other offshore producers further threatens domestic production; and that the Government of Canada should move beyond short-term auto quotas and instead introduce Canadian content legislation which will require automotive producers selling extensively in Canada to provide jobs and production in our market.
-

PRIVATE MEMBERS' MOTIONS

1. *Mr. Johnston* (Scarborough West)—Resolution—That in the opinion of this House, the Province of Ontario, Canada, should declare itself a Nuclear Arms Free Zone, and the Government should prohibit the deployment of nuclear weapons in Ontario, the testing of nuclear weapons and associated equipment in the Province, the construction of nuclear weapons and associated equipment, the transport of nuclear weapons and associated equipment through and within the Province, and the export of goods and materials for use in the construction and deployment of nuclear arms. In addition, the Province should encourage cities, provinces and states throughout the world to initiate similar action.
2. *Mr. Foulds*—Resolution—That in the opinion of this House, recognizing that access to health care treatment and facilities should be a right and not a privilege, and should not be subject to geographic or economic barriers, the Government of Ontario should incorporate as a fully-insured service under OHIP the cost of medically necessary travel, as determined by a qualified physician, in excess of 200 miles; and further that the Government should begin by instituting such coverage for residents of Northern Ontario (that is for those living in the Territorial Districts north of the French River) within six months of the passage of this resolution and that coverage for the rest of the province be phased in over a four-year period; and further that in the case of a child needing such medically necessary travel, the Government give consideration to covering the costs of travel for one parent or guardian of such a child.
3. *Mr. Warner*—Resolution—That in the opinion of this House, considering the continuing Turkish occupation of Cyprus and the unknown fate of 2,000 missing Cypriots, the Government of Ontario should express concern about the continuing illegal Turkish colonization of Cyprus, and the latest secessionist movement of the Denktash regime, by: (1) urging the Government of Canada to support measures for the implementation of the U.N. resolutions on Cyprus; (2) calling upon the Turkish Government to provide immediate information on the missing Cypriots which according to indisputable evidence are held by Turkish authorities contrary to international law; (3) calling upon the Turkish Government to respect the human rights provision of the Helsinki accord, especially in regards to Cyprus; (4) calling upon the Turkish Government to cease immediately further colonization of Cyprus and to withdraw all illegal colonists, transplanted with a view to changing the demographic nature of the Island; (5) condemning the new secessionist movement of the so-called "Federated State of Northern Cyprus"; and (6) calling upon the Government of Canada to cease further negotiations with the Turkish Government on the sale of a nuclear reactor, until the latter complies with the U.N. resolutions on Cyprus and shows a respect for international law.
4. *Ms. Bryden*—Resolution—That in the opinion of this House, recognizing that part-time workers in both the public and private sector are discriminated against by the denial of many benefits and rights provided to other workers in the same establishment, a Charter of Rights for Part-Time Workers be added to both the Employment Standards Act and the Labour Relations Act

to provide pro rata benefits and collective bargaining rights to such workers and that they be made eligible for severance pay and retraining and readjustment programs provided for other workers displaced by technological change in the same establishment.

5. *Mr. Epp*—Resolution—That this House authorizes that a Proclamation be issued by the Governor General under the Great Seal of Canada amending Section 7 of the Canadian Charter of Rights and Freedoms to read as follows:

7. Everyone has the right to life, liberty, security of the person and enjoyment of property and the right not be deprived thereof except in accordance with the principles of fundamental justice,

and urges that the Senate and House of Commons and the Legislative Assemblies of the other provinces do likewise.

7. *Mr. Foulds*—Resolution—That in the opinion of this House, the Federal Conservative government has, by eliminating full inflation protection for Canadian pensioners, imposed unfair hardships on those least able to protect themselves; and therefore, this House condemns as arbitrary and ill-conceived the budget of Michael Wilson which takes money out of the pockets of pensioners while providing more tax giveaways to the wealthy; strongly calls upon the Government of Canada to abandon its intention to de-index pensions and urges the Government of Ontario to make the strongest possible representation to the Government of Canada to re-affirm the Federal Conservative government's election promise to protect Canadian pensioners.

8. *Mr. Morin-Strom*—Resolution—That in the opinion of this House, the Federal Conservative government has favoured business and the rich at the expense of the economically disadvantaged, particularly pensioners, and considering Finance Minister Michael Wilson statement that Canada has "an acute shortage of rich people," this House condemns the federal budget of Michael Wilson that focuses on more tax breaks for the wealthy rather than providing decent pensions for elderly and more employment opportunities for the unemployed poor, and that the Canadian government should recognize that our problem is too many poor people, not too few rich people.

9. *Mr. Ramsay*—Resolution—That in the opinion of this House, the Minister of Agriculture and Food should introduce legislation to:

- (1) establish a debt review agency to referee financial disputes between farmers and banks or other lending institutions and that not less than 50% of the members of the agency should be farmers and that the agency would deal with short-term debts other than mortgages and would be empowered to make binding decisions subject only to appeal to the judge of the local court;
- (2) provide a moratorium on all farm bankruptcies and foreclosures of mortgages on farm lands and buildings except where an exemption is approved by a judge and on application by a mortgagee (lendor) the

judge may grant leave for foreclosure or commencement of bankruptcy proceedings or, alternatively, may postpone any forfeiture for such time and subject to such conditions as he thinks fit.

10. *Mr. Wildman*—Resolution—That in the opinion of this House, recognizing that small municipalities do not have the financial base necessary to purchase modern, effective and reliable fire protection equipment, the Government should provide direct financial assistance to small municipalities for the purchase of fire protection equipment.
 11. *Mr. Wildman*—Resolution—That in the opinion of this House, recognizing that the much greater distance to be covered by police officers in carrying out their duties in certain northern municipalities results in the need for those municipalities to maintain larger police forces per capita to maintain an adequate police service, the Government should amend the *Ontario Unconditional Grants Act* to provide larger grants for policing to those northern municipalities.

GOVERNMENT MOTION

8. *Debated July 12, 1985.*

PRIVATE MEMBERS' MOTIONS

1. *Mr. Johnston* (Scarborough West)—Resolution—That in the opinion of this House, the Province of Ontario, Canada, should declare itself a Nuclear Arms Free Zone, and the Government should prohibit the deployment of nuclear weapons in Ontario, the testing of nuclear weapons and associated equipment in the Province, the construction of nuclear weapons and associated equipment, the transport of nuclear weapons and associated equipment through and within the Province, and the export of goods and materials for use in the construction and deployment of nuclear arms. In addition, the Province should encourage cities, provinces and states throughout the world to initiate similar action.
2. *Mr. Foulds*—Resolution—That in the opinion of this House, recognizing that access to health care treatment and facilities should be a right and not a privilege, and should not be subject to geographic or economic barriers, the Government of Ontario should incorporate as a fully-insured service under OHIP the cost of medically necessary travel, as determined by a qualified physician, in excess of 200 miles; and further that the Government should begin by instituting such coverage for residents of Northern Ontario (that is for those living in the Territorial Districts north of the French River) within six months of the passage of this resolution and that coverage for the rest of the province be phased in over a four-year period; and further that in the case of a child needing such medically necessary travel, the Government give consideration to covering the costs of travel for one parent or guardian of such a child.
3. *Mr. Warner*—Resolution—That in the opinion of this House, considering the continuing Turkish occupation of Cyprus and the unknown fate of 2,000 missing Cypriots, the Government of Ontario should express concern about the continuing illegal Turkish colonization of Cyprus, and the latest secessionist movement of the Denktash regime, by: (1) urging the Government of Canada to support measures for the implementation of the U.N. resolutions on Cyprus; (2) calling upon the Turkish Government to provide immediate information on the missing Cypriots which according to indisputable evidence are held by Turkish authorities contrary to international law; (3) calling upon the Turkish Government to respect the human rights provision of the Helsinki accord, especially in regards to Cyprus; (4) calling upon the Turkish Government to cease immediately further colonization of Cyprus and to withdraw all illegal colonists, transplanted with a view to changing the demographic nature of the Island; (5) condemning the new secessionist movement of the so-called "Federated State of Northern Cyprus"; and (6) calling upon the Government of Canada to cease further negotiations with the Turkish Government on the sale of a nuclear reactor, until the latter complies with the U.N. resolutions on Cyprus and shows a respect for international law.
4. *Ms. Bryden*—Resolution—That in the opinion of this House, recognizing that part-time workers in both the public and private sector are discriminated against by the denial of many benefits and rights provided to other workers in the same establishment, a Charter of Rights for Part-Time Workers be added to both the Employment Standards Act and the Labour Relations Act

to provide pro rata benefits and collective bargaining rights to such workers and that they be made eligible for severance pay and retraining and readjustment programs provided for other workers displaced by technological change in the same establishment.

5. *Mr. Epp*—Resolution—That this House authorizes that a Proclamation be issued by the Governor General under the Great Seal of Canada amending Section 7 of the Canadian Charter of Rights and Freedoms to read as follows:

7. Everyone has the right to life, liberty, security of the person and enjoyment of property and the right not be deprived thereof except in accordance with the principles of fundamental justice,

and urges that the Senate and House of Commons and the Legislative Assemblies of the other provinces do likewise.

7. *Mr. Foulds*—Resolution—That in the opinion of this House, the Federal Conservative government has, by eliminating full inflation protection for Canadian pensioners, imposed unfair hardships on those least able to protect themselves; and therefore, this House condemns as arbitrary and ill-conceived the budget of Michael Wilson which takes money out of the pockets of pensioners while providing more tax giveaways to the wealthy; strongly calls upon the Government of Canada to abandon its intention to de-index pensions and urges the Government of Ontario to make the strongest possible representation to the Government of Canada to re-affirm the Federal Conservative government's election promise to protect Canadian pensioners.

8. *Mr. Morin-Strom*—Resolution—That in the opinion of this House, the Federal Conservative government has favoured business and the rich at the expense of the economically disadvantaged, particularly pensioners, and considering Finance Minister Michael Wilson statement that Canada has "an acute shortage of rich people," this House condemns the federal budget of Michael Wilson that focuses on more tax breaks for the wealthy rather than providing decent pensions for elderly and more employment opportunities for the unemployed poor, and that the Canadian government should recognize that our problem is too many poor people, not too few rich people.

9. *Mr. Ramsay*—Resolution—That in the opinion of this House, the Minister of Agriculture and Food should introduce legislation to:

- (1) establish a debt review agency to referee financial disputes between farmers and banks or other lending institutions and that not less than 50% of the members of the agency should be farmers and that the agency would deal with short-term debts other than mortgages and would be empowered to make binding decisions subject only to appeal to the judge of the local court;

- (2) provide a moratorium on all farm bankruptcies and foreclosures of mortgages on farm lands and buildings except where an exemption is approved by a judge and on application by a mortgagee (lender) the

judge may grant leave for foreclosure or commencement of bankruptcy proceedings or, alternatively, may postpone any forfeiture for such time and subject to such conditions as he thinks fit.

10. *Mr. Wildman*—Resolution—That in the opinion of this House, recognizing that small municipalities do not have the financial base necessary to purchase modern, effective and reliable fire protection equipment, the Government should provide direct financial assistance to small municipalities for the purchase of fire protection equipment.
 11. *Mr. Wildman*—Resolution—That in the opinion of this House, recognizing that the much greater distance to be covered by police officers in carrying out their duties in certain northern municipalities results in the need for those municipalities to maintain larger police forces per capita to maintain an adequate police service, the Government should amend the *Ontario Unconditional Grants Act* to provide larger grants for policing to those northern municipalities.
 12. *Mr. Reycraft*—Resolution—That in the opinion of this House, in witnessing the financial crisis currently being experienced by family farm operators in our rural agricultural regions, the Government of Ontario should recognize the need to encourage various long-term strategies such as the development of new commercial and industrial ventures in rural areas as alternatives and supplements to traditional farm family incomes; such initiatives will help to maintain and preserve the social fabric of our rural communities.

10. *Mr. Wildman*—Resolution—That in the opinion of this House, recognizing that small municipalities do not have the financial base necessary to purchase modern, effective and reliable fire protection equipment, the Government should provide direct financial assistance to small municipalities for the purchase of fire protection equipment.
 11. *Mr. Wildman*—Resolution—That in the opinion of this House, recognizing that the much greater distance to be covered by police officers in carrying out their duties in certain northern municipalities results in the need for those municipalities to maintain larger police forces per capita to maintain an adequate police service, the Government should amend the *Ontario Unconditional Grants Act* to provide larger grants for policing to those northern municipalities.
 12. *Mr. Reycraft*—Resolution—That in the opinion of this House, in witnessing the financial crisis currently being experienced by family farm operators in our rural agricultural regions, the Government of Ontario should recognize the need to encourage various long-term strategies such as the development of new commercial and industrial ventures in rural areas as alternatives and supplements to traditional farm family incomes; such initiatives will help to maintain and preserve the social fabric of our rural communities.
 13. *Mr. Partington*—Resolution—That in the opinion of this House, recognizing the growing difficulties experienced by Ontario wine producers due to falling market shares and unfair trading actions by foreign governments, the Government of Ontario should accept and implement the proposals of the Wine Council of Ontario regarding a revised pricing structure for wines sold in Ontario as contained within their document, the Niagara Accord. Specifically, the Government should: reduce the non-discriminatory reference price by 7 per cent; reduce mark-up rates; reduce the Special Winery Retail Store tax to 1 per cent; impose a flat tax rate of \$12.00 per case of 12 - 750 ml. bottles to be added after mark-up changes; review the flat tax rate annually.
 14. *Mr. Treleaven*—Resolution—That in the opinion of this House, recognizing the link between good transportation networks and industrial development, the Ministry of Transportation and Communications fulfill its original commitment, as stated in this House on June 20, 1983 by the then Minister of Transportation and Communications, the Honourable James Snow, to complete Highway 403 west to Highway 401 at Woodstock by the Fall of 1986.

NOTICES

GOVERNMENT MOTION

9. *Mr. Nixon*—Resolution—That the Treasurer of Ontario be authorized to pay the salaries of the civil servants and other necessary payments pending the voting of Supply for the period commencing November 1, 1985 and ending December 31, 1985, such payments to be charged to the proper appropriation following the voting of Supply.
-

PRIVATE MEMBERS' MOTIONS

1. *Mr. Johnston* (Scarborough West)—Resolution—That in the opinion of this House, the Province of Ontario, Canada, should declare itself a Nuclear Arms Free Zone, and the Government should prohibit the deployment of nuclear weapons in Ontario, the testing of nuclear weapons and associated equipment in the Province, the construction of nuclear weapons and associated equipment, the transport of nuclear weapons and associated equipment through and within the Province, and the export of goods and materials for use in the construction and deployment of nuclear arms. In addition, the Province should encourage cities, provinces and states throughout the world to initiate similar action.
2. *Mr. Foulds*—Resolution—That in the opinion of this House, recognizing that access to health care treatment and facilities should be a right and not a privilege, and should not be subject to geographic or economic barriers, the Government of Ontario should incorporate as a fully-insured service under OHIP the cost of medically necessary travel, as determined by a qualified physician, in excess of 200 miles; and further that the Government should begin by instituting such coverage for residents of Northern Ontario (that is for those living in the Territorial Districts north of the French River) within six months of the passage of this resolution and that coverage for the rest of the province be phased in over a four-year period; and further that in the case of a child needing such medically necessary travel, the Government give consideration to covering the costs of travel for one parent or guardian of such a child.
3. *Mr. Warner*—Resolution—That in the opinion of this House, considering the continuing Turkish occupation of Cyprus and the unknown fate of 2,000 missing Cypriots, the Government of Ontario should express concern about the continuing illegal Turkish colonization of Cyprus, and the latest secessionist movement of the Denktash regime, by: (1) urging the Government of Canada to support measures for the implementation of the U.N. resolutions on Cyprus; (2) calling upon the Turkish Government to provide immediate information on the missing Cypriots which according to indisputable evidence are held by Turkish authorities contrary to international law; (3) calling upon the Turkish Government to respect the human rights provision of the Helsinki accord, especially in regards to Cyprus; (4) calling upon the Turkish Government to cease immediately further colonization of Cyprus and to withdraw all illegal colonists, transplanted with a view to changing the demographic nature of the Island; (5) condemning the new secessionist movement of the so-called "Federated State of Northern Cyprus"; and (6) calling upon the Government of Canada to cease further negotiations with the Turkish Government on the sale of a nuclear reactor, until the latter complies with the U.N. resolutions on Cyprus and shows a respect for international law.
4. *Ms. Bryden*—Resolution—That in the opinion of this House, recognizing that part-time workers in both the public and private sector are discriminated against by the denial of many benefits and rights provided to other workers in the same establishment, a Charter of Rights for Part-Time Workers be added to both the Employment Standards Act and the Labour Relations Act

to provide pro rata benefits and collective bargaining rights to such workers and that they be made eligible for severance pay and retraining and readjustment programs provided for other workers displaced by technological change in the same establishment.

5. *Mr. Epp*—Resolution—That this House authorizes that a Proclamation be issued by the Governor General under the Great Seal of Canada amending Section 7 of the Canadian Charter of Rights and Freedoms to read as follows:

7. Everyone has the right to life, liberty, security of the person and enjoyment of property and the right not be deprived thereof except in accordance with the principles of fundamental justice,

and urges that the Senate and House of Commons and the Legislative Assemblies of the other provinces do likewise.

7. *Mr. Foulds*—Resolution—That in the opinion of this House, the Federal Conservative government has, by eliminating full inflation protection for Canadian pensioners, imposed unfair hardships on those least able to protect themselves; and therefore, this House condemns as arbitrary and ill-conceived the budget of Michael Wilson which takes money out of the pockets of pensioners while providing more tax giveaways to the wealthy; strongly calls upon the Government of Canada to abandon its intention to de-index pensions and urges the Government of Ontario to make the strongest possible representation to the Government of Canada to re-affirm the Federal Conservative government's election promise to protect Canadian pensioners.

8. *Mr. Morin-Strom*—Resolution—That in the opinion of this House, the Federal Conservative government has favoured business and the rich at the expense of the economically disadvantaged, particularly pensioners, and considering Finance Minister Michael Wilson statement that Canada has "an acute shortage of rich people," this House condemns the federal budget of Michael Wilson that focuses on more tax breaks for the wealthy rather than providing decent pensions for elderly and more employment opportunities for the unemployed poor, and that the Canadian government should recognize that our problem is too many poor people, not too few rich people.

9. *Mr. Ramsay*—Resolution—That in the opinion of this House, the Minister of Agriculture and Food should introduce legislation to:

- (1) establish a debt review agency to referee financial disputes between farmers and banks or other lending institutions and that not less than 50% of the members of the agency should be farmers and that the agency would deal with short-term debts other than mortgages and would be empowered to make binding decisions subject only to appeal to the judge of the local court;
- (2) provide a moratorium on all farm bankruptcies and foreclosures of mortgages on farm lands and buildings except where an exemption is approved by a judge and on application by a mortgagee (lendor) the

judge may grant leave for foreclosure or commencement of bankruptcy proceedings or, alternatively, may postpone any forfeiture for such time and subject to such conditions as he thinks fit.

10. *Mr. Wildman*—Resolution—That in the opinion of this House, recognizing that small municipalities do not have the financial base necessary to purchase modern, effective and reliable fire protection equipment, the Government should provide direct financial assistance to small municipalities for the purchase of fire protection equipment.
 11. *Mr. Wildman*—Resolution—That in the opinion of this House, recognizing that the much greater distance to be covered by police officers in carrying out their duties in certain northern municipalities results in the need for those municipalities to maintain larger police forces per capita to maintain an adequate police service, the Government should amend the *Ontario Unconditional Grants Act* to provide larger grants for policing to those northern municipalities.
 12. *Mr. Reycraft*—Resolution—That in the opinion of this House, in witnessing the financial crisis currently being experienced by family farm operators in our rural agricultural regions, the Government of Ontario should recognize the need to encourage various long-term strategies such as the development of new commercial and industrial ventures in rural areas as alternatives and supplements to traditional farm family incomes; such initiatives will help to maintain and preserve the social fabric of our rural communities.
 13. *Mr. Partington*—Resolution—That in the opinion of this House, recognizing the growing difficulties experienced by Ontario wine producers due to falling market shares and unfair trading actions by foreign governments, the Government of Ontario should accept and implement the proposals of the Wine Council of Ontario regarding a revised pricing structure for wines sold in Ontario as contained within their document, the Niagara Accord. Specifically, the Government should: reduce the non-discriminatory reference price by 7 per cent; reduce mark-up rates; reduce the Special Winery Retail Store tax to 1 per cent; impose a flat tax rate of \$12.00 per case of 12 - 750 ml. bottles to be added after mark-up changes; review the flat tax rate annually.
 14. *Mr. Treleaven*—Resolution—That in the opinion of this House, recognizing the link between good transportation networks and industrial development, the Ministry of Transportation and Communications fulfill its original commitment, as stated in this House on June 20, 1983 by the then Minister of Transportation and Communications, the Honourable James Snow, to complete Highway 403 west to Highway 401 at Woodstock by the Fall of 1986.

GOVERNMENT MOTIONS

9. *Mr. Nixon*—Resolution—That the Treasurer of Ontario be authorized to pay the salaries of the civil servants and other necessary payments pending the voting of Supply for the period commencing November 1, 1985 and ending December 31, 1985, such payments to be charged to the proper appropriation following the voting of Supply.
 10. *Mr. Nixon*—Resolution—That this House approves in general the Budgetary Policy of the Government.
-

PRIVATE MEMBERS' MOTIONS

1. *Mr. Johnston* (Scarborough West)—Resolution—That in the opinion of this House, the Province of Ontario, Canada, should declare itself a Nuclear Arms Free Zone, and the Government should prohibit the deployment of nuclear weapons in Ontario, the testing of nuclear weapons and associated equipment in the Province, the construction of nuclear weapons and associated equipment, the transport of nuclear weapons and associated equipment through and within the Province, and the export of goods and materials for use in the construction and deployment of nuclear arms. In addition, the Province should encourage cities, provinces and states throughout the world to initiate similar action.
2. *Mr. Foulds*—Resolution—That in the opinion of this House, recognizing that access to health care treatment and facilities should be a right and not a privilege, and should not be subject to geographic or economic barriers, the Government of Ontario should incorporate as a fully-insured service under OHIP the cost of medically necessary travel, as determined by a qualified physician, in excess of 200 miles; and further that the Government should begin by instituting such coverage for residents of Northern Ontario (that is for those living in the Territorial Districts north of the French River) within six months of the passage of this resolution and that coverage for the rest of the province be phased in over a four-year period; and further that in the case of a child needing such medically necessary travel, the Government give consideration to covering the costs of travel for one parent or guardian of such a child.
3. *Mr. Warner*—Resolution—That in the opinion of this House, considering the continuing Turkish occupation of Cyprus and the unknown fate of 2,000 missing Cypriots, the Government of Ontario should express concern about the continuing illegal Turkish colonization of Cyprus, and the latest secessionist movement of the Denktash regime, by: (1) urging the Government of Canada to support measures for the implementation of the U.N. resolutions on Cyprus; (2) calling upon the Turkish Government to provide immediate information on the missing Cypriots which according to indisputable evidence are held by Turkish authorities contrary to international law; (3) calling upon the Turkish Government to respect the human rights provision of the Helsinki accord, especially in regards to Cyprus; (4) calling upon the Turkish Government to cease immediately further colonization of Cyprus and to withdraw all illegal colonists, transplanted with a view to changing the demographic nature of the Island; (5) condemning the new secessionist movement of the so-called "Federated State of Northern Cyprus"; and (6) calling upon the Government of Canada to cease further negotiations with the Turkish Government on the sale of a nuclear reactor, until the latter complies with the U.N. resolutions on Cyprus and shows a respect for international law.
4. *Ms. Bryden*—Resolution—That in the opinion of this House, recognizing that part-time workers in both the public and private sector are discriminated against by the denial of many benefits and rights provided to other workers in the same establishment, a Charter of Rights for Part-Time Workers be added to both the Employment Standards Act and the Labour Relations Act

to provide pro rata benefits and collective bargaining rights to such workers and that they be made eligible for severance pay and retraining and readjustment programs provided for other workers displaced by technological change in the same establishment.

5. *Mr. Epp*—Resolution—That this House authorizes that a Proclamation be issued by the Governor General under the Great Seal of Canada amending Section 7 of the Canadian Charter of Rights and Freedoms to read as follows:

7. Everyone has the right to life, liberty, security of the person and enjoyment of property and the right not be deprived thereof except in accordance with the principles of fundamental justice,

and urges that the Senate and House of Commons and the Legislative Assemblies of the other provinces do likewise.

7. *Mr. Foulds*—Resolution—That in the opinion of this House, the Federal Conservative government has, by eliminating full inflation protection for Canadian pensioners, imposed unfair hardships on those least able to protect themselves; and therefore, this House condemns as arbitrary and ill-conceived the budget of Michael Wilson which takes money out of the pockets of pensioners while providing more tax giveaways to the wealthy; strongly calls upon the Government of Canada to abandon its intention to de-index pensions and urges the Government of Ontario to make the strongest possible representation to the Government of Canada to re-affirm the Federal Conservative government's election promise to protect Canadian pensioners.
8. *Mr. Morin-Strom*—Resolution—That in the opinion of this House, the Federal Conservative government has favoured business and the rich at the expense of the economically disadvantaged, particularly pensioners, and considering Finance Minister Michael Wilson statement that Canada has "an acute shortage of rich people," this House condemns the federal budget of Michael Wilson that focuses on more tax breaks for the wealthy rather than providing decent pensions for elderly and more employment opportunities for the unemployed poor, and that the Canadian government should recognize that our problem is too many poor people, not too few rich people.
9. *Mr. Ramsay*—Resolution—That in the opinion of this House, the Minister of Agriculture and Food should introduce legislation to:
 - (1) establish a debt review agency to referee financial disputes between farmers and banks or other lending institutions and that not less than 50% of the members of the agency should be farmers and that the agency would deal with short-term debts other than mortgages and would be empowered to make binding decisions subject only to appeal to the judge of the local court;
 - (2) provide a moratorium on all farm bankruptcies and foreclosures of mortgages on farm lands and buildings except where an exemption is approved by a judge and on application by a mortgagee (lendor) the

judge may grant leave for foreclosure or commencement of bankruptcy proceedings or, alternatively, may postpone any forfeiture for such time and subject to such conditions as he thinks fit.

10. *Mr. Wildman*—Resolution—That in the opinion of this House, recognizing that small municipalities do not have the financial base necessary to purchase modern, effective and reliable fire protection equipment, the Government should provide direct financial assistance to small municipalities for the purchase of fire protection equipment.
 11. *Mr. Wildman*—Resolution—That in the opinion of this House, recognizing that the much greater distance to be covered by police officers in carrying out their duties in certain northern municipalities results in the need for those municipalities to maintain larger police forces per capita to maintain an adequate police service, the Government should amend the *Ontario Unconditional Grants Act* to provide larger grants for policing to those northern municipalities.
 12. *Mr. Reycraft*—Resolution—That in the opinion of this House, in witnessing the financial crisis currently being experienced by family farm operators in our rural agricultural regions, the Government of Ontario should recognize the need to encourage various long-term strategies such as the development of new commercial and industrial ventures in rural areas as alternatives and supplements to traditional farm family incomes; such initiatives will help to maintain and preserve the social fabric of our rural communities.
 13. *Mr. Partington*—Resolution—That in the opinion of this House, recognizing the growing difficulties experienced by Ontario wine producers due to falling market shares and unfair trading actions by foreign governments, the Government of Ontario should accept and implement the proposals of the Wine Council of Ontario regarding a revised pricing structure for wines sold in Ontario as contained within their document, the Niagara Accord. Specifically, the Government should: reduce the non-discriminatory reference price by 7 per cent; reduce mark-up rates; reduce the Special Winery Retail Store tax to 1 per cent; impose a flat tax rate of \$12.00 per case of 12 - 750 ml. bottles to be added after mark-up changes; review the flat tax rate annually.
 14. *Mr. Treleaven*—Resolution—That in the opinion of this House, recognizing the link between good transportation networks and industrial development, the Ministry of Transportation and Communications fulfill its original commitment, as stated in this House on June 20, 1983 by the then Minister of Transportation and Communications, the Honourable James Snow, to complete Highway 403 west to Highway 401 at Woodstock by the Fall of 1986.

MOTIONS RELATING TO THE PROVISIONS OF THE REPORT UPON THE REDISTRIBUTION OF ONTARIO INTO ELECTORAL DISTRICTS

1 to 36. *Debated July 5, October 17, 1985.*

37. *Mr. Knight*—Motion—That, pursuant to the Order of the House of November 30, 1984, consideration be given by the House to an objection to the provisions of the Report of the Ontario Electoral Boundaries Commission respecting the Electoral District of Halton-Burlington on the grounds set forth hereinafter:

1. The Commission failed to give adequate attention and consideration to geographical, political and demographic factors when planning the redistribution of electoral boundaries within the Province, factors which are specifically provided for by Paragraph 6, subsections (a) through (h) in the June 16, 1983, Resolution of the Legislative Assembly that established the Commission.
2. The Commission failed to give due consideration to the existing and traditional boundaries of Electoral Districts as specified in Paragraph 6, subsection (g), of the June 16, 1983, Resolution of the Legislative Assembly by dividing the Halton-Burlington Riding east and west instead of the traditional north and south.
3. The Commission has ignored the traditional community of interest between Milton and Halton Hills, a community of interest which does not exist to the same degree between Milton and Burlington.
4. The Commission has ignored the fact that within the Region of Halton most agencies consider the North Halton area as a distinct community from the south and have structured most agencies in a manner to reflect this reality.
5. The Commission failed to give and pay proper attention to the physical, family, economic and community of interest factors.
6. And such other objections that the undersigned Members may consider applicable in order to carry out the spirit and terms and conditions of the redistribution of Ontario Electoral Districts.

 Chris Ward (Wentworth North)

38. *Mrs. Marland*—Motion—That, pursuant to the Order of the House of November 30, 1984, consideration be given by the House to an objection to the provisions of the Report of the Ontario Electoral Boundaries Commission respecting the Electoral District of Mississauga South on the grounds set forth hereinafter:

1. The Commission failed to give adequate attention and consideration to geographical, political and demographic factors when planning the redistribution of electoral boundaries within the Province, factors which are specifically provided for by Paragraph 6, subsections (a) through (h) in the June 16, 1983, Resolution of the Legislative Assembly that established the Commission.
2. The Commission failed to give adequate attention and consideration to the community or diversity of interests as specified in Paragraph 6, subsection (a) of the June 16, 1983, Resolution of the Legislative Assembly by amalgamating a distinct and separate community, Lawton Heights, east of Cawthra Road, north of the Queen Elizabeth Highway, with traditional organized neighbourhoods represented by homeowners and/or residents' associations contained in the existing Riding of Mississauga South.

In so doing, the Commission ignored the question of unity and community of interest thereby rendering more difficult adequate representation of the people in Parliament.

3. The Commission failed to give due consideration to the topographical features as specified in Paragraph 6, subsection (b) of the June 16, 1983, Resolution of the Legislative Assembly by discounting the influence of existing major roadways, Highway No. 10 on the west and the Queen Elizabeth Highway on the south, which have tended to serve as natural geographic barriers between communities of people.
4. The Commission failed to give due consideration to the existing boundaries of municipalities or wards thereof as specified in Paragraph 6, subsection (f) of the June 16, 1983, Resolution of the Legislative Assembly by discounting the influence of existing traditional municipal wards boundaries which serve to separate and distinguish neighbourhood organizations. By amalgamating a portion of Ward 7 with Ward 1 it appears that the Commission failed to give due consideration to the demands placed on the Member of the Provincial Parliament for the Riding in question, thereby rendering more difficult adequate representation of the people in Parliament.
5. The Commission failed to give due consideration to the existing and traditional boundaries of electoral districts as specified in Paragraph 6, subsection (g) of the June 16, 1983, Resolution of the Legislative Assembly by extending the northern boundary of the Riding to Dundas Street, despite the fact that the current northern boundary, Queen Elizabeth Highway represents a natural extension in comparison to existing ward boundaries, and preserves the physical, social and economic cohesion of the present electoral district.

6. The Commission failed to give due consideration to special geographic considerations, including the accessibility of such regions or the size or shape thereof as specified in Paragraph 6, subsection (h) of the June 16, 1983, Resolution of the Legislative Assembly by increasing the size of the riding in north-south terms and adding a community at the north end separated from the rest of the riding by the Queen Elizabeth Highway.

At the same time, the Commission failed to facilitate the need for ease of transportation and communication, thereby rendering more difficult adequate representation of the people in Parliament.

7. And such other objections that the undersigned Members may consider applicable in order to carry out the spirit and terms and conditions of the redistribution of Ontario Electoral Districts.

8. *Mr. Morin-Strom*—Resolution—That in the opinion of this House, the Federal Conservative government has favoured business and the rich at the expense of the economically disadvantaged, particularly pensioners, and considering Finance Minister Michael Wilson statement that Canada has "an acute shortage of rich people," this House condemns the federal budget of Michael Wilson that focuses on more tax breaks for the wealthy rather than providing decent pensions for elderly and more employment opportunities for the unemployed poor, and that the Canadian government should recognize that our problem is too many poor people, not too few rich people.

9. *Mr. Ramsay*—Resolution—That in the opinion of this House, the Minister of Agriculture and Food should introduce legislation to:

- (1) establish a debt review agency to referee financial disputes between farmers and banks or other lending institutions and that not less than 50% of the members of the agency should be farmers and that the agency would deal with short-term debts other than mortgages and would be empowered to make binding decisions subject only to appeal to the judge of the local court;

- (2) provide a moratorium on all farm bankruptcies and foreclosures of mortgages on farm lands and buildings except where an exemption is approved by a judge and on application by a mortgagee (lender) the

judge may grant leave for foreclosure or commencement of bankruptcy proceedings or, alternatively, may postpone any forfeiture for such time and subject to such conditions as he thinks fit.

10. *Mr. Wildman*—Resolution—That in the opinion of this House, recognizing that small municipalities do not have the financial base necessary to purchase modern, effective and reliable fire protection equipment, the Government should provide direct financial assistance to small municipalities for the purchase of fire protection equipment.
 11. *Mr. Wildman*—Resolution—That in the opinion of this House, recognizing that the much greater distance to be covered by police officers in carrying out their duties in certain northern municipalities results in the need for those municipalities to maintain larger police forces per capita to maintain an adequate police service, the Government should amend the *Ontario Unconditional Grants Act* to provide larger grants for policing to those northern municipalities.
 12. *Mr. Reycraft*—Resolution—That in the opinion of this House, in witnessing the financial crisis currently being experienced by family farm operators in our rural agricultural regions, the Government of Ontario should recognize the need to encourage various long-term strategies such as the development of new commercial and industrial ventures in rural areas as alternatives and supplements to traditional farm family incomes; such initiatives will help to maintain and preserve the social fabric of our rural communities.
 13. *Mr. Partington*—Resolution—That in the opinion of this House, recognizing the growing difficulties experienced by Ontario wine producers due to falling market shares and unfair trading actions by foreign governments, the Government of Ontario should accept and implement the proposals of the Wine Council of Ontario regarding a revised pricing structure for wines sold in Ontario as contained within their document, the Niagara Accord. Specifically, the Government should: reduce the non-discriminatory reference price by 7 per cent; reduce mark-up rates; reduce the Special Winery Retail Store tax to 1 per cent; impose a flat tax rate of \$12.00 per case of 12 - 750 ml. bottles to be added after mark-up changes; review the flat tax rate annually.
 14. *Mr. Treleaven*—Resolution—That in the opinion of this House, recognizing the link between good transportation networks and industrial development, the Ministry of Transportation and Communications fulfill its original commitment, as stated in this House on June 20, 1983 by the then Minister of Transportation and Communications, the Honourable James Snow, to complete Highway 403 west to Highway 401 at Woodstock by the Fall of 1986.

MOTIONS RELATING TO THE PROVISIONS OF THE REPORT UPON THE REDISTRIBUTION OF ONTARIO INTO ELECTORAL DISTRICTS

1 to 36. *Debated July 5, October 15, 17, 1985.*

37. *Mr. Knight*—Motion—That, pursuant to the Order of the House of November 30, 1984, consideration be given by the House to an objection to the provisions of the Report of the Ontario Electoral Boundaries Commission respecting the Electoral District of Halton-Burlington on the grounds set forth hereinafter:

1. The Commission failed to give adequate attention and consideration to geographical, political and demographic factors when planning the redistribution of electoral boundaries within the Province, factors which are specifically provided for by Paragraph 6, subsections (a) through (h) in the June 16, 1983, Resolution of the Legislative Assembly that established the Commission.
2. The Commission failed to give due consideration to the existing and traditional boundaries of Electoral Districts as specified in Paragraph 6, subsection (g), of the June 16, 1983, Resolution of the Legislative Assembly by dividing the Halton-Burlington Riding east and west instead of the traditional north and south.
3. The Commission has ignored the traditional community of interest between Milton and Halton Hills, a community of interest which does not exist to the same degree between Milton and Burlington.
4. The Commission has ignored the fact that within the Region of Halton most agencies consider the North Halton area as a distinct community from the south and have structured most agencies in a manner to reflect this reality.
5. The Commission failed to give and pay proper attention to the physical, family, economic and community of interest factors.
6. And such other objections that the undersigned Members may consider applicable in order to carry out the spirit and terms and conditions of the redistribution of Ontario Electoral Districts.

Signatures of Members supporting this Motion:

Joseph Cordiano (Downsview)
 Rick Ferraro (Wellington South)
 James Henderson (Humber)
 Remo Mancini (Essex South)
 Steve Offer (Mississauga North)
 Claudio Polsinelli (Yorkview)
 Douglas R. Reycraft (Middlesex)
 David W. Smith (Lambton)

 Chris Ward (Wentworth North)

38. *Mrs. Marland*—Motion—That, pursuant to the Order of the House of November 30, 1984, consideration be given by the House to an objection to the provisions of the Report of the Ontario Electoral Boundaries Commission respecting the Electoral District of Mississauga South on the grounds set forth hereinafter:

1. The Commission failed to give adequate attention and consideration to geographical, political and demographic factors when planning the redistribution of electoral boundaries within the Province, factors which are specifically provided for by Paragraph 6, subsections (a) through (h) in the June 16, 1983, Resolution of the Legislative Assembly that established the Commission.
2. The Commission failed to give adequate attention and consideration to the community or diversity of interests as specified in Paragraph 6, subsection (a) of the June 16, 1983, Resolution of the Legislative Assembly by amalgamating a distinct and separate community, Lawton Heights, east of Cawthra Road, north of the Queen Elizabeth Highway, with traditional organized neighbourhoods represented by homeowners and/or residents' associations contained in the existing Riding of Mississauga South.

In so doing, the Commission ignored the question of unity and community of interest thereby rendering more difficult adequate representation of the people in Parliament.

3. The Commission failed to give due consideration to the topographical features as specified in Paragraph 6, subsection (b) of the June 16, 1983, Resolution of the Legislative Assembly by discounting the influence of existing major roadways, Highway No. 10 on the west and the Queen Elizabeth Highway on the south, which have tended to serve as natural geographic barriers between communities of people.
4. The Commission failed to give due consideration to the existing boundaries of municipalities or wards thereof as specified in Paragraph 6, subsection (f) of the June 16, 1983, Resolution of the Legislative Assembly by discounting the influence of existing traditional municipal wards boundaries which serve to separate and distinguish neighbourhood organizations. By amalgamating a portion of Ward 7 with Ward 1 it appears that the Commission failed to give due consideration to the demands placed on the Member of the Provincial Parliament for the Riding in question, thereby rendering more difficult adequate representation of the people in Parliament.
5. The Commission failed to give due consideration to the existing and traditional boundaries of electoral districts as specified in Paragraph 6, subsection (g) of the June 16, 1983, Resolution of the Legislative Assembly by extending the northern boundary of the Riding to Dundas Street, despite the fact that the current northern boundary, Queen Elizabeth Highway represents a natural extension in comparison to existing ward boundaries, and preserves the physical, social and economic cohesion of the present electoral district.

6. The Commission failed to give due consideration to special geographic considerations, including the accessibility of such regions or the size or shape thereof as specified in Paragraph 6, subsection (h) of the June 16, 1983, Resolution of the Legislative Assembly by increasing the size of the riding in north-south terms and adding a community at the north end separated from the rest of the riding by the Queen Elizabeth Highway.

At the same time, the Commission failed to facilitate the need for ease of transportation and communication, thereby rendering more difficult adequate representation of the people in Parliament.

7. And such other objections that the undersigned Members may consider applicable in order to carry out the spirit and terms and conditions of the redistribution of Ontario Electoral Districts.

39. *Mr. Cordiano*—Motion—That, pursuant to the Order of the House of November 30, 1984, consideration be given by the House to an objection to the provisions of the Report of the Ontario Electoral Boundaries Commission respecting the Electoral District of Downsview on the grounds set forth hereinafter:

1. The Commission failed to give adequate attention and consideration to geographical, political and demographic factors when planning the redistribution of electoral boundaries within the Province, factors which are specifically provided for by Paragraph 6, subsections (a) through (h) in the June 16, 1983, Resolution of the Legislative Assembly that established the Commission.
2. The Commission did not give adequate consideration to all the representations made to the Commission during the course of the Public Hearings.
3. The Commission failed to give adequate consideration to the existing boundaries of the riding, the placed too much emphasis to population Quotas in determining boundaries for the Proposed Electoral District of Downsview.
4. The Commission failed to give adequate consideration to the cultural links uniting the people North of Highway 401 and South of Sheppard

Avenue (between Jane Street on the west and the Allen Expressway on the east) with the people South of Highway 401 and North of the North York city limit (between Jane Street on the west and C.N. railway lines on the east).

5. And such other objections that the undersigned Members may consider applicable in order to carry out the spirit and terms and conditions of the redistribution of Ontario Electoral Districts.

NOTICES

GOVERNMENT MOTIONS

9. *Debated October 18, 1985.*
 10. *Mr. Nixon*—Resolution—That this House approves in general the Budgetary Policy of the Government.
-

PRIVATE MEMBERS' MOTIONS

1. *Mr. Johnston* (Scarborough West)—Resolution—That in the opinion of this House, the Province of Ontario, Canada, should declare itself a Nuclear Arms Free Zone, and the Government should prohibit the deployment of nuclear weapons in Ontario, the testing of nuclear weapons and associated equipment in the Province, the construction of nuclear weapons and associated equipment, the transport of nuclear weapons and associated equipment through and within the Province, and the export of goods and materials for use in the construction and deployment of nuclear arms. In addition, the Province should encourage cities, provinces and states throughout the world to initiate similar action.

2. *Mr. Foulds*—Resolution—That in the opinion of this House, recognizing that access to health care treatment and facilities should be a right and not a privilege, and should not be subject to geographic or economic barriers, the Government of Ontario should incorporate as a fully-insured service under OHIP the cost of medically necessary travel, as determined by a qualified physician, in excess of 200 miles; and further that the Government should begin by instituting such coverage for residents of Northern Ontario (that is for those living in the Territorial Districts north of the French River) within six months of the passage of this resolution and that coverage for the rest of the province be phased in over a four-year period; and further that in the case of a child needing such medically necessary travel, the Government give consideration to covering the costs of travel for one parent or guardian of such a child.

3. *Mr. Warner*—Resolution—That in the opinion of this House, considering the continuing Turkish occupation of Cyprus and the unknown fate of 2,000 missing Cypriots, the Government of Ontario should express concern about the continuing illegal Turkish colonization of Cyprus, and the latest secessionist movement of the Denktash regime, by: (1) urging the Government of Canada to support measures for the implementation of the U.N. resolutions on Cyprus; (2) calling upon the Turkish Government to provide immediate information on the missing Cypriots which according to indisputable evidence are held by Turkish authorities contrary to international law; (3) calling upon the Turkish Government to respect the human rights provision of the Helsinki accord, especially in regards to Cyprus; (4) calling upon the Turkish Government to cease immediately further colonization of Cyprus and to withdraw all illegal colonists, transplanted with a view to changing the demographic nature of the Island; (5) condemning the new secessionist movement of the so-called "Federated State of Northern Cyprus"; and (6) calling upon the Government of Canada to cease further negotiations with the Turkish Government on the sale of a nuclear reactor, until the latter complies with the U.N. resolutions on Cyprus and shows a respect for international law.

4. *Ms. Bryden*—Resolution—That in the opinion of this House, recognizing that part-time workers in both the public and private sector are discriminated against by the denial of many benefits and rights provided to other workers in the same establishment, a Charter of Rights for Part-Time Workers be added to both the Employment Standards Act and the Labour Relations Act

to provide pro rata benefits and collective bargaining rights to such workers and that they be made eligible for severance pay and retraining and readjustment programs provided for other workers displaced by technological change in the same establishment.

5. *Mr. Epp*—Resolution—That this House authorizes that a Proclamation be issued by the Governor General under the Great Seal of Canada amending Section 7 of the Canadian Charter of Rights and Freedoms to read as follows:

7. Everyone has the right to life, liberty, security of the person and enjoyment of property and the right not be deprived thereof except in accordance with the principles of fundamental justice,

and urges that the Senate and House of Commons and the Legislative Assemblies of the other provinces do likewise.

7. *Mr. Foulds*—Resolution—That in the opinion of this House, the Federal Conservative government has, by eliminating full inflation protection for Canadian pensioners, imposed unfair hardships on those least able to protect themselves; and therefore, this House condemns as arbitrary and ill-conceived the budget of Michael Wilson which takes money out of the pockets of pensioners while providing more tax giveaways to the wealthy; strongly calls upon the Government of Canada to abandon its intention to de-index pensions and urges the Government of Ontario to make the strongest possible representation to the Government of Canada to re-affirm the Federal Conservative government's election promise to protect Canadian pensioners.

8. *Mr. Morin-Strom*—Resolution—That in the opinion of this House, the Federal Conservative government has favoured business and the rich at the expense of the economically disadvantaged, particularly pensioners, and considering Finance Minister Michael Wilson statement that Canada has "an acute shortage of rich people," this House condemns the federal budget of Michael Wilson that focuses on more tax breaks for the wealthy rather than providing decent pensions for elderly and more employment opportunities for the unemployed poor, and that the Canadian government should recognize that our problem is too many poor people, not too few rich people.

9. *Mr. Ramsay*—Resolution—That in the opinion of this House, the Minister of Agriculture and Food should introduce legislation to:

- (1) establish a debt review agency to referee financial disputes between farmers and banks or other lending institutions and that not less than 50% of the members of the agency should be farmers and that the agency would deal with short-term debts other than mortgages and would be empowered to make binding decisions subject only to appeal to the judge of the local court;
- (2) provide a moratorium on all farm bankruptcies and foreclosures of mortgages on farm lands and buildings except where an exemption is approved by a judge and on application by a mortgagee (lender) the

judge may grant leave for foreclosure or commencement of bankruptcy proceedings or, alternatively, may postpone any forfeiture for such time and subject to such conditions as he thinks fit.

10. *Mr. Wildman*—Resolution—That in the opinion of this House, recognizing that small municipalities do not have the financial base necessary to purchase modern, effective and reliable fire protection equipment, the Government should provide direct financial assistance to small municipalities for the purchase of fire protection equipment.
11. *Mr. Wildman*—Resolution—That in the opinion of this House, recognizing that the much greater distance to be covered by police officers in carrying out their duties in certain northern municipalities results in the need for those municipalities to maintain larger police forces per capita to maintain an adequate police service, the Government should amend the *Ontario Unconditional Grants Act* to provide larger grants for policing to those northern municipalities.
12. *Mr. Reycraft*—Resolution—That in the opinion of this House, in witnessing the financial crisis currently being experienced by family farm operators in our rural agricultural regions, the Government of Ontario should recognize the need to encourage various long-term strategies such as the development of new commercial and industrial ventures in rural areas as alternatives and supplements to traditional farm family incomes; such initiatives will help to maintain and preserve the social fabric of our rural communities.
13. *Mr. Partington*—Resolution—That in the opinion of this House, recognizing the growing difficulties experienced by Ontario wine producers due to falling market shares and unfair trading actions by foreign governments, the Government of Ontario should accept and implement the proposals of the Wine Council of Ontario regarding a revised pricing structure for wines sold in Ontario as contained within their document, the Niagara Accord. Specifically, the Government should: reduce the non-discriminatory reference price by 7 per cent; reduce mark-up rates; reduce the Special Winery Retail Store tax to 1 per cent; impose a flat tax rate of \$12.00 per case of 12 - 750 ml. bottles to be added after mark-up changes; review the flat tax rate annually.
14. *Mr. Treleaven*—Resolution—That in the opinion of this House, recognizing the link between good transportation networks and industrial development, the Ministry of Transportation and Communications fulfill its original commitment, as stated in this House on June 20, 1983 by the then Minister of Transportation and Communications, the Honourable James Snow, to complete Highway 403 west to Highway 401 at Woodstock by the Fall of 1986.
15. *Mr. McCague*—Resolution—That this House recognizes the improved safety resulting from eye-level brake indicators on automobiles, and strongly encourages the Minister of Transportation and Communications to take appropriate measures: encourage the seeking of mandating of their installation on all new vehicles manufactured for sale in Ontario; to encourage citizens of Ontario to retrofit their vehicles.

16. *Mr. Wildman*—Resolution—That this House should request the Ontario government to amend this province's mining tax system to ensure sufficient revenues accrue to the provincial treasury from the mining companies to enable the government to allocate a reserve fund, as part of a "Northern Ontario Tomorrow Fund", to be distributed as grants, loans and guarantees for individuals, community groups, co-operatives and small businesses and temporary extraordinary grants to municipalities to assist in the economic recovery from the adverse effects of mine shutdowns.

MOTIONS RELATING TO THE PROVISIONS OF THE REPORT UPON THE REDISTRIBUTION OF ONTARIO INTO ELECTORAL DISTRICTS

1 to 36. *Debated July 5, October 15, 17, 1985.*

37. *Mr. Knight*—Motion—That, pursuant to the Order of the House of November 30, 1984, consideration be given by the House to an objection to the provisions of the Report of the Ontario Electoral Boundaries Commission respecting the Electoral District of Halton-Burlington on the grounds set forth hereinafter:

1. The Commission failed to give adequate attention and consideration to geographical, political and demographic factors when planning the redistribution of electoral boundaries within the Province, factors which are specifically provided for by Paragraph 6, subsections (a) through (h) in the June 16, 1983, Resolution of the Legislative Assembly that established the Commission.
2. The Commission failed to give due consideration to the existing and traditional boundaries of Electoral Districts as specified in Paragraph 6, subsection (g), of the June 16, 1983, Resolution of the Legislative Assembly by dividing the Halton-Burlington Riding east and west instead of the traditional north and south.
3. The Commission has ignored the traditional community of interest between Milton and Halton Hills, a community of interest which does not exist to the same degree between Milton and Burlington.
4. The Commission has ignored the fact that within the Region of Halton most agencies consider the North Halton area as a distinct community from the south and have structured most agencies in a manner to reflect this reality.
5. The Commission failed to give and pay proper attention to the physical, family, economic and community of interest factors.
6. And such other objections that the undersigned Members may consider applicable in order to carry out the spirit and terms and conditions of the redistribution of Ontario Electoral Districts.

38. *Mrs. Marland*—Motion—That, pursuant to the Order of the House of November 30, 1984, consideration be given by the House to an objection to the provisions of the Report of the Ontario Electoral Boundaries Commission respecting the Electoral District of Mississauga South on the grounds set forth hereinafter:

1. The Commission failed to give adequate attention and consideration to geographical, political and demographic factors when planning the redistribution of electoral boundaries within the Province, factors which are specifically provided for by Paragraph 6, subsections (a) through (h) in the June 16, 1983, Resolution of the Legislative Assembly that established the Commission.
2. The Commission failed to give adequate attention and consideration to the community or diversity of interests as specified in Paragraph 6, subsection (a) of the June 16, 1983, Resolution of the Legislative Assembly by amalgamating a distinct and separate community, Lawton Heights, east of Cawthra Road, north of the Queen Elizabeth Highway, with traditional organized neighbourhoods represented by homeowners and/or residents' associations contained in the existing Riding of Mississauga South.

In so doing, the Commission ignored the question of unity and community of interest thereby rendering more difficult adequate representation of the people in Parliament.

3. The Commission failed to give due consideration to the topographical features as specified in Paragraph 6, subsection (b) of the June 16, 1983, Resolution of the Legislative Assembly by discounting the influence of existing major roadways, Highway No. 10 on the west and the Queen Elizabeth Highway on the south, which have tended to serve as natural geographic barriers between communities of people.
4. The Commission failed to give due consideration to the existing boundaries of municipalities or wards thereof as specified in Paragraph 6, subsection (f) of the June 16, 1983, Resolution of the Legislative Assembly by discounting the influence of existing traditional municipal wards boundaries which serve to separate and distinguish neighbourhood organizations. By amalgamating a portion of Ward 7 with Ward 1 it appears that the Commission failed to give due consideration to the demands placed on the Member of the Provincial Parliament for the Riding in question, thereby rendering more difficult adequate representation of the people in Parliament.
5. The Commission failed to give due consideration to the existing and traditional boundaries of electoral districts as specified in Paragraph 6, subsection (g) of the June 16, 1983, Resolution of the Legislative Assembly by extending the northern boundary of the Riding to Dundas Street, despite the fact that the current northern boundary, Queen Elizabeth Highway represents a natural extension in comparison to existing ward boundaries, and preserves the physical, social and economic cohesion of the present electoral district.

6. The Commission failed to give due consideration to special geographic considerations, including the accessibility of such regions or the size or shape thereof as specified in Paragraph 6, subsection (h) of the June 16, 1983, Resolution of the Legislative Assembly by increasing the size of the riding in north-south terms and adding a community at the north end separated from the rest of the riding by the Queen Elizabeth Highway.

At the same time, the Commission failed to facilitate the need for ease of transportation and communication, thereby rendering more difficult adequate representation of the people in Parliament.

7. And such other objections that the undersigned Members may consider applicable in order to carry out the spirit and terms and conditions of the redistribution of Ontario Electoral Districts.

39. *Mr. Cordiano*—Motion—That, pursuant to the Order of the House of November 30, 1984, consideration be given by the House to an objection to the provisions of the Report of the Ontario Electoral Boundaries Commission respecting the Electoral District of Downsview on the grounds set forth hereinafter:

1. The Commission failed to give adequate attention and consideration to geographical, political and demographic factors when planning the redistribution of electoral boundaries within the Province, factors which are specifically provided for by Paragraph 6, subsections (a) through (h) in the June 16, 1983, Resolution of the Legislative Assembly that established the Commission.
2. The Commission did not give adequate consideration to all the representations made to the Commission during the course of the Public Hearings.
3. The Commission failed to give adequate consideration to the existing boundaries of the riding, and placed too much emphasis on population Quotas in determining boundaries for the Proposed Electoral District of Downsview.
4. The Commission failed to give adequate consideration to the cultural links uniting the people North of Highway 401 and South of Sheppard

Avenue (between Jane Street on the west and the Allen Expressway on the east) with the people South of Highway 401 and North of the North York city limit (between Jane Street on the west and C.N. railway lines on the east).

5. And such other objections that the undersigned Members may consider applicable in order to carry out the spirit and terms and conditions of the redistribution of Ontario Electoral Districts.

PRIVATE MEMBERS' BUSINESS TO BE DEBATED

(Precedence in accordance with the draw of July 11, 1985 and pursuant to Standing Order 64 (d).)

Ballot Item No. 1

Mr. Reycraft—Resolution—That in the opinion of this House, in witnessing the financial crisis currently being experienced by family farm operators in our rural agricultural regions, the Government of Ontario should recognize the need to encourage various long-term strategies such as the development of new commercial and industrial ventures in rural areas as alternatives and supplements to traditional farm family incomes; such initiatives will help to maintain and preserve the social fabric of our rural communities. *To be debated Thursday, October 31, 1985.*

Ballot Item No. 2

Mr. Partington—Resolution—That in the opinion of this House, recognizing the growing difficulties experienced by Ontario wine producers due to falling market shares and unfair trading actions by foreign governments, the Government of Ontario should accept and implement the proposals of the Wine Council of Ontario regarding a revised pricing structure for wines sold in Ontario as contained within their document, the Niagara Accord. Specifically, the Government should: reduce the non-discriminatory reference price by 7 per cent; reduce mark-up rates; reduce the Special Winery Retail Store tax to 1 per cent; impose a flat tax rate of \$12.00 per case of 12 - 750 ml. bottles to be added after mark-up changes; review the flat tax rate annually. *To be debated Thursday, October 31, 1985.*

Ballot Item No. 5

Mr. Treleaven—Resolution—That in the opinion of this House, recognizing the link between good transportation networks and industrial development, the Ministry of Transportation and Communications fulfill its original commitment, as stated in this House on June 20, 1983 by the then Minister of Transportation and Communications, the Honourable James Snow, to complete Highway 403 west to Highway 401 at Woodstock by the Fall of 1986. *To be debated Thursday, November 14, 1985.*

NOTICES

GOVERNMENT MOTIONS

9. *Debated October 18 and 22, 1985.*
 10. *Mr. Nixon*—Resolution—That this House approves in general the Budgetary Policy of the Government.
-

PRIVATE MEMBERS' MOTIONS

1. *Mr. Johnston* (Scarborough West)—Resolution—That in the opinion of this House, the Province of Ontario, Canada, should declare itself a Nuclear Arms Free Zone, and the Government should prohibit the deployment of nuclear weapons in Ontario, the testing of nuclear weapons and associated equipment in the Province, the construction of nuclear weapons and associated equipment, the transport of nuclear weapons and associated equipment through and within the Province, and the export of goods and materials for use in the construction and deployment of nuclear arms. In addition, the Province should encourage cities, provinces and states throughout the world to initiate similar action.
2. *Mr. Foulds*—Resolution—That in the opinion of this House, recognizing that access to health care treatment and facilities should be a right and not a privilege, and should not be subject to geographic or economic barriers, the Government of Ontario should incorporate as a fully-insured service under OHIP the cost of medically necessary travel, as determined by a qualified physician, in excess of 200 miles; and further that the Government should begin by instituting such coverage for residents of Northern Ontario (that is for those living in the Territorial Districts north of the French River) within six months of the passage of this resolution and that coverage for the rest of the province be phased in over a four-year period; and further that in the case of a child needing such medically necessary travel, the Government give consideration to covering the costs of travel for one parent or guardian of such a child.
3. *Mr. Warner*—Resolution—That in the opinion of this House, considering the continuing Turkish occupation of Cyprus and the unknown fate of 2,000 missing Cypriots, the Government of Ontario should express concern about the continuing illegal Turkish colonization of Cyprus, and the latest secessionist movement of the Denktash regime, by: (1) urging the Government of Canada to support measures for the implementation of the U.N. resolutions on Cyprus; (2) calling upon the Turkish Government to provide immediate information on the missing Cypriots which according to indisputable evidence are held by Turkish authorities contrary to international law; (3) calling upon the Turkish Government to respect the human rights provision of the Helsinki accord, especially in regards to Cyprus; (4) calling upon the Turkish Government to cease immediately further colonization of Cyprus and to withdraw all illegal colonists, transplanted with a view to changing the demographic nature of the Island; (5) condemning the new secessionist movement of the so-called "Federated State of Northern Cyprus"; and (6) calling upon the Government of Canada to cease further negotiations with the Turkish Government on the sale of a nuclear reactor, until the latter complies with the U.N. resolutions on Cyprus and shows a respect for international law.
4. *Ms. Bryden*—Resolution—That in the opinion of this House, recognizing that part-time workers in both the public and private sector are discriminated against by the denial of many benefits and rights provided to other workers in the same establishment, a Charter of Rights for Part-Time Workers be added to both the Employment Standards Act and the Labour Relations Act

to provide pro rata benefits and collective bargaining rights to such workers and that they be made eligible for severance pay and retraining and readjustment programs provided for other workers displaced by technological change in the same establishment.

5. *Mr. Epp*—Resolution—That this House authorizes that a Proclamation be issued by the Governor General under the Great Seal of Canada amending Section 7 of the Canadian Charter of Rights and Freedoms to read as follows:

7. Everyone has the right to life, liberty, security of the person and enjoyment of property and the right not be deprived thereof except in accordance with the principles of fundamental justice,

and urges that the Senate and House of Commons and the Legislative Assemblies of the other provinces do likewise.

7. *Mr. Foulds*—Resolution—That in the opinion of this House, the Federal Conservative government has, by eliminating full inflation protection for Canadian pensioners, imposed unfair hardships on those least able to protect themselves; and therefore, this House condemns as arbitrary and ill-conceived the budget of Michael Wilson which takes money out of the pockets of pensioners while providing more tax giveaways to the wealthy; strongly calls upon the Government of Canada to abandon its intention to de-index pensions and urges the Government of Ontario to make the strongest possible representation to the Government of Canada to re-affirm the Federal Conservative government's election promise to protect Canadian pensioners.

8. *Mr. Morin-Strom*—Resolution—That in the opinion of this House, the Federal Conservative government has favoured business and the rich at the expense of the economically disadvantaged, particularly pensioners, and considering Finance Minister Michael Wilson statement that Canada has "an acute shortage of rich people," this House condemns the federal budget of Michael Wilson that focuses on more tax breaks for the wealthy rather than providing decent pensions for elderly and more employment opportunities for the unemployed poor, and that the Canadian government should recognize that our problem is too many poor people, not too few rich people.

9. *Mr. Ramsay*—Resolution—That in the opinion of this House, the Minister of Agriculture and Food should introduce legislation to:

- (1) establish a debt review agency to referee financial disputes between farmers and banks or other lending institutions and that not less than 50% of the members of the agency should be farmers and that the agency would deal with short-term debts other than mortgages and would be empowered to make binding decisions subject only to appeal to the judge of the local court;
- (2) provide a moratorium on all farm bankruptcies and foreclosures of mortgages on farm lands and buildings except where an exemption is approved by a judge and on application by a mortgagee (lender) the

judge may grant leave for foreclosure or commencement of bankruptcy proceedings or, alternatively, may postpone any forfeiture for such time and subject to such conditions as he thinks fit.

10. *Mr. Wildman*—Resolution—That in the opinion of this House, recognizing that small municipalities do not have the financial base necessary to purchase modern, effective and reliable fire protection equipment, the Government should provide direct financial assistance to small municipalities for the purchase of fire protection equipment.
11. *Mr. Wildman*—Resolution—That in the opinion of this House, recognizing that the much greater distance to be covered by police officers in carrying out their duties in certain northern municipalities results in the need for those municipalities to maintain larger police forces per capita to maintain an adequate police service, the Government should amend the *Ontario Unconditional Grants Act* to provide larger grants for policing to those northern municipalities.
12. *Mr. Reycraft*—Resolution—That in the opinion of this House, in witnessing the financial crisis currently being experienced by family farm operators in our rural agricultural regions, the Government of Ontario should recognize the need to encourage various long-term strategies such as the development of new commercial and industrial ventures in rural areas as alternatives and supplements to traditional farm family incomes; such initiatives will help to maintain and preserve the social fabric of our rural communities.
13. *Mr. Partington*—Resolution—That in the opinion of this House, recognizing the growing difficulties experienced by Ontario wine producers due to falling market shares and unfair trading actions by foreign governments, the Government of Ontario should accept and implement the proposals of the Wine Council of Ontario regarding a revised pricing structure for wines sold in Ontario as contained within their document, the Niagara Accord. Specifically, the Government should: reduce the non-discriminatory reference price by 7 per cent; reduce mark-up rates; reduce the Special Winery Retail Store tax to 1 per cent; impose a flat tax rate of \$12.00 per case of 12 - 750 ml. bottles to be added after mark-up changes; review the flat tax rate annually.
14. *Mr. Treleaven*—Resolution—That in the opinion of this House, recognizing the link between good transportation networks and industrial development, the Ministry of Transportation and Communications fulfill its original commitment, as stated in this House on June 20, 1983 by the then Minister of Transportation and Communications, the Honourable James Snow, to complete Highway 403 west to Highway 401 at Woodstock by the Fall of 1986.
15. *Mr. McCague*—Resolution—That this House recognizes the improved safety resulting from eye-level brake indicators on automobiles, and strongly encourages the Minister of Transportation and Communications to take appropriate measures: encourage the seeking of mandating of their installation on all new vehicles manufactured for sale in Ontario; to encourage citizens of Ontario to retrofit their vehicles.

16. *Mr. Wildman*—Resolution—That this House should request the Ontario government to amend this province's mining tax system to ensure sufficient revenues accrue to the provincial treasury from the mining companies to enable the government to allocate a reserve fund, as part of a "Northern Ontario Tomorrow Fund", to be distributed as grants, loans and guarantees for individuals, community groups, co-operatives and small businesses and temporary extraordinary grants to municipalities to assist in the economic recovery from the adverse effects of mine shutdowns.
-

MOTIONS RELATING TO THE PROVISIONS OF THE REPORT UPON THE REDISTRIBUTION OF ONTARIO INTO ELECTORAL DISTRICTS

1 to 36. *Debated July 5, October 15, 17, 1985.*

37. *Mr. Knight*—Motion—That, pursuant to the Order of the House of November 30, 1984, consideration be given by the House to an objection to the provisions of the Report of the Ontario Electoral Boundaries Commission respecting the Electoral District of Halton-Burlington on the grounds set forth hereinafter:

1. The Commission failed to give adequate attention and consideration to geographical, political and demographic factors when planning the redistribution of electoral boundaries within the Province, factors which are specifically provided for by Paragraph 6, subsections (a) through (h) in the June 16, 1983, Resolution of the Legislative Assembly that established the Commission.
2. The Commission failed to give due consideration to the existing and traditional boundaries of Electoral Districts as specified in Paragraph 6, subsection (g), of the June 16, 1983, Resolution of the Legislative Assembly by dividing the Halton-Burlington Riding east and west instead of the traditional north and south.
3. The Commission has ignored the traditional community of interest between Milton and Halton Hills, a community of interest which does not exist to the same degree between Milton and Burlington.
4. The Commission has ignored the fact that within the Region of Halton most agencies consider the North Halton area as a distinct community from the south and have structured most agencies in a manner to reflect this reality.
5. The Commission failed to give and pay proper attention to the physical, family, economic and community of interest factors.
6. And such other objections that the undersigned Members may consider applicable in order to carry out the spirit and terms and conditions of the redistribution of Ontario Electoral Districts.

Signatures of Members supporting this Motion:

Joseph Cordiano (Downsview)
 Rick Ferraro (Wellington South)
 James Henderson (Humber)
 Remo Mancini (Essex South)
 Steve Offer (Mississauga North)
 Claudio Polsinelli (Yorkview)
 Douglas R. Reycraft (Middlesex)
 David W. Smith (Lambton)
 Laurence South (Frontenac-Addington)
 Chris Ward (Wentworth North)

38. *Mrs. Marland*—Motion—That, pursuant to the Order of the House of November 30, 1984, consideration be given by the House to an objection to the provisions of the Report of the Ontario Electoral Boundaries Commission respecting the Electoral District of Mississauga South on the grounds set forth hereinafter:

1. The Commission failed to give adequate attention and consideration to geographical, political and demographic factors when planning the redistribution of electoral boundaries within the Province, factors which are specifically provided for by Paragraph 6, subsections (a) through (h) in the June 16, 1983, Resolution of the Legislative Assembly that established the Commission.
2. The Commission failed to give adequate attention and consideration to the community or diversity of interests as specified in Paragraph 6, subsection (a) of the June 16, 1983, Resolution of the Legislative Assembly by amalgamating a distinct and separate community, Lawton Heights, east of Cawthra Road, north of the Queen Elizabeth Highway, with traditional organized neighbourhoods represented by homeowners and/or residents' associations contained in the existing Riding of Mississauga South.

In so doing, the Commission ignored the question of unity and community of interest thereby rendering more difficult adequate representation of the people in Parliament.

3. The Commission failed to give due consideration to the topographical features as specified in Paragraph 6, subsection (b) of the June 16, 1983, Resolution of the Legislative Assembly by discounting the influence of existing major roadways, Highway No. 10 on the west and the Queen Elizabeth Highway on the south, which have tended to serve as natural geographic barriers between communities of people.
4. The Commission failed to give due consideration to the existing boundaries of municipalities or wards thereof as specified in Paragraph 6, subsection (f) of the June 16, 1983, Resolution of the Legislative Assembly by discounting the influence of existing traditional municipal wards boundaries which serve to separate and distinguish neighbourhood organizations. By amalgamating a portion of Ward 7 with Ward 1 it appears that the Commission failed to give due consideration to the demands placed on the Member of the Provincial Parliament for the Riding in question, thereby rendering more difficult adequate representation of the people in Parliament.
5. The Commission failed to give due consideration to the existing and traditional boundaries of electoral districts as specified in Paragraph 6, subsection (g) of the June 16, 1983, Resolution of the Legislative Assembly by extending the northern boundary of the Riding to Dundas Street, despite the fact that the current northern boundary, Queen Elizabeth Highway represents a natural extension in comparison to existing ward boundaries, and preserves the physical, social and economic cohesion of the present electoral district.

6. The Commission failed to give due consideration to special geographic considerations, including the accessibility of such regions or the size or shape thereof as specified in Paragraph 6, subsection (h) of the June 16, 1983, Resolution of the Legislative Assembly by increasing the size of the riding in north-south terms and adding a community at the north end separated from the rest of the riding by the Queen Elizabeth Highway.

At the same time, the Commission failed to facilitate the need for ease of transportation and communication, thereby rendering more difficult adequate representation of the people in Parliament.

7. And such other objections that the undersigned Members may consider applicable in order to carry out the spirit and terms and conditions of the redistribution of Ontario Electoral Districts.

39. *Mr. Cordiano*—Motion—That, pursuant to the Order of the House of November 30, 1984, consideration be given by the House to an objection to the provisions of the Report of the Ontario Electoral Boundaries Commission respecting the Electoral District of Downsview on the grounds set forth hereinafter:

1. The Commission failed to give adequate attention and consideration to geographical, political and demographic factors when planning the redistribution of electoral boundaries within the Province, factors which are specifically provided for by Paragraph 6, subsections (a) through (h) in the June 16, 1983, Resolution of the Legislative Assembly that established the Commission.
2. The Commission did not give adequate consideration to all the representations made to the Commission during the course of the Public Hearings.
3. The Commission failed to give adequate consideration to the existing boundaries of the riding, and placed too much emphasis on population Quotas in determining boundaries for the Proposed Electoral District of Downsview.
4. The Commission failed to give adequate consideration to the cultural links uniting the people North of Highway 401 and South of Sheppard

Avenue (between Jane Street on the west and the Allen Expressway on the east) with the people South of Highway 401 and North of the North York city limit (between Jane Street on the west and C.N. railway lines on the east).

5. And such other objections that the undersigned Members may consider applicable in order to carry out the spirit and terms and conditions of the redistribution of Ontario Electoral Districts.

Specifically, would the Minister address the problem of test results for dairy farmers, which are inconsistent with results obtained from the Record of Production tests, and guarantee to this House that all past problems have been resolved and that farmers can now be confident in the results received from the O.D.H.I.C. *October 23, 1985.*
77. *Mr. Treleaven*—Enquiry of the Ministry—Would the Minister of Health inform this House as to whether the 25 extended care beds recently awarded

to Woodingford Lodge in Woodstock by the Ministry of Community and Social Services are to be considered as part of the 50 extended care beds awarded to Oxford County last April by this Ministry and if not, would the Minister inform this House as to when the Oxford County might expect to see the 50 extended care beds it was promised. *October 23, 1985.*

PRIVATE MEMBERS' BUSINESS TO BE DEBATED

(Precedence in accordance with the draw of July 11, 1985 and pursuant to Standing Order 64 (d).)

Ballot Item No. 1

Mr. Reycraft—Resolution—That in the opinion of this House, in witnessing the financial crisis currently being experienced by family farm operators in our rural agricultural regions, the Government of Ontario should recognize the need to encourage various long-term strategies such as the development of new commercial and industrial ventures in rural areas as alternatives and supplements to traditional farm family incomes; such initiatives will help to maintain and preserve the social fabric of our rural communities. *To be debated Thursday, October 31, 1985.*

Ballot Item No. 2

Mr. Partington—Resolution—That in the opinion of this House, recognizing the growing difficulties experienced by Ontario wine producers due to falling market shares and unfair trading actions by foreign governments, the Government of Ontario should accept and implement the proposals of the Wine Council of Ontario regarding a revised pricing structure for wines sold in Ontario as contained within their document, the Niagara Accord. Specifically, the Government should: reduce the non-discriminatory reference price by 7 per cent; reduce mark-up rates; reduce the Special Winery Retail Store tax to 1 per cent; impose a flat tax rate of \$12.00 per case of 12 - 750 ml. bottles to be added after mark-up changes; review the flat tax rate annually. *To be debated Thursday, October 31, 1985.*

Ballot Item No. 3

Second Reading Bill 39, An Act to amend the Regional Municipality of Hamilton-Wentworth Act. *Mr. Allen. To be debated Thursday, November 7, 1985.*

Ballot Item No. 5

Mr. Treleaven—Resolution—That in the opinion of this House, recognizing the link between good transportation networks and industrial development, the Ministry of Transportation and Communications fulfill its original commitment, as stated in this House on June 20, 1983 by the then Minister of Transportation and Communications, the Honourable James Snow, to complete Highway 403 west to Highway 401 at Woodstock by the Fall of 1986. *To be debated Thursday, November 14, 1985.*

NOTICES

GOVERNMENT MOTION

10. *Mr. Nixon*—Resolution—That this House approves in general the Budgetary Policy of the Government.
-

PRIVATE MEMBERS' MOTIONS

1. *Mr. Johnston* (Scarborough West)—Resolution—That in the opinion of this House, the Province of Ontario, Canada, should declare itself a Nuclear Arms Free Zone, and the Government should prohibit the deployment of nuclear weapons in Ontario, the testing of nuclear weapons and associated equipment in the Province, the construction of nuclear weapons and associated equipment, the transport of nuclear weapons and associated equipment through and within the Province, and the export of goods and materials for use in the construction and deployment of nuclear arms. In addition, the Province should encourage cities, provinces and states throughout the world to initiate similar action.
2. *Mr. Foulds*—Resolution—That in the opinion of this House, recognizing that access to health care treatment and facilities should be a right and not a privilege, and should not be subject to geographic or economic barriers, the Government of Ontario should incorporate as a fully-insured service under OHIP the cost of medically necessary travel, as determined by a qualified physician, in excess of 200 miles; and further that the Government should begin by instituting such coverage for residents of Northern Ontario (that is for those living in the Territorial Districts north of the French River) within six months of the passage of this resolution and that coverage for the rest of the province be phased in over a four-year period; and further that in the case of a child needing such medically necessary travel, the Government give consideration to covering the costs of travel for one parent or guardian of such a child.
3. *Mr. Warner*—Resolution—That in the opinion of this House, considering the continuing Turkish occupation of Cyprus and the unknown fate of 2,000 missing Cypriots, the Government of Ontario should express concern about the continuing illegal Turkish colonization of Cyprus, and the latest secessionist movement of the Denktash regime, by: (1) urging the Government of Canada to support measures for the implementation of the U.N. resolutions on Cyprus; (2) calling upon the Turkish Government to provide immediate information on the missing Cypriots which according to indisputable evidence are held by Turkish authorities contrary to international law; (3) calling upon the Turkish Government to respect the human rights provision of the Helsinki accord, especially in regards to Cyprus; (4) calling upon the Turkish Government to cease immediately further colonization of Cyprus and to withdraw all illegal colonists, transplanted with a view to changing the demographic nature of the Island; (5) condemning the new secessionist movement of the so-called "Federated State of Northern Cyprus"; and (6) calling upon the Government of Canada to cease further negotiations with the Turkish Government on the sale of a nuclear reactor, until the latter complies with the U.N. resolutions on Cyprus and shows a respect for international law.
4. *Ms. Bryden*—Resolution—That in the opinion of this House, recognizing that part-time workers in both the public and private sector are discriminated against by the denial of many benefits and rights provided to other workers in the same establishment, a Charter of Rights for Part-Time Workers be added to both the Employment Standards Act and the Labour Relations Act

to provide pro rata benefits and collective bargaining rights to such workers and that they be made eligible for severance pay and retraining and readjustment programs provided for other workers displaced by technological change in the same establishment.

5. *Mr. Epp*—Resolution—That this House authorizes that a Proclamation be issued by the Governor General under the Great Seal of Canada amending Section 7 of the Canadian Charter of Rights and Freedoms to read as follows:

7. Everyone has the right to life, liberty, security of the person and enjoyment of property and the right not be deprived thereof except in accordance with the principles of fundamental justice,

and urges that the Senate and House of Commons and the Legislative Assemblies of the other provinces do likewise.

7. *Mr. Foulds*—Resolution—That in the opinion of this House, the Federal Conservative government has, by eliminating full inflation protection for Canadian pensioners, imposed unfair hardships on those least able to protect themselves; and therefore, this House condemns as arbitrary and ill-conceived the budget of Michael Wilson which takes money out of the pockets of pensioners while providing more tax giveaways to the wealthy; strongly calls upon the Government of Canada to abandon its intention to de-index pensions and urges the Government of Ontario to make the strongest possible representation to the Government of Canada to re-affirm the Federal Conservative government's election promise to protect Canadian pensioners.

8. *Mr. Morin-Strom*—Resolution—That in the opinion of this House, the Federal Conservative government has favoured business and the rich at the expense of the economically disadvantaged, particularly pensioners, and considering Finance Minister Michael Wilson statement that Canada has "an acute shortage of rich people," this House condemns the federal budget of Michael Wilson that focuses on more tax breaks for the wealthy rather than providing decent pensions for elderly and more employment opportunities for the unemployed poor, and that the Canadian government should recognize that our problem is too many poor people, not too few rich people.

9. *Mr. Ramsay*—Resolution—That in the opinion of this House, the Minister of Agriculture and Food should introduce legislation to:

- (1) establish a debt review agency to referee financial disputes between farmers and banks or other lending institutions and that not less than 50% of the members of the agency should be farmers and that the agency would deal with short-term debts other than mortgages and would be empowered to make binding decisions subject only to appeal to the judge of the local court;

- (2) provide a moratorium on all farm bankruptcies and foreclosures of mortgages on farm lands and buildings except where an exemption is approved by a judge and on application by a mortgagee (lendor) the

judge may grant leave for foreclosure or commencement of bankruptcy proceedings or, alternatively, may postpone any forfeiture for such time and subject to such conditions as he thinks fit.

10. *Mr. Wildman*—Resolution—That in the opinion of this House, recognizing that small municipalities do not have the financial base necessary to purchase modern, effective and reliable fire protection equipment, the Government should provide direct financial assistance to small municipalities for the purchase of fire protection equipment.
11. *Mr. Wildman*—Resolution—That in the opinion of this House, recognizing that the much greater distance to be covered by police officers in carrying out their duties in certain northern municipalities results in the need for those municipalities to maintain larger police forces per capita to maintain an adequate police service, the Government should amend the *Ontario Unconditional Grants Act* to provide larger grants for policing to those northern municipalities.
12. *Mr. Reyecraft*—Resolution—That in the opinion of this House, in witnessing the financial crisis currently being experienced by family farm operators in our rural agricultural regions, the Government of Ontario should recognize the need to encourage various long-term strategies such as the development of new commercial and industrial ventures in rural areas as alternatives and supplements to traditional farm family incomes; such initiatives will help to maintain and preserve the social fabric of our rural communities.
13. *Mr. Partington*—Resolution—That in the opinion of this House, recognizing the growing difficulties experienced by Ontario wine producers due to falling market shares and unfair trading actions by foreign governments, the Government of Ontario should accept and implement the proposals of the Wine Council of Ontario regarding a revised pricing structure for wines sold in Ontario as contained within their document, the Niagara Accord. Specifically, the Government should: reduce the non-discriminatory reference price by 7 per cent; reduce mark-up rates; reduce the Special Winery Retail Store tax to 1 per cent; impose a flat tax rate of \$12.00 per case of 12 - 750 ml. bottles to be added after mark-up changes; review the flat tax rate annually.
14. *Mr. Treleaven*—Resolution—That in the opinion of this House, recognizing the link between good transportation networks and industrial development, the Ministry of Transportation and Communications fulfill its original commitment, as stated in this House on June 20, 1983 by the then Minister of Transportation and Communications, the Honourable James Snow, to complete Highway 403 west to Highway 401 at Woodstock by the Fall of 1986.
15. *Mr. McCague*—Resolution—That this House recognizes the improved safety resulting from eye-level brake indicators on automobiles, and strongly encourages the Minister of Transportation and Communications to take appropriate measures: encourage the seeking of mandating of their installation on all new vehicles manufactured for sale in Ontario; to encourage citizens of Ontario to retrofit their vehicles.

16. *Mr. Wildman*—Resolution—That this House should request the Ontario government to amend this province's mining tax system to ensure sufficient revenues accrue to the provincial treasury from the mining companies to enable the government to allocate a reserve fund, as part of a "Northern Ontario Tomorrow Fund", to be distributed as grants, loans and guarantees for individuals, community groups, co-operatives and small businesses and temporary extraordinary grants to municipalities to assist in the economic recovery from the adverse effects of mine shutdowns.

MOTIONS RELATING TO THE PROVISIONS OF THE REPORT UPON THE REDISTRIBUTION OF ONTARIO INTO ELECTORAL DISTRICTS

1 to 36. *Debated July 5, October 15, 17, 1985.*

37. *Mr. Knight*—Motion—That, pursuant to the Order of the House of November 30, 1984, consideration be given by the House to an objection to the provisions of the Report of the Ontario Electoral Boundaries Commission respecting the Electoral District of Halton-Burlington on the grounds set forth hereinafter:

1. The Commission failed to give adequate attention and consideration to geographical, political and demographic factors when planning the redistribution of electoral boundaries within the Province, factors which are specifically provided for by Paragraph 6, subsections (a) through (h) in the June 16, 1983, Resolution of the Legislative Assembly that established the Commission.
2. The Commission failed to give due consideration to the existing and traditional boundaries of Electoral Districts as specified in Paragraph 6, subsection (g), of the June 16, 1983, Resolution of the Legislative Assembly by dividing the Halton-Burlington Riding east and west instead of the traditional north and south.
3. The Commission has ignored the traditional community of interest between Milton and Halton Hills, a community of interest which does not exist to the same degree between Milton and Burlington.
4. The Commission has ignored the fact that within the Region of Halton most agencies consider the North Halton area as a distinct community from the south and have structured most agencies in a manner to reflect this reality.
5. The Commission failed to give and pay proper attention to the physical, family, economic and community of interest factors.
6. And such other objections that the undersigned Members may consider applicable in order to carry out the spirit and terms and conditions of the redistribution of Ontario Electoral Districts.

Signatures of Members supporting this Motion:

Joseph Cordiano (Downsview)
 Rick Ferraro (Wellington South)
 James Henderson (Humber)
 Remo Mancini (Essex South)
 Steve Offer (Mississauga North)
 Claudio Polsinelli (Yorkview)
 Douglas R. Reyecraft (Middlesex)
 David W. Smith (Lambton)
 Laurence South (Frontenac-Addington)
 Chris Ward (Wentworth North)

38. *Mrs. Marland*—Motion—That, pursuant to the Order of the House of November 30, 1984, consideration be given by the House to an objection to the provisions of the Report of the Ontario Electoral Boundaries Commission respecting the Electoral District of Mississauga South on the grounds set forth hereinafter:

1. The Commission failed to give adequate attention and consideration to geographical, political and demographic factors when planning the redistribution of electoral boundaries within the Province, factors which are specifically provided for by Paragraph 6, subsections (a) through (h) in the June 16, 1983, Resolution of the Legislative Assembly that established the Commission.
2. The Commission failed to give adequate attention and consideration to the community or diversity of interests as specified in Paragraph 6, subsection (a) of the June 16, 1983, Resolution of the Legislative Assembly by amalgamating a distinct and separate community, Lawton Heights, east of Cawthra Road, north of the Queen Elizabeth Highway, with traditional organized neighbourhoods represented by homeowners and/or residents' associations contained in the existing Riding of Mississauga South.

In so doing, the Commission ignored the question of unity and community of interest thereby rendering more difficult adequate representation of the people in Parliament.

3. The Commission failed to give due consideration to the topographical features as specified in Paragraph 6, subsection (b) of the June 16, 1983, Resolution of the Legislative Assembly by discounting the influence of existing major roadways, Highway No. 10 on the west and the Queen Elizabeth Highway on the south, which have tended to serve as natural geographic barriers between communities of people.
4. The Commission failed to give due consideration to the existing boundaries of municipalities or wards thereof as specified in Paragraph 6, subsection (f) of the June 16, 1983, Resolution of the Legislative Assembly by discounting the influence of existing traditional municipal wards boundaries which serve to separate and distinguish neighbourhood organizations. By amalgamating a portion of Ward 7 with Ward 1 it appears that the Commission failed to give due consideration to the demands placed on the Member of the Provincial Parliament for the Riding in question, thereby rendering more difficult adequate representation of the people in Parliament.
5. The Commission failed to give due consideration to the existing and traditional boundaries of electoral districts as specified in Paragraph 6, subsection (g) of the June 16, 1983, Resolution of the Legislative Assembly by extending the northern boundary of the Riding to Dundas Street, despite the fact that the current northern boundary, Queen Elizabeth Highway represents a natural extension in comparison to existing ward boundaries, and preserves the physical, social and economic cohesion of the present electoral district.

6. The Commission failed to give due consideration to special geographic considerations, including the accessibility of such regions or the size or shape thereof as specified in Paragraph 6, subsection (h) of the June 16, 1983, Resolution of the Legislative Assembly by increasing the size of the riding in north-south terms and adding a community at the north end separated from the rest of the riding by the Queen Elizabeth Highway.

At the same time, the Commission failed to facilitate the need for ease of transportation and communication, thereby rendering more difficult adequate representation of the people in Parliament.

7. And such other objections that the undersigned Members may consider applicable in order to carry out the spirit and terms and conditions of the redistribution of Ontario Electoral Districts.

39. *Mr. Cordiano*—Motion—That, pursuant to the Order of the House of November 30, 1984, consideration be given by the House to an objection to the provisions of the Report of the Ontario Electoral Boundaries Commission respecting the Electoral District of Downsview on the grounds set forth hereinafter:

1. The Commission failed to give adequate attention and consideration to geographical, political and demographic factors when planning the redistribution of electoral boundaries within the Province, factors which are specifically provided for by Paragraph 6, subsections (a) through (h) in the June 16, 1983, Resolution of the Legislative Assembly that established the Commission.
2. The Commission did not give adequate consideration to all the representations made to the Commission during the course of the Public Hearings.
3. The Commission failed to give adequate consideration to the existing boundaries of the riding, and placed too much emphasis on population Quotas in determining boundaries for the Proposed Electoral District of Downsview.
4. The Commission failed to give adequate consideration to the cultural links uniting the people North of Highway 401 and South of Sheppard

Avenue (between Jane Street on the west and the Allen Expressway on the east) with the people South of Highway 401 and North of the North York city limit (between Jane Street on the west and C.N. railway lines on the east).

5. And such other objections that the undersigned Members may consider applicable in order to carry out the spirit and terms and conditions of the redistribution of Ontario Electoral Districts.

PRIVATE MEMBERS' BUSINESS TO BE DEBATED

(Precedence in accordance with the draw of July 11, 1985 and pursuant to Standing Order 64 (d).)

Ballot Item No. 1

Mr. Reycraft—Resolution—That in the opinion of this House, in witnessing the financial crisis currently being experienced by family farm operators in our rural agricultural regions, the Government of Ontario should recognize the need to encourage various long-term strategies such as the development of new commercial and industrial ventures in rural areas as alternatives and supplements to traditional farm family incomes; such initiatives will help to maintain and preserve the social fabric of our rural communities. *To be debated Thursday, October 31, 1985.*

Ballot Item No. 2

Mr. Partington—Resolution—That in the opinion of this House, recognizing the growing difficulties experienced by Ontario wine producers due to falling market shares and unfair trading actions by foreign governments, the Government of Ontario should accept and implement the proposals of the Wine Council of Ontario regarding a revised pricing structure for wines sold in Ontario as contained within their document, the Niagara Accord. Specifically, the Government should: reduce the non-discriminatory reference price by 7 per cent; reduce mark-up rates; reduce the Special Winery Retail Store tax to 1 per cent; impose a flat tax rate of \$12.00 per case of 12 - 750 ml. bottles to be added after mark-up changes; review the flat tax rate annually. *To be debated Thursday, October 31, 1985.*

Ballot Item No. 3

Second Reading Bill 39, An Act to amend the Regional Municipality of Hamilton-Wentworth Act. *Mr. Allen. To be debated Thursday, November 7, 1985.*

Ballot Item No. 5

Mr. Treleaven—Resolution—That in the opinion of this House, recognizing the link between good transportation networks and industrial development, the Ministry of Transportation and Communications fulfill its original commitment, as stated in this House on June 20, 1983 by the then Minister of Transportation and Communications, the Honourable James Snow, to complete Highway 403 west to Highway 401 at Woodstock by the Fall of 1986. *To be debated Thursday, November 14, 1985.*

NOTICES

GOVERNMENT MOTION

10. *Debated October 24, 1985.*
-

PRIVATE MEMBERS' MOTIONS

1. *Mr. Johnston* (Scarborough West)—Resolution—That in the opinion of this House, the Province of Ontario, Canada, should declare itself a Nuclear Arms Free Zone, and the Government should prohibit the deployment of nuclear weapons in Ontario, the testing of nuclear weapons and associated equipment in the Province, the construction of nuclear weapons and associated equipment, the transport of nuclear weapons and associated equipment through and within the Province, and the export of goods and materials for use in the construction and deployment of nuclear arms. In addition, the Province should encourage cities, provinces and states throughout the world to initiate similar action.
2. *Mr. Foulds*—Resolution—That in the opinion of this House, recognizing that access to health care treatment and facilities should be a right and not a privilege, and should not be subject to geographic or economic barriers, the Government of Ontario should incorporate as a fully-insured service under OHIP the cost of medically necessary travel, as determined by a qualified physician, in excess of 200 miles; and further that the Government should begin by instituting such coverage for residents of Northern Ontario (that is for those living in the Territorial Districts north of the French River) within six months of the passage of this resolution and that coverage for the rest of the province be phased in over a four-year period; and further that in the case of a child needing such medically necessary travel, the Government give consideration to covering the costs of travel for one parent or guardian of such a child.
3. *Mr. Warner*—Resolution—That in the opinion of this House, considering the continuing Turkish occupation of Cyprus and the unknown fate of 2,000 missing Cypriots, the Government of Ontario should express concern about the continuing illegal Turkish colonization of Cyprus, and the latest secessionist movement of the Denktash regime, by: (1) urging the Government of Canada to support measures for the implementation of the U.N. resolutions on Cyprus; (2) calling upon the Turkish Government to provide immediate information on the missing Cypriots which according to indisputable evidence are held by Turkish authorities contrary to international law; (3) calling upon the Turkish Government to respect the human rights provision of the Helsinki accord, especially in regards to Cyprus; (4) calling upon the Turkish Government to cease immediately further colonization of Cyprus and to withdraw all illegal colonists, transplanted with a view to changing the demographic nature of the Island; (5) condemning the new secessionist movement of the so-called "Federated State of Northern Cyprus"; and (6) calling upon the Government of Canada to cease further negotiations with the Turkish Government on the sale of a nuclear reactor, until the latter complies with the U.N. resolutions on Cyprus and shows a respect for international law.
4. *Ms. Bryden*—Resolution—That in the opinion of this House, recognizing that part-time workers in both the public and private sector are discriminated against by the denial of many benefits and rights provided to other workers in the same establishment, a Charter of Rights for Part-Time Workers be added to both the Employment Standards Act and the Labour Relations Act

to provide pro rata benefits and collective bargaining rights to such workers and that they be made eligible for severance pay and retraining and readjustment programs provided for other workers displaced by technological change in the same establishment.

5. *Mr. Epp*—Resolution—That this House authorizes that a Proclamation be issued by the Governor General under the Great Seal of Canada amending Section 7 of the Canadian Charter of Rights and Freedoms to read as follows:

7. Everyone has the right to life, liberty, security of the person and enjoyment of property and the right not be deprived thereof except in accordance with the principles of fundamental justice,

and urges that the Senate and House of Commons and the Legislative Assemblies of the other provinces do likewise.

7. *Mr. Foulds*—Resolution—That in the opinion of this House, the Federal Conservative government has, by eliminating full inflation protection for Canadian pensioners, imposed unfair hardships on those least able to protect themselves; and therefore, this House condemns as arbitrary and ill-conceived the budget of Michael Wilson which takes money out of the pockets of pensioners while providing more tax giveaways to the wealthy; strongly calls upon the Government of Canada to abandon its intention to de-index pensions and urges the Government of Ontario to make the strongest possible representation to the Government of Canada to re-affirm the Federal Conservative government's election promise to protect Canadian pensioners.
8. *Mr. Morin-Strom*—Resolution—That in the opinion of this House, the Federal Conservative government has favoured business and the rich at the expense of the economically disadvantaged, particularly pensioners, and considering Finance Minister Michael Wilson statement that Canada has "an acute shortage of rich people," this House condemns the federal budget of Michael Wilson that focuses on more tax breaks for the wealthy rather than providing decent pensions for elderly and more employment opportunities for the unemployed poor, and that the Canadian government should recognize that our problem is too many poor people, not too few rich people.
9. *Mr. Ramsay*—Resolution—That in the opinion of this House, the Minister of Agriculture and Food should introduce legislation to:

- (1) establish a debt review agency to referee financial disputes between farmers and banks or other lending institutions and that not less than 50% of the members of the agency should be farmers and that the agency would deal with short-term debts other than mortgages and would be empowered to make binding decisions subject only to appeal to the judge of the local court;
- (2) provide a moratorium on all farm bankruptcies and foreclosures of mortgages on farm lands and buildings except where an exemption is approved by a judge and on application by a mortgagee (lender) the

judge may grant leave for foreclosure or commencement of bankruptcy proceedings or, alternatively, may postpone any forfeiture for such time and subject to such conditions as he thinks fit.

10. *Mr. Wildman*—Resolution—That in the opinion of this House, recognizing that small municipalities do not have the financial base necessary to purchase modern, effective and reliable fire protection equipment, the Government should provide direct financial assistance to small municipalities for the purchase of fire protection equipment.
11. *Mr. Wildman*—Resolution—That in the opinion of this House, recognizing that the much greater distance to be covered by police officers in carrying out their duties in certain northern municipalities results in the need for those municipalities to maintain larger police forces per capita to maintain an adequate police service, the Government should amend the *Ontario Unconditional Grants Act* to provide larger grants for policing to those northern municipalities.
12. *Mr. Reycraft*—Resolution—That in the opinion of this House, in witnessing the financial crisis currently being experienced by family farm operators in our rural agricultural regions, the Government of Ontario should recognize the need to encourage various long-term strategies such as the development of new commercial and industrial ventures in rural areas as alternatives and supplements to traditional farm family incomes; such initiatives will help to maintain and preserve the social fabric of our rural communities.
13. *Mr. Partington*—Resolution—That in the opinion of this House, recognizing the growing difficulties experienced by Ontario wine producers due to falling market shares and unfair trading actions by foreign governments, the Government of Ontario should accept and implement the proposals of the Wine Council of Ontario regarding a revised pricing structure for wines sold in Ontario as contained within their document, the Niagara Accord. Specifically, the Government should: reduce the non-discriminatory reference price by 7 per cent; reduce mark-up rates; reduce the Special Winery Retail Store tax to 1 per cent; impose a flat tax rate of \$12.00 per case of 12 - 750 ml. bottles to be added after mark-up changes; review the flat tax rate annually.
14. *Mr. Treleaven*—Resolution—That in the opinion of this House, recognizing the link between good transportation networks and industrial development, the Ministry of Transportation and Communications fulfill its original commitment, as stated in this House on June 20, 1983 by the then Minister of Transportation and Communications, the Honourable James Snow, to complete Highway 403 west to Highway 401 at Woodstock by the Fall of 1986.
15. *Mr. McCague*—Resolution—That this House recognizes the improved safety resulting from eye-level brake indicators on automobiles, and strongly encourages the Minister of Transportation and Communications to take appropriate measures: encourage the seeking of mandating of their installation on all new vehicles manufactured for sale in Ontario; to encourage citizens of Ontario to retrofit their vehicles.

16. *Mr. Wildman*—Resolution—That this House should request the Ontario government to amend this province's mining tax system to ensure sufficient revenues accrue to the provincial treasury from the mining companies to enable the government to allocate a reserve fund, as part of a "Northern Ontario Tomorrow Fund", to be distributed as grants, loans and guarantees for individuals, community groups, co-operatives and small businesses and temporary extraordinary grants to municipalities to assist in the economic recovery from the adverse effects of mine shutdowns.
17. *Mr. McGuigan*—Resolution—That in the opinion of this House the Standing Committee on Social Development should be asked to review the current state of governmental and private efforts directed towards the problem of missing children and, in particular, study the following matters: (1) the circumstances and frequency of child abductions; (2) the adequacy of government and community services in aiding the victims and their families; (3) the various methods available to government and to the community for publicizing cases of missing children; (4) preventive educational programs; (5) the need for revised legislation and for changes in police and court procedures in order to facilitate the location and retrieval of missing children; (6) the desirability of establishing a national co-ordination centre for missing children, to act as a link between the various local and provincial organizations; and (7) any other matters that the Committee considers relevant.

MOTIONS RELATING TO THE PROVISIONS OF THE REPORT UPON THE REDISTRIBUTION OF ONTARIO INTO ELECTORAL DISTRICTS

1 to 36. *Debated July 5, October 15, 17, 1985.*

37. *Mr. Knight*—Motion—That, pursuant to the Order of the House of November 30, 1984, consideration be given by the House to an objection to the provisions of the Report of the Ontario Electoral Boundaries Commission respecting the Electoral District of Halton-Burlington on the grounds set forth hereinafter:
1. The Commission failed to give adequate attention and consideration to geographical, political and demographic factors when planning the redistribution of electoral boundaries within the Province, factors which are specifically provided for by Paragraph 6, subsections (a) through (h) in the June 16, 1983, Resolution of the Legislative Assembly that established the Commission.
 2. The Commission failed to give due consideration to the existing and traditional boundaries of Electoral Districts as specified in Paragraph 6, subsection (g), of the June 16, 1983, Resolution of the Legislative Assembly by dividing the Halton-Burlington Riding east and west instead of the traditional north and south.
 3. The Commission has ignored the traditional community of interest between Milton and Halton Hills, a community of interest which does not exist to the same degree between Milton and Burlington.
 4. The Commission has ignored the fact that within the Region of Halton most agencies consider the North Halton area as a distinct community from the south and have structured most agencies in a manner to reflect this reality.
 5. The Commission failed to give and pay proper attention to the physical, family, economic and community of interest factors.
 6. And such other objections that the undersigned Members may consider applicable in order to carry out the spirit and terms and conditions of the redistribution of Ontario Electoral Districts.

Signatures of Members supporting this Motion:

Joseph Cordiano (Downsview)
 Rick Ferraro (Wellington South)
 James Henderson (Humber)
 Remo Mancini (Essex South)
 Steve Offer (Mississauga North)
 Claudio Polsinelli (Yorkview)
 Douglas R. Reycraft (Middlesex)
 David W. Smith (Lambton)
 Laurence South (Frontenac-Addington)
 Chris Ward (Wentworth North)

38. *Mrs. Marland*—Motion—That, pursuant to the Order of the House of November 30, 1984, consideration be given by the House to an objection to the provisions of the Report of the Ontario Electoral Boundaries Commission respecting the Electoral District of Mississauga South on the grounds set forth hereinafter:

1. The Commission failed to give adequate attention and consideration to geographical, political and demographic factors when planning the redistribution of electoral boundaries within the Province, factors which are specifically provided for by Paragraph 6, subsections (a) through (h) in the June 16, 1983, Resolution of the Legislative Assembly that established the Commission.
2. The Commission failed to give adequate attention and consideration to the community or diversity of interests as specified in Paragraph 6, subsection (a) of the June 16, 1983, Resolution of the Legislative Assembly by amalgamating a distinct and separate community, Lawton Heights, east of Cawthra Road, north of the Queen Elizabeth Highway, with traditional organized neighbourhoods represented by homeowners and/or residents' associations contained in the existing Riding of Mississauga South.

In so doing, the Commission ignored the question of unity and community of interest thereby rendering more difficult adequate representation of the people in Parliament.

3. The Commission failed to give due consideration to the topographical features as specified in Paragraph 6, subsection (b) of the June 16, 1983, Resolution of the Legislative Assembly by discounting the influence of existing major roadways, Highway No. 10 on the west and the Queen Elizabeth Highway on the south, which have tended to serve as natural geographic barriers between communities of people.
4. The Commission failed to give due consideration to the existing boundaries of municipalities or wards thereof as specified in Paragraph 6, subsection (f) of the June 16, 1983, Resolution of the Legislative Assembly by discounting the influence of existing traditional municipal wards boundaries which serve to separate and distinguish neighbourhood organizations. By amalgamating a portion of Ward 7 with Ward 1 it appears that the Commission failed to give due consideration to the demands placed on the Member of the Provincial Parliament for the Riding in question, thereby rendering more difficult adequate representation of the people in Parliament.
5. The Commission failed to give due consideration to the existing and traditional boundaries of electoral districts as specified in Paragraph 6, subsection (g) of the June 16, 1983, Resolution of the Legislative Assembly by extending the northern boundary of the Riding to Dundas Street, despite the fact that the current northern boundary, Queen Elizabeth Highway represents a natural extension in comparison to existing ward boundaries, and preserves the physical, social and economic cohesion of the present electoral district.

6. The Commission failed to give due consideration to special geographic considerations, including the accessibility of such regions or the size or shape thereof as specified in Paragraph 6, subsection (h) of the June 16, 1983, Resolution of the Legislative Assembly by increasing the size of the riding in north-south terms and adding a community at the north end separated from the rest of the riding by the Queen Elizabeth Highway.

At the same time, the Commission failed to facilitate the need for ease of transportation and communication, thereby rendering more difficult adequate representation of the people in Parliament.

7. And such other objections that the undersigned Members may consider applicable in order to carry out the spirit and terms and conditions of the redistribution of Ontario Electoral Districts.

39. *Mr. Cordiano*—Motion—That, pursuant to the Order of the House of November 30, 1984, consideration be given by the House to an objection to the provisions of the Report of the Ontario Electoral Boundaries Commission respecting the Electoral District of Downsview on the grounds set forth hereinafter:

1. The Commission failed to give adequate attention and consideration to geographical, political and demographic factors when planning the redistribution of electoral boundaries within the Province, factors which are specifically provided for by Paragraph 6, subsections (a) through (h) in the June 16, 1983, Resolution of the Legislative Assembly that established the Commission.
2. The Commission did not give adequate consideration to all the representations made to the Commission during the course of the Public Hearings.
3. The Commission failed to give adequate consideration to the existing boundaries of the riding, and placed too much emphasis on population Quotas in determining boundaries for the Proposed Electoral District of Downsview.
4. The Commission failed to give adequate consideration to the cultural links uniting the people North of Highway 401 and South of Sheppard

Avenue (between Jane Street on the west and the Allen Expressway on the east) with the people South of Highway 401 and North of the North York city limit (between Jane Street on the west and C.N. railway lines on the east).

5. And such other objections that the undersigned Members may consider applicable in order to carry out the spirit and terms and conditions of the redistribution of Ontario Electoral Districts.

PRIVATE MEMBERS' BUSINESS TO BE DEBATED

(Precedence in accordance with the draw of July 11, 1985 and pursuant to Standing Order 64 (d).)

Ballot Item No. 1

Mr. Reycraft—Resolution—That in the opinion of this House, in witnessing the financial crisis currently being experienced by family farm operators in our rural agricultural regions, the Government of Ontario should recognize the need to encourage various long-term strategies such as the development of new commercial and industrial ventures in rural areas as alternatives and supplements to traditional farm family incomes; such initiatives will help to maintain and preserve the social fabric of our rural communities. *To be debated Thursday, October 31, 1985.*

Ballot Item No. 2

Mr. Partington—Resolution—That in the opinion of this House, recognizing the growing difficulties experienced by Ontario wine producers due to falling market shares and unfair trading actions by foreign governments, the Government of Ontario should accept and implement the proposals of the Wine Council of Ontario regarding a revised pricing structure for wines sold in Ontario as contained within their document, the Niagara Accord. Specifically, the Government should: reduce the non-discriminatory reference price by 7 per cent; reduce mark-up rates; reduce the Special Winery Retail Store tax to 1 per cent; impose a flat tax rate of \$12.00 per case of 12 - 750 ml. bottles to be added after mark-up changes; review the flat tax rate annually. *To be debated Thursday, October 31, 1985.*

Ballot Item No. 3

Second Reading Bill 39, An Act to amend the Regional Municipality of Hamilton-Wentworth Act. *Mr. Allen. To be debated Thursday, November 7, 1985.*

Ballot Item No. 5

Mr. Treleaven—Resolution—That in the opinion of this House, recognizing the link between good transportation networks and industrial development, the Ministry of Transportation and Communications fulfill its original commitment, as stated in this House on June 20, 1983 by the then Minister of Transportation and Communications, the Honourable James Snow, to complete Highway 403 west to Highway 401 at Woodstock by the Fall of 1986. *To be debated Thursday, November 14, 1985.*

Ballot Item No. 7

Mr. McGuigan—Resolution—That in the opinion of this House the Standing Committee on Social Development should be asked to review the current state of governmental and private efforts directed towards the problem of missing children and, in particular, study the following matters: (1) the circumstances and frequency of child abductions; (2) the adequacy of government and community services in aid-

ing the victims and their families; (3) the various methods available to government and to the community for publicizing cases of missing children; (4) preventive educational programs; (5) the need for revised legislation and for changes in police and court procedures in order to facilitate the location and retrieval of missing children; (6) the desirability of establishing a national co-ordination centre for missing children, to act as a link between the various local and provincial organizations; and (7) any other matters that the Committee considers relevant. *To be debated Thursday, November 21, 1985.*

NOTICES

GOVERNMENT MOTION

10. *Debated October 24 and 25, 1985.*
-

PRIVATE MEMBERS' MOTIONS

1. *Mr. Johnston* (Scarborough West)—Resolution—That in the opinion of this House, the Province of Ontario, Canada, should declare itself a Nuclear Arms Free Zone, and the Government should prohibit the deployment of nuclear weapons in Ontario, the testing of nuclear weapons and associated equipment in the Province, the construction of nuclear weapons and associated equipment, the transport of nuclear weapons and associated equipment through and within the Province, and the export of goods and materials for use in the construction and deployment of nuclear arms. In addition, the Province should encourage cities, provinces and states throughout the world to initiate similar action.
2. *Mr. Foulds*—Resolution—That in the opinion of this House, recognizing that access to health care treatment and facilities should be a right and not a privilege, and should not be subject to geographic or economic barriers, the Government of Ontario should incorporate as a fully-insured service under OHIP the cost of medically necessary travel, as determined by a qualified physician, in excess of 200 miles; and further that the Government should begin by instituting such coverage for residents of Northern Ontario (that is for those living in the Territorial Districts north of the French River) within six months of the passage of this resolution and that coverage for the rest of the province be phased in over a four-year period; and further that in the case of a child needing such medically necessary travel, the Government give consideration to covering the costs of travel for one parent or guardian of such a child.
3. *Mr. Warner*—Resolution—That in the opinion of this House, considering the continuing Turkish occupation of Cyprus and the unknown fate of 2,000 missing Cypriots, the Government of Ontario should express concern about the continuing illegal Turkish colonization of Cyprus, and the latest secessionist movement of the Denktash regime, by: (1) urging the Government of Canada to support measures for the implementation of the U.N. resolutions on Cyprus; (2) calling upon the Turkish Government to provide immediate information on the missing Cypriots which according to indisputable evidence are held by Turkish authorities contrary to international law; (3) calling upon the Turkish Government to respect the human rights provision of the Helsinki accord, especially in regards to Cyprus; (4) calling upon the Turkish Government to cease immediately further colonization of Cyprus and to withdraw all illegal colonists, transplanted with a view to changing the demographic nature of the Island; (5) condemning the new secessionist movement of the so-called "Federated State of Northern Cyprus"; and (6) calling upon the Government of Canada to cease further negotiations with the Turkish Government on the sale of a nuclear reactor, until the latter complies with the U.N. resolutions on Cyprus and shows a respect for international law.
4. *Ms. Bryden*—Resolution—That in the opinion of this House, recognizing that part-time workers in both the public and private sector are discriminated against by the denial of many benefits and rights provided to other workers in the same establishment, a Charter of Rights for Part-Time Workers be added to both the Employment Standards Act and the Labour Relations Act

to provide pro rata benefits and collective bargaining rights to such workers and that they be made eligible for severance pay and retraining and readjustment programs provided for other workers displaced by technological change in the same establishment.

5. *Mr. Epp*—Resolution—That this House authorizes that a Proclamation be issued by the Governor General under the Great Seal of Canada amending Section 7 of the Canadian Charter of Rights and Freedoms to read as follows:

7. Everyone has the right to life, liberty, security of the person and enjoyment of property and the right not be deprived thereof except in accordance with the principles of fundamental justice,

and urges that the Senate and House of Commons and the Legislative Assemblies of the other provinces do likewise.

7. *Mr. Foulds*—Resolution—That in the opinion of this House, the Federal Conservative government has, by eliminating full inflation protection for Canadian pensioners, imposed unfair hardships on those least able to protect themselves; and therefore, this House condemns as arbitrary and ill-conceived the budget of Michael Wilson which takes money out of the pockets of pensioners while providing more tax giveaways to the wealthy; strongly calls upon the Government of Canada to abandon its intention to de-index pensions and urges the Government of Ontario to make the strongest possible representation to the Government of Canada to re-affirm the Federal Conservative government's election promise to protect Canadian pensioners.

8. *Mr. Morin-Strom*—Resolution—That in the opinion of this House, the Federal Conservative government has favoured business and the rich at the expense of the economically disadvantaged, particularly pensioners, and considering Finance Minister Michael Wilson statement that Canada has "an acute shortage of rich people," this House condemns the federal budget of Michael Wilson that focuses on more tax breaks for the wealthy rather than providing decent pensions for elderly and more employment opportunities for the unemployed poor, and that the Canadian government should recognize that our problem is too many poor people, not too few rich people.

9. *Mr. Ramsay*—Resolution—That in the opinion of this House, the Minister of Agriculture and Food should introduce legislation to:

- (1) establish a debt review agency to referee financial disputes between farmers and banks or other lending institutions and that not less than 50% of the members of the agency should be farmers and that the agency would deal with short-term debts other than mortgages and would be empowered to make binding decisions subject only to appeal to the judge of the local court;
- (2) provide a moratorium on all farm bankruptcies and foreclosures of mortgages on farm lands and buildings except where an exemption is approved by a judge and on application by a mortgagee (lender) the

judge may grant leave for foreclosure or commencement of bankruptcy proceedings or, alternatively, may postpone any forfeiture for such time and subject to such conditions as he thinks fit.

10. *Mr. Wildman*—Resolution—That in the opinion of this House, recognizing that small municipalities do not have the financial base necessary to purchase modern, effective and reliable fire protection equipment, the Government should provide direct financial assistance to small municipalities for the purchase of fire protection equipment.
11. *Mr. Wildman*—Resolution—That in the opinion of this House, recognizing that the much greater distance to be covered by police officers in carrying out their duties in certain northern municipalities results in the need for those municipalities to maintain larger police forces per capita to maintain an adequate police service, the Government should amend the *Ontario Unconditional Grants Act* to provide larger grants for policing to those northern municipalities.
12. *Mr. Reycraft*—Resolution—That in the opinion of this House, in witnessing the financial crisis currently being experienced by family farm operators in our rural agricultural regions, the Government of Ontario should recognize the need to encourage various long-term strategies such as the development of new commercial and industrial ventures in rural areas as alternatives and supplements to traditional farm family incomes; such initiatives will help to maintain and preserve the social fabric of our rural communities.
13. *Mr. Partington*—Resolution—That in the opinion of this House, recognizing the growing difficulties experienced by Ontario wine producers due to falling market shares and unfair trading actions by foreign governments, the Government of Ontario should accept and implement the proposals of the Wine Council of Ontario regarding a revised pricing structure for wines sold in Ontario as contained within their document, the Niagara Accord. Specifically, the Government should: reduce the non-discriminatory reference price by 7 per cent; reduce mark-up rates; reduce the Special Winery Retail Store tax to 1 per cent; impose a flat tax rate of \$12.00 per case of 12 - 750 ml. bottles to be added after mark-up changes; review the flat tax rate annually.
14. *Mr. Treleaven*—Resolution—That in the opinion of this House, recognizing the link between good transportation networks and industrial development, the Ministry of Transportation and Communications fulfill its original commitment, as stated in this House on June 20, 1983 by the then Minister of Transportation and Communications, the Honourable James Snow, to complete Highway 403 west to Highway 401 at Woodstock by the Fall of 1986.
15. *Mr. McCague*—Resolution—That this House recognizes the improved safety resulting from eye-level brake indicators on automobiles, and strongly encourages the Minister of Transportation and Communications to take appropriate measures: encourage the seeking of mandating of their installation on all new vehicles manufactured for sale in Ontario; to encourage citizens of Ontario to retrofit their vehicles.

16. *Mr. Wildman*—Resolution—That this House should request the Ontario government to amend this province's mining tax system to ensure sufficient revenues accrue to the provincial treasury from the mining companies to enable the government to allocate a reserve fund, as part of a "Northern Ontario Tomorrow Fund", to be distributed as grants, loans and guarantees for individuals, community groups, co-operatives and small businesses and temporary extraordinary grants to municipalities to assist in the economic recovery from the adverse effects of mine shutdowns.
 17. *Mr. McGuigan*—Resolution—That in the opinion of this House the Standing Committee on Social Development should be asked to review the current state of governmental and private efforts directed towards the problem of missing children and, in particular, study the following matters: (1) the circumstances and frequency of child abductions; (2) the adequacy of government and community services in aiding the victims and their families; (3) the various methods available to government and to the community for publicizing cases of missing children; (4) preventive educational programs; (5) the need for revised legislation and for changes in police and court procedures in order to facilitate the location and retrieval of missing children; (6) the desirability of establishing a national co-ordination centre for missing children, to act as a link between the various local and provincial organizations; and (7) any other matters that the Committee considers relevant.

MOTIONS RELATING TO THE PROVISIONS OF THE REPORT UPON THE REDISTRIBUTION OF ONTARIO INTO ELECTORAL DISTRICTS

1 to 36. *Debated July 5, October 15, 17 and 25, 1985.*

37. *Mr. Knight*—Motion—That, pursuant to the Order of the House of November 30, 1984, consideration be given by the House to an objection to the provisions of the Report of the Ontario Electoral Boundaries Commission respecting the Electoral District of Halton-Burlington on the grounds set forth hereinafter:

1. The Commission failed to give adequate attention and consideration to geographical, political and demographic factors when planning the redistribution of electoral boundaries within the Province, factors which are specifically provided for by Paragraph 6, subsections (a) through (h) in the June 16, 1983, Resolution of the Legislative Assembly that established the Commission.
2. The Commission failed to give due consideration to the existing and traditional boundaries of Electoral Districts as specified in Paragraph 6, subsection (g), of the June 16, 1983, Resolution of the Legislative Assembly by dividing the Halton-Burlington Riding east and west instead of the traditional north and south.
3. The Commission has ignored the traditional community of interest between Milton and Halton Hills, a community of interest which does not exist to the same degree between Milton and Burlington.
4. The Commission has ignored the fact that within the Region of Halton most agencies consider the North Halton area as a distinct community from the south and have structured most agencies in a manner to reflect this reality.
5. The Commission failed to give and pay proper attention to the physical, family, economic and community of interest factors.
6. And such other objections that the undersigned Members may consider applicable in order to carry out the spirit and terms and conditions of the redistribution of Ontario Electoral Districts.

Signatures of Members supporting this Motion:

Joseph Cordiano (Downsview)
 Rick Ferraro (Wellington South)
 James Henderson (Humber)
 Remo Mancini (Essex South)
 Steve Offer (Mississauga North)
 Claudio Polsinelli (Yorkview)
 Douglas R. Reycraft (Middlesex)
 David W. Smith (Lambton)
 Laurence South (Frontenac-Addington)
 Chris Ward (Wentworth North)

38. *Mrs. Marland*—Motion—That, pursuant to the Order of the House of November 30, 1984, consideration be given by the House to an objection to the provisions of the Report of the Ontario Electoral Boundaries Commission respecting the Electoral District of Mississauga South on the grounds set forth hereinafter:

1. The Commission failed to give adequate attention and consideration to geographical, political and demographic factors when planning the redistribution of electoral boundaries within the Province, factors which are specifically provided for by Paragraph 6, subsections (a) through (h) in the June 16, 1983, Resolution of the Legislative Assembly that established the Commission.
2. The Commission failed to give adequate attention and consideration to the community or diversity of interests as specified in Paragraph 6, subsection (a) of the June 16, 1983, Resolution of the Legislative Assembly by amalgamating a distinct and separate community, Lawton Heights, east of Cawthra Road, north of the Queen Elizabeth Highway, with traditional organized neighbourhoods represented by homeowners and/or residents' associations contained in the existing Riding of Mississauga South.

In so doing, the Commission ignored the question of unity and community of interest thereby rendering more difficult adequate representation of the people in Parliament.

3. The Commission failed to give due consideration to the topographical features as specified in Paragraph 6, subsection (b) of the June 16, 1983, Resolution of the Legislative Assembly by discounting the influence of existing major roadways, Highway No. 10 on the west and the Queen Elizabeth Highway on the south, which have tended to serve as natural geographic barriers between communities of people.
4. The Commission failed to give due consideration to the existing boundaries of municipalities or wards thereof as specified in Paragraph 6, subsection (f) of the June 16, 1983, Resolution of the Legislative Assembly by discounting the influence of existing traditional municipal wards boundaries which serve to separate and distinguish neighbourhood organizations. By amalgamating a portion of Ward 7 with Ward 1 it appears that the Commission failed to give due consideration to the demands placed on the Member of the Provincial Parliament for the Riding in question, thereby rendering more difficult adequate representation of the people in Parliament.
5. The Commission failed to give due consideration to the existing and traditional boundaries of electoral districts as specified in Paragraph 6, subsection (g) of the June 16, 1983, Resolution of the Legislative Assembly by extending the northern boundary of the Riding to Dundas Street, despite the fact that the current northern boundary, Queen Elizabeth Highway represents a natural extension in comparison to existing ward boundaries, and preserves the physical, social and economic cohesion of the present electoral district.

6. The Commission failed to give due consideration to special geographic considerations, including the accessibility of such regions or the size or shape thereof as specified in Paragraph 6, subsection (h) of the June 16, 1983, Resolution of the Legislative Assembly by increasing the size of the riding in north-south terms and adding a community at the north end separated from the rest of the riding by the Queen Elizabeth Highway.

At the same time, the Commission failed to facilitate the need for ease of transportation and communication, thereby rendering more difficult adequate representation of the people in Parliament.

7. And such other objections that the undersigned Members may consider applicable in order to carry out the spirit and terms and conditions of the redistribution of Ontario Electoral Districts.

39. *Mr. Cordiano*—Motion—That, pursuant to the Order of the House of November 30, 1984, consideration be given by the House to an objection to the provisions of the Report of the Ontario Electoral Boundaries Commission respecting the Electoral District of Downsview on the grounds set forth hereinafter:

1. The Commission failed to give adequate attention and consideration to geographical, political and demographic factors when planning the redistribution of electoral boundaries within the Province, factors which are specifically provided for by Paragraph 6, subsections (a) through (h) in the June 16, 1983, Resolution of the Legislative Assembly that established the Commission.
2. The Commission did not give adequate consideration to all the representations made to the Commission during the course of the Public Hearings.
3. The Commission failed to give adequate consideration to the existing boundaries of the riding, and placed too much emphasis on population Quotas in determining boundaries for the Proposed Electoral District of Downsview.
4. The Commission failed to give adequate consideration to the cultural links uniting the people North of Highway 401 and South of Sheppard

Avenue (between Jane Street on the west and the Allen Expressway on the east) with the people South of Highway 401 and North of the North York city limit (between Jane Street on the west and C.N. railway lines on the east).

5. And such other objections that the undersigned Members may consider applicable in order to carry out the spirit and terms and conditions of the redistribution of Ontario Electoral Districts.

PRIVATE MEMBERS' BUSINESS TO BE DEBATED

(Precedence in accordance with the draw of July 11, 1985 and pursuant to Standing Order 64 (d).)

Ballot Item No. 1

Mr. Reyecraft—Resolution—That in the opinion of this House, in witnessing the financial crisis currently being experienced by family farm operators in our rural agricultural regions, the Government of Ontario should recognize the need to encourage various long-term strategies such as the development of new commercial and industrial ventures in rural areas as alternatives and supplements to traditional farm family incomes; such initiatives will help to maintain and preserve the social fabric of our rural communities. *To be debated Thursday, October 31, 1985.*

Ballot Item No. 2

Mr. Partington—Resolution—That in the opinion of this House, recognizing the growing difficulties experienced by Ontario wine producers due to falling market shares and unfair trading actions by foreign governments, the Government of Ontario should accept and implement the proposals of the Wine Council of Ontario regarding a revised pricing structure for wines sold in Ontario as contained within their document, the Niagara Accord. Specifically, the Government should: reduce the non-discriminatory reference price by 7 per cent; reduce mark-up rates; reduce the Special Winery Retail Store tax to 1 per cent; impose a flat tax rate of \$12.00 per case of 12 - 750 ml. bottles to be added after mark-up changes; review the flat tax rate annually. *To be debated Thursday, October 31, 1985.*

Ballot Item No. 3

Second Reading Bill 39, An Act to amend the Regional Municipality of Hamilton-Wentworth Act. *Mr. Allen. To be debated Thursday, November 7, 1985.*

Ballot Item No. 5

Mr. Treleaven—Resolution—That in the opinion of this House, recognizing the link between good transportation networks and industrial development, the Ministry of Transportation and Communications fulfill its original commitment, as stated in this House on June 20, 1983 by the then Minister of Transportation and Communications, the Honourable James Snow, to complete Highway 403 west to Highway 401 at Woodstock by the Fall of 1986. *To be debated Thursday, November 14, 1985.*

Ballot Item No. 7

Mr. McGuigan—Resolution—That in the opinion of this House the Standing Committee on Social Development should be asked to review the current state of governmental and private efforts directed towards the problem of missing children and, in particular, study the following matters: (1) the circumstances and frequency of child abductions; (2) the adequacy of government and community services in aiding the victims and their families; (3) the various methods available to government and to the community for publicizing cases of missing children; (4) preventive educa-

tional programs; (5) the need for revised legislation and for changes in police and court procedures in order to facilitate the location and retrieval of missing children; (6) the desirability of establishing a national co-ordination centre for missing children, to act as a link between the various local and provincial organizations; and (7) any other matters that the Committee considers relevant. *To be debated Thursday, November 21, 1985.*

NOTICES

GOVERNMENT MOTION

10. *Debated October 24, 25 and 28, 1985.*
-

PRIVATE MEMBERS' MOTIONS

1. *Mr. Johnston* (Scarborough West)—Resolution—That in the opinion of this House, the Province of Ontario, Canada, should declare itself a Nuclear Arms Free Zone, and the Government should prohibit the deployment of nuclear weapons in Ontario, the testing of nuclear weapons and associated equipment in the Province, the construction of nuclear weapons and associated equipment, the transport of nuclear weapons and associated equipment through and within the Province, and the export of goods and materials for use in the construction and deployment of nuclear arms. In addition, the Province should encourage cities, provinces and states throughout the world to initiate similar action.
2. *Mr. Foulds*—Resolution—That in the opinion of this House, recognizing that access to health care treatment and facilities should be a right and not a privilege, and should not be subject to geographic or economic barriers, the Government of Ontario should incorporate as a fully-insured service under OHIP the cost of medically necessary travel, as determined by a qualified physician, in excess of 200 miles; and further that the Government should begin by instituting such coverage for residents of Northern Ontario (that is for those living in the Territorial Districts north of the French River) within six months of the passage of this resolution and that coverage for the rest of the province be phased in over a four-year period; and further that in the case of a child needing such medically necessary travel, the Government give consideration to covering the costs of travel for one parent or guardian of such a child.
3. *Mr. Warner*—Resolution—That in the opinion of this House, considering the continuing Turkish occupation of Cyprus and the unknown fate of 2,000 missing Cypriots, the Government of Ontario should express concern about the continuing illegal Turkish colonization of Cyprus, and the latest secessionist movement of the Denktash regime, by: (1) urging the Government of Canada to support measures for the implementation of the U.N. resolutions on Cyprus; (2) calling upon the Turkish Government to provide immediate information on the missing Cypriots which according to indisputable evidence are held by Turkish authorities contrary to international law; (3) calling upon the Turkish Government to respect the human rights provision of the Helsinki accord, especially in regards to Cyprus; (4) calling upon the Turkish Government to cease immediately further colonization of Cyprus and to withdraw all illegal colonists, transplanted with a view to changing the demographic nature of the Island; (5) condemning the new secessionist movement of the so-called "Federated State of Northern Cyprus"; and (6) calling upon the Government of Canada to cease further negotiations with the Turkish Government on the sale of a nuclear reactor, until the latter complies with the U.N. resolutions on Cyprus and shows a respect for international law.
4. *Ms. Bryden*—Resolution—That in the opinion of this House, recognizing that part-time workers in both the public and private sector are discriminated against by the denial of many benefits and rights provided to other workers in the same establishment, a Charter of Rights for Part-Time Workers be added to both the Employment Standards Act and the Labour Relations Act

to provide pro rata benefits and collective bargaining rights to such workers and that they be made eligible for severance pay and retraining and readjustment programs provided for other workers displaced by technological change in the same establishment.

5. *Mr. Epp*—Resolution—That this House authorizes that a Proclamation be issued by the Governor General under the Great Seal of Canada amending Section 7 of the Canadian Charter of Rights and Freedoms to read as follows:

7. Everyone has the right to life, liberty, security of the person and enjoyment of property and the right not be deprived thereof except in accordance with the principles of fundamental justice,

and urges that the Senate and House of Commons and the Legislative Assemblies of the other provinces do likewise.

7. *Mr. Foulds*—Resolution—That in the opinion of this House, the Federal Conservative government has, by eliminating full inflation protection for Canadian pensioners, imposed unfair hardships on those least able to protect themselves; and therefore, this House condemns as arbitrary and ill-conceived the budget of Michael Wilson which takes money out of the pockets of pensioners while providing more tax giveaways to the wealthy; strongly calls upon the Government of Canada to abandon its intention to de-index pensions and urges the Government of Ontario to make the strongest possible representation to the Government of Canada to re-affirm the Federal Conservative government's election promise to protect Canadian pensioners.

8. *Mr. Morin-Strom*—Resolution—That in the opinion of this House, the Federal Conservative government has favoured business and the rich at the expense of the economically disadvantaged, particularly pensioners, and considering Finance Minister Michael Wilson statement that Canada has "an acute shortage of rich people," this House condemns the federal budget of Michael Wilson that focuses on more tax breaks for the wealthy rather than providing decent pensions for elderly and more employment opportunities for the unemployed poor, and that the Canadian government should recognize that our problem is too many poor people, not too few rich people.

9. *Mr. Ramsay*—Resolution—That in the opinion of this House, the Minister of Agriculture and Food should introduce legislation to:

- (1) establish a debt review agency to referee financial disputes between farmers and banks or other lending institutions and that not less than 50% of the members of the agency should be farmers and that the agency would deal with short-term debts other than mortgages and would be empowered to make binding decisions subject only to appeal to the judge of the local court;
- (2) provide a moratorium on all farm bankruptcies and foreclosures of mortgages on farm lands and buildings except where an exemption is approved by a judge and on application by a mortgagee (lendor) the

judge may grant leave for foreclosure or commencement of bankruptcy proceedings or, alternatively, may postpone any forfeiture for such time and subject to such conditions as he thinks fit.

10. *Mr. Wildman*—Resolution—That in the opinion of this House, recognizing that small municipalities do not have the financial base necessary to purchase modern, effective and reliable fire protection equipment, the Government should provide direct financial assistance to small municipalities for the purchase of fire protection equipment.
11. *Mr. Wildman*—Resolution—That in the opinion of this House, recognizing that the much greater distance to be covered by police officers in carrying out their duties in certain northern municipalities results in the need for those municipalities to maintain larger police forces per capita to maintain an adequate police service, the Government should amend the *Ontario Unconditional Grants Act* to provide larger grants for policing to those northern municipalities.
12. *Mr. Reycraft*—Resolution—That in the opinion of this House, in witnessing the financial crisis currently being experienced by family farm operators in our rural agricultural regions, the Government of Ontario should recognize the need to encourage various long-term strategies such as the development of new commercial and industrial ventures in rural areas as alternatives and supplements to traditional farm family incomes; such initiatives will help to maintain and preserve the social fabric of our rural communities.
13. *Mr. Partington*—Resolution—That in the opinion of this House, recognizing the growing difficulties experienced by Ontario wine producers due to falling market shares and unfair trading actions by foreign governments, the Government of Ontario should accept and implement the proposals of the Wine Council of Ontario regarding a revised pricing structure for wines sold in Ontario as contained within their document, the Niagara Accord. Specifically, the Government should: reduce the non-discriminatory reference price by 7 per cent; reduce mark-up rates; reduce the Special Winery Retail Store tax to 1 per cent; impose a flat tax rate of \$12.00 per case of 12 - 750 ml. bottles to be added after mark-up changes; review the flat tax rate annually.
14. *Mr. Treleaven*—Resolution—That in the opinion of this House, recognizing the link between good transportation networks and industrial development, the Ministry of Transportation and Communications fulfill its original commitment, as stated in this House on June 20, 1983 by the then Minister of Transportation and Communications, the Honourable James Snow, to complete Highway 403 west to Highway 401 at Woodstock by the Fall of 1986.
15. *Mr. McCague*—Resolution—That this House recognizes the improved safety resulting from eye-level brake indicators on automobiles, and strongly encourages the Minister of Transportation and Communications to take appropriate measures: encourage the seeking of mandating of their installation on all new vehicles manufactured for sale in Ontario; to encourage citizens of Ontario to retrofit their vehicles.

16. *Mr. Wildman*—Resolution—That this House should request the Ontario government to amend this province's mining tax system to ensure sufficient revenues accrue to the provincial treasury from the mining companies to enable the government to allocate a reserve fund, as part of a "Northern Ontario Tomorrow Fund", to be distributed as grants, loans and guarantees for individuals, community groups, co-operatives and small businesses and temporary extraordinary grants to municipalities to assist in the economic recovery from the adverse effects of mine shutdowns.
17. *Mr. McGuigan*—Resolution—That in the opinion of this House the Standing Committee on Social Development should be asked to review the current state of governmental and private efforts directed towards the problem of missing children and, in particular, study the following matters: (1) the circumstances and frequency of child abductions; (2) the adequacy of government and community services in aiding the victims and their families; (3) the various methods available to government and to the community for publicizing cases of missing children; (4) preventive educational programs; (5) the need for revised legislation and for changes in police and court procedures in order to facilitate the location and retrieval of missing children; (6) the desirability of establishing a national co-ordination centre for missing children, to act as a link between the various local and provincial organizations; and (7) any other matters that the Committee considers relevant.

MOTIONS RELATING TO THE PROVISIONS OF THE REPORT UPON THE REDISTRIBUTION OF ONTARIO INTO ELECTORAL DISTRICTS

1 to 36. *Debated July 5, October 15, 17 and 25, 1985.*

37. *Mr. Knight*—Motion—That, pursuant to the Order of the House of November 30, 1984, consideration be given by the House to an objection to the provisions of the Report of the Ontario Electoral Boundaries Commission respecting the Electoral District of Halton-Burlington on the grounds set forth hereinafter:

1. The Commission failed to give adequate attention and consideration to geographical, political and demographic factors when planning the redistribution of electoral boundaries within the Province, factors which are specifically provided for by Paragraph 6, subsections (a) through (h) in the June 16, 1983, Resolution of the Legislative Assembly that established the Commission.
2. The Commission failed to give due consideration to the existing and traditional boundaries of Electoral Districts as specified in Paragraph 6, subsection (g), of the June 16, 1983, Resolution of the Legislative Assembly by dividing the Halton-Burlington Riding east and west instead of the traditional north and south.
3. The Commission has ignored the traditional community of interest between Milton and Halton Hills, a community of interest which does not exist to the same degree between Milton and Burlington.
4. The Commission has ignored the fact that within the Region of Halton most agencies consider the North Halton area as a distinct community from the south and have structured most agencies in a manner to reflect this reality.
5. The Commission failed to give and pay proper attention to the physical, family, economic and community of interest factors.
6. And such other objections that the undersigned Members may consider applicable in order to carry out the spirit and terms and conditions of the redistribution of Ontario Electoral Districts.

Signatures of Members supporting this Motion:

Joseph Cordiano (Downsview)
 Rick Ferraro (Wellington South)
 James Henderson (Humber)
 Remo Mancini (Essex South)
 Steve Offer (Mississauga North)
 Claudio Polsinelli (Yorkview)
 Douglas R. Reycraft (Middlesex)
 David W. Smith (Lambton)
 Laurence South (Frontenac-Addington)
 Chris Ward (Wentworth North)

38. *Mrs. Marland*—Motion—That, pursuant to the Order of the House of November 30, 1984, consideration be given by the House to an objection to the provisions of the Report of the Ontario Electoral Boundaries Commission respecting the Electoral District of Mississauga South on the grounds set forth hereinafter:

1. The Commission failed to give adequate attention and consideration to geographical, political and demographic factors when planning the redistribution of electoral boundaries within the Province, factors which are specifically provided for by Paragraph 6, subsections (a) through (h) in the June 16, 1983, Resolution of the Legislative Assembly that established the Commission.
2. The Commission failed to give adequate attention and consideration to the community or diversity of interests as specified in Paragraph 6, subsection (a) of the June 16, 1983, Resolution of the Legislative Assembly by amalgamating a distinct and separate community, Lawton Heights, east of Cawthra Road, north of the Queen Elizabeth Highway, with traditional organized neighbourhoods represented by homeowners and/or residents' associations contained in the existing Riding of Mississauga South.

In so doing, the Commission ignored the question of unity and community of interest thereby rendering more difficult adequate representation of the people in Parliament.

3. The Commission failed to give due consideration to the topographical features as specified in Paragraph 6, subsection (b) of the June 16, 1983, Resolution of the Legislative Assembly by discounting the influence of existing major roadways, Highway No. 10 on the west and the Queen Elizabeth Highway on the south, which have tended to serve as natural geographic barriers between communities of people.
4. The Commission failed to give due consideration to the existing boundaries of municipalities or wards thereof as specified in Paragraph 6, subsection (f) of the June 16, 1983, Resolution of the Legislative Assembly by discounting the influence of existing traditional municipal wards boundaries which serve to separate and distinguish neighbourhood organizations. By amalgamating a portion of Ward 7 with Ward 1 it appears that the Commission failed to give due consideration to the demands placed on the Member of the Provincial Parliament for the Riding in question, thereby rendering more difficult adequate representation of the people in Parliament.
5. The Commission failed to give due consideration to the existing and traditional boundaries of electoral districts as specified in Paragraph 6, subsection (g) of the June 16, 1983, Resolution of the Legislative Assembly by extending the northern boundary of the Riding to Dundas Street, despite the fact that the current northern boundary, Queen Elizabeth Highway represents a natural extension in comparison to existing ward boundaries, and preserves the physical, social and economic cohesion of the present electoral district.

6. The Commission failed to give due consideration to special geographic considerations, including the accessibility of such regions or the size or shape thereof as specified in Paragraph 6, subsection (h) of the June 16, 1983, Resolution of the Legislative Assembly by increasing the size of the riding in north-south terms and adding a community at the north end separated from the rest of the riding by the Queen Elizabeth Highway.

At the same time, the Commission failed to facilitate the need for ease of transportation and communication, thereby rendering more difficult adequate representation of the people in Parliament.

7. And such other objections that the undersigned Members may consider applicable in order to carry out the spirit and terms and conditions of the redistribution of Ontario Electoral Districts.

Signatures of Members supporting this Motion:

 Bill Barlow (Cambridge)
 Susan Fish (St. George)
 Bud Gregory (Mississauga East)
 Luc Guindon (Cornwall)
 Mickey Hennessy (Thunder Bay)

 Peter Partington (Brock)
 W. Earl Rowe (Simcoe Centre)

39. *Mr. Cordiano*—Motion—That, pursuant to the Order of the House of November 30, 1984, consideration be given by the House to an objection to the provisions of the Report of the Ontario Electoral Boundaries Commission respecting the Electoral District of Downsview on the grounds set forth hereinafter:

1. The Commission failed to give adequate attention and consideration to geographical, political and demographic factors when planning the redistribution of electoral boundaries within the Province, factors which are specifically provided for by Paragraph 6, subsections (a) through (h) in the June 16, 1983, Resolution of the Legislative Assembly that established the Commission.
2. The Commission did not give adequate consideration to all the representations made to the Commission during the course of the Public Hearings.
3. The Commission failed to give adequate consideration to the existing boundaries of the riding, and placed too much emphasis on population Quotas in determining boundaries for the Proposed Electoral District of Downsview.
4. The Commission failed to give adequate consideration to the cultural links uniting the people North of Highway 401 and South of Sheppard

Avenue (between Jane Street on the west and the Allen Expressway on the east) with the people South of Highway 401 and North of the North York city limit (between Jane Street on the west and C.N. railway lines on the east).

5. And such other objections that the undersigned Members may consider applicable in order to carry out the spirit and terms and conditions of the redistribution of Ontario Electoral Districts.

Signatures of Members supporting this Motion:

NOTICES

GOVERNMENT MOTION

10. *Debated October 24, 25, 28 and 29, 1985.*
-

PRIVATE MEMBERS' MOTIONS

1. *Mr. Johnston* (Scarborough West)—Resolution—That in the opinion of this House, the Province of Ontario, Canada, should declare itself a Nuclear Arms Free Zone, and the Government should prohibit the deployment of nuclear weapons in Ontario, the testing of nuclear weapons and associated equipment in the Province, the construction of nuclear weapons and associated equipment, the transport of nuclear weapons and associated equipment through and within the Province, and the export of goods and materials for use in the construction and deployment of nuclear arms. In addition, the Province should encourage cities, provinces and states throughout the world to initiate similar action.
2. *Mr. Foulds*—Resolution—That in the opinion of this House, recognizing that access to health care treatment and facilities should be a right and not a privilege, and should not be subject to geographic or economic barriers, the Government of Ontario should incorporate as a fully-insured service under OHIP the cost of medically necessary travel, as determined by a qualified physician, in excess of 200 miles; and further that the Government should begin by instituting such coverage for residents of Northern Ontario (that is for those living in the Territorial Districts north of the French River) within six months of the passage of this resolution and that coverage for the rest of the province be phased in over a four-year period; and further that in the case of a child needing such medically necessary travel, the Government give consideration to covering the costs of travel for one parent or guardian of such a child.
3. *Mr. Warner*—Resolution—That in the opinion of this House, considering the continuing Turkish occupation of Cyprus and the unknown fate of 2,000 missing Cypriots, the Government of Ontario should express concern about the continuing illegal Turkish colonization of Cyprus, and the latest secessionist movement of the Denktash regime, by: (1) urging the Government of Canada to support measures for the implementation of the U.N. resolutions on Cyprus; (2) calling upon the Turkish Government to provide immediate information on the missing Cypriots which according to indisputable evidence are held by Turkish authorities contrary to international law; (3) calling upon the Turkish Government to respect the human rights provision of the Helsinki accord, especially in regards to Cyprus; (4) calling upon the Turkish Government to cease immediately further colonization of Cyprus and to withdraw all illegal colonists, transplanted with a view to changing the demographic nature of the Island; (5) condemning the new secessionist movement of the so-called "Federated State of Northern Cyprus"; and (6) calling upon the Government of Canada to cease further negotiations with the Turkish Government on the sale of a nuclear reactor, until the latter complies with the U.N. resolutions on Cyprus and shows a respect for international law.
4. *Ms. Bryden*—Resolution—That in the opinion of this House, recognizing that part-time workers in both the public and private sector are discriminated against by the denial of many benefits and rights provided to other workers in the same establishment, a Charter of Rights for Part-Time Workers be added to both the Employment Standards Act and the Labour Relations Act

to provide pro rata benefits and collective bargaining rights to such workers and that they be made eligible for severance pay and retraining and readjustment programs provided for other workers displaced by technological change in the same establishment.

5. *Mr. Epp*—Resolution—That this House authorizes that a Proclamation be issued by the Governor General under the Great Seal of Canada amending Section 7 of the Canadian Charter of Rights and Freedoms to read as follows:

7. Everyone has the right to life, liberty, security of the person and enjoyment of property and the right not be deprived thereof except in accordance with the principles of fundamental justice,

and urges that the Senate and House of Commons and the Legislative Assemblies of the other provinces do likewise.

7. *Mr. Foulds*—Resolution—That in the opinion of this House, the Federal Conservative government has, by eliminating full inflation protection for Canadian pensioners, imposed unfair hardships on those least able to protect themselves; and therefore, this House condemns as arbitrary and ill-conceived the budget of Michael Wilson which takes money out of the pockets of pensioners while providing more tax giveaways to the wealthy; strongly calls upon the Government of Canada to abandon its intention to de-index pensions and urges the Government of Ontario to make the strongest possible representation to the Government of Canada to re-affirm the Federal Conservative government's election promise to protect Canadian pensioners.
8. *Mr. Morin-Strom*—Resolution—That in the opinion of this House, the Federal Conservative government has favoured business and the rich at the expense of the economically disadvantaged, particularly pensioners, and considering Finance Minister Michael Wilson statement that Canada has "an acute shortage of rich people," this House condemns the federal budget of Michael Wilson that focuses on more tax breaks for the wealthy rather than providing decent pensions for elderly and more employment opportunities for the unemployed poor, and that the Canadian government should recognize that our problem is too many poor people, not too few rich people.
9. *Mr. Ramsay*—Resolution—That in the opinion of this House, the Minister of Agriculture and Food should introduce legislation to:

- (1) establish a debt review agency to referee financial disputes between farmers and banks or other lending institutions and that not less than 50% of the members of the agency should be farmers and that the agency would deal with short-term debts other than mortgages and would be empowered to make binding decisions subject only to appeal to the judge of the local court;
- (2) provide a moratorium on all farm bankruptcies and foreclosures of mortgages on farm lands and buildings except where an exemption is approved by a judge and on application by a mortgagee (lender) the

judge may grant leave for foreclosure or commencement of bankruptcy proceedings or, alternatively, may postpone any forfeiture for such time and subject to such conditions as he thinks fit.

10. *Mr. Wildman*—Resolution—That in the opinion of this House, recognizing that small municipalities do not have the financial base necessary to purchase modern, effective and reliable fire protection equipment, the Government should provide direct financial assistance to small municipalities for the purchase of fire protection equipment.
11. *Mr. Wildman*—Resolution—That in the opinion of this House, recognizing that the much greater distance to be covered by police officers in carrying out their duties in certain northern municipalities results in the need for those municipalities to maintain larger police forces per capita to maintain an adequate police service, the Government should amend the *Ontario Unconditional Grants Act* to provide larger grants for policing to those northern municipalities.
12. *Mr. Reycraft*—Resolution—That in the opinion of this House, in witnessing the financial crisis currently being experienced by family farm operators in our rural agricultural regions, the Government of Ontario should recognize the need to encourage various long-term strategies such as the development of new commercial and industrial ventures in rural areas as alternatives and supplements to traditional farm family incomes; such initiatives will help to maintain and preserve the social fabric of our rural communities.
13. *Mr. Partington*—Resolution—That in the opinion of this House, recognizing the growing difficulties experienced by Ontario wine producers due to falling market shares and unfair trading actions by foreign governments, the Government of Ontario should accept and implement the proposals of the Wine Council of Ontario regarding a revised pricing structure for wines sold in Ontario as contained within their document, the Niagara Accord. Specifically, the Government should: reduce the non-discriminatory reference price by 7 per cent; reduce mark-up rates; reduce the Special Winery Retail Store tax to 1 per cent; impose a flat tax rate of \$12.00 per case of 12 - 750 ml. bottles to be added after mark-up changes; review the flat tax rate annually.
14. *Mr. Treleaven*—Resolution—That in the opinion of this House, recognizing the link between good transportation networks and industrial development, the Ministry of Transportation and Communications fulfill its original commitment, as stated in this House on June 20, 1983 by the then Minister of Transportation and Communications, the Honourable James Snow, to complete Highway 403 west to Highway 401 at Woodstock by the Fall of 1986.
15. *Mr. McCague*—Resolution—That this House recognizes the improved safety resulting from eye-level brake indicators on automobiles, and strongly encourages the Minister of Transportation and Communications to take appropriate measures: encourage the seeking of mandating of their installation on all new vehicles manufactured for sale in Ontario; to encourage citizens of Ontario to retrofit their vehicles.

16. *Mr. Wildman*—Resolution—That this House should request the Ontario government to amend this province's mining tax system to ensure sufficient revenues accrue to the provincial treasury from the mining companies to enable the government to allocate a reserve fund, as part of a "Northern Ontario Tomorrow Fund", to be distributed as grants, loans and guarantees for individuals, community groups, co-operatives and small businesses and temporary extraordinary grants to municipalities to assist in the economic recovery from the adverse effects of mine shutdowns.
 17. *Mr. McGuigan*—Resolution—That in the opinion of this House the Standing Committee on Social Development should be asked to review the current state of governmental and private efforts directed towards the problem of missing children and, in particular, study the following matters: (1) the circumstances and frequency of child abductions; (2) the adequacy of government and community services in aiding the victims and their families; (3) the various methods available to government and to the community for publicizing cases of missing children; (4) preventive educational programs; (5) the need for revised legislation and for changes in police and court procedures in order to facilitate the location and retrieval of missing children; (6) the desirability of establishing a national co-ordination centre for missing children, to act as a link between the various local and provincial organizations; and (7) any other matters that the Committee considers relevant.
 18. *Mr. Wildman*—Resolution—That in the opinion of this House the Ministries of Natural Resources and Transportation and Communications should implement, jointly, a formal testing program to investigate the effectiveness of the "wildlife saver" devices when attached to automobiles, to determine whether the use of these devices would have adverse effects on either the general public or domestic animals and wild game, and to study the feasibility of requiring the installation of these devices on motor vehicles in certain regions of the province or throughout Ontario.
 19. *Mr. Charlton*—Resolution—That in the opinion of this House, since the Government of Ontario has in the past failed to adequately promote and assist in the implementation of energy conservation and renewable energy alternatives, and has thereby failed to serve the best interests of the people of the province, therefore the Government of Ontario should take immediate action to ensure that the Ministry of Energy fulfils its responsibility to the people of Ontario in the areas of energy conservation and renewable energy resources, their promotion, availability and programs to assist in their implementation.

MOTIONS RELATING TO THE PROVISIONS OF THE REPORT UPON THE REDISTRIBUTION OF ONTARIO INTO ELECTORAL DISTRICTS

1 to 36. *Debated July 5, October 15, 17 and 25, 1985.*

37. *Mr. Knight*—Motion—That, pursuant to the Order of the House of November 30, 1984, consideration be given by the House to an objection to the provisions of the Report of the Ontario Electoral Boundaries Commission respecting the Electoral District of Halton-Burlington on the grounds set forth hereinafter:

1. The Commission failed to give adequate attention and consideration to geographical, political and demographic factors when planning the redistribution of electoral boundaries within the Province, factors which are specifically provided for by Paragraph 6, subsections (a) through (h) in the June 16, 1983, Resolution of the Legislative Assembly that established the Commission.
2. The Commission failed to give due consideration to the existing and traditional boundaries of Electoral Districts as specified in Paragraph 6, subsection (g), of the June 16, 1983, Resolution of the Legislative Assembly by dividing the Halton-Burlington Riding east and west instead of the traditional north and south.
3. The Commission has ignored the traditional community of interest between Milton and Halton Hills, a community of interest which does not exist to the same degree between Milton and Burlington.
4. The Commission has ignored the fact that within the Region of Halton most agencies consider the North Halton area as a distinct community from the south and have structured most agencies in a manner to reflect this reality.
5. The Commission failed to give and pay proper attention to the physical, family, economic and community of interest factors.
6. And such other objections that the undersigned Members may consider applicable in order to carry out the spirit and terms and conditions of the redistribution of Ontario Electoral Districts.

Signatures of Members supporting this Motion:

Joseph Cordiano (Downsview)
 Rick Ferraro (Wellington South)
 James Henderson (Humber)
 Remo Mancini (Essex South)
 Steve Offer (Mississauga North)
 Claudio Polsinelli (Yorkview)
 Douglas R. Reycraft (Middlesex)
 David W. Smith (Lambton)
 Laurence South (Frontenac-Addington)
 Chris Ward (Wentworth North)

38. *Mrs. Marland*—Motion—That, pursuant to the Order of the House of November 30, 1984, consideration be given by the House to an objection to the provisions of the Report of the Ontario Electoral Boundaries Commission respecting the Electoral District of Mississauga South on the grounds set forth hereinafter:

1. The Commission failed to give adequate attention and consideration to geographical, political and demographic factors when planning the redistribution of electoral boundaries within the Province, factors which are specifically provided for by Paragraph 6, subsections (a) through (h) in the June 16, 1983, Resolution of the Legislative Assembly that established the Commission.
2. The Commission failed to give adequate attention and consideration to the community or diversity of interests as specified in Paragraph 6, subsection (a) of the June 16, 1983, Resolution of the Legislative Assembly by amalgamating a distinct and separate community, Lawton Heights, east of Cawthra Road, north of the Queen Elizabeth Highway, with traditional organized neighbourhoods represented by homeowners and/or residents' associations contained in the existing Riding of Mississauga South.

In so doing, the Commission ignored the question of unity and community of interest thereby rendering more difficult adequate representation of the people in Parliament.

3. The Commission failed to give due consideration to the topographical features as specified in Paragraph 6, subsection (b) of the June 16, 1983, Resolution of the Legislative Assembly by discounting the influence of existing major roadways, Highway No. 10 on the west and the Queen Elizabeth Highway on the south, which have tended to serve as natural geographic barriers between communities of people.
4. The Commission failed to give due consideration to the existing boundaries of municipalities or wards thereof as specified in Paragraph 6, subsection (f) of the June 16, 1983, Resolution of the Legislative Assembly by discounting the influence of existing traditional municipal wards boundaries which serve to separate and distinguish neighbourhood organizations. By amalgamating a portion of Ward 7 with Ward 1 it appears that the Commission failed to give due consideration to the demands placed on the Member of the Provincial Parliament for the Riding in question, thereby rendering more difficult adequate representation of the people in Parliament.
5. The Commission failed to give due consideration to the existing and traditional boundaries of electoral districts as specified in Paragraph 6, subsection (g) of the June 16, 1983, Resolution of the Legislative Assembly by extending the northern boundary of the Riding to Dundas Street, despite the fact that the current northern boundary, Queen Elizabeth Highway represents a natural extension in comparison to existing ward boundaries, and preserves the physical, social and economic cohesion of the present electoral district.

6. The Commission failed to give due consideration to special geographic considerations, including the accessibility of such regions or the size or shape thereof as specified in Paragraph 6, subsection (h) of the June 16, 1983, Resolution of the Legislative Assembly by increasing the size of the riding in north-south terms and adding a community at the north end separated from the rest of the riding by the Queen Elizabeth Highway.

At the same time, the Commission failed to facilitate the need for ease of transportation and communication, thereby rendering more difficult adequate representation of the people in Parliament.

7. And such other objections that the undersigned Members may consider applicable in order to carry out the spirit and terms and conditions of the redistribution of Ontario Electoral Districts.

Signatures of Members supporting this Motion:

 Peter Partington (Brock)
 W. Earl Rowe (Simcoe Centre)

39. *Mr. Cordiano*—Motion—That, pursuant to the Order of the House of November 30, 1984, consideration be given by the House to an objection to the provisions of the Report of the Ontario Electoral Boundaries Commission respecting the Electoral District of Downsview on the grounds set forth hereinafter:

1. The Commission failed to give adequate attention and consideration to geographical, political and demographic factors when planning the redistribution of electoral boundaries within the Province, factors which are specifically provided for by Paragraph 6, subsections (a) through (h) in the June 16, 1983, Resolution of the Legislative Assembly that established the Commission.
2. The Commission did not give adequate consideration to all the representations made to the Commission during the course of the Public Hearings.
3. The Commission failed to give adequate consideration to the existing boundaries of the riding, and placed too much emphasis on population Quotas in determining boundaries for the Proposed Electoral District of Downsview.
4. The Commission failed to give adequate consideration to the cultural links uniting the people North of Highway 401 and South of Sheppard

Avenue (between Jane Street on the west and the Allen Expressway on the east) with the people South of Highway 401 and North of the North York city limit (between Jane Street on the west and C.N. railway lines on the east).

5. And such other objections that the undersigned Members may consider applicable in order to carry out the spirit and terms and conditions of the redistribution of Ontario Electoral Districts.

Signatures of Members supporting this Motion:

QUESTIONS

(Questions are to appear on the day after they are tabled and on every subsequent day in the week they are tabled and then subsequently only on each Monday until an Answer (other than an Interim Answer) is tabled. A question tabled on a Friday will appear on each day of the following week.)

78. *Mrs. Grier*—Enquiry of the Ministry—Would the Minister of the Environment please provide a complete list of all the reports that were prepared by the Ministry of the Environment in the last six years before the Conservatives left office and which have not yet been released to the public. *October 29, 1985.*
79. *Mr. Warner*—Enquiry of the Ministry—Will the Minister of Health officially recognize the term “environmental illness” and if there is no intention to recognize “environmental illness”, why not. (2) If the Minister accepts “environmental illness” as a legitimate medical concern will attendant changes be made to O.H.I.P. so that medically necessary procedures required to treat environmental illness will be covered. (3) If the Minister accepts the “environmental illness” as a legitimate medical concern will the Minister so inform and request the necessary changes which will be required to: (a) Workers’ Compensation Act; (b) G.A.I.N.S. Pension; (c) Social Assistance Diet Allowance; (d) Unemployment Insurance Commission; (e) Canada Pension Plan. (4) When will the Minister release the Report, by Judge Thompson, “Environmental Hypersensitivity Disorders”. *October 30, 1985.*

PRIVATE MEMBERS' BUSINESS TO BE DEBATED

(Precedence in accordance with the draw of July 11, 1985 and pursuant to Standing Order 64 (d).)

Ballot Item No. 1

Mr. Reycraft—Resolution—That in the opinion of this House, in witnessing the financial crisis currently being experienced by family farm operators in our rural agricultural regions, the Government of Ontario should recognize the need to encourage various long-term strategies such as the development of new commercial and industrial ventures in rural areas as alternatives and supplements to traditional farm family incomes; such initiatives will help to maintain and preserve the social fabric of our rural communities. *To be debated Thursday, October 31, 1985.*

Ballot Item No. 2

Mr. Partington—Resolution—That in the opinion of this House, recognizing the growing difficulties experienced by Ontario wine producers due to falling market shares and unfair trading actions by foreign governments, the Government of Ontario should accept and implement the proposals of the Wine Council of Ontario regarding a revised pricing structure for wines sold in Ontario as contained within their document, the Niagara Accord. Specifically, the Government should: reduce the non-discriminatory reference price by 7 per cent; reduce mark-up rates; reduce the Special Winery Retail Store tax to 1 per cent; impose a flat tax rate of \$12.00 per case of 12 - 750 ml. bottles to be added after mark-up changes; review the flat tax rate annually. *To be debated Thursday, October 31, 1985.*

Ballot Item No. 3

Second Reading Bill 39, An Act to amend the Regional Municipality of Hamilton-Wentworth Act. *Mr. Allen. To be debated Thursday, November 7, 1985.*

Ballot Item No. 4

Mr. McGuigan—Resolution—That in the opinion of this House the Standing Committee on Social Development should be asked to review the current state of governmental and private efforts directed towards the problem of missing children and, in particular, study the following matters: (1) the circumstances and frequency of child abductions; (2) the adequacy of government and community services in aiding the victims and their families; (3) the various methods available to government and to the community for publicizing cases of missing children; (4) preventive educational programs; (5) the need for revised legislation and for changes in police and court procedures in order to facilitate the location and retrieval of missing children; (6) the desirability of establishing a national co-ordination centre for missing children, to act as a link between the various local and provincial organizations; and (7) any other matters that the Committee considers relevant. *To be debated Thursday, November 7, 1985.*

Ballot Item No. 5

Mr. Treleaven—Resolution—That in the opinion of this House, recognizing the link between good transportation networks and industrial development, the Ministry of Transportation and Communications fulfill its original commitment, as stated in this House on June 20, 1983 by the then Minister of Transportation and Communications, the Honourable James Snow, to complete Highway 403 west to Highway 401 at Woodstock by the Fall of 1986. To be debated Thursday, November 14, 1985.

Ballot Item No. 6

Mr. Charlton—Resolution—That in the opinion of this House, since the Government of Ontario has in the past failed to adequately promote and assist in the implementation of energy conservation and renewable energy alternatives, and has thereby failed to serve the best interests of the people of the province, therefore the Government of Ontario should take immediate action to ensure that the Ministry of Energy fulfils its responsibility to the people of Ontario in the areas of energy conservation and renewable energy resources, their promotion, availability and programs to assist in their implementation. To be debated Thursday, November 14, 1985.

NOTICES

GOVERNMENT MOTION

10. *Debated October 24, 25, 28 and 29, 1985.*
-

PRIVATE MEMBERS' MOTIONS

1. *Mr. Johnston* (Scarborough West)—Resolution—That in the opinion of this House, the Province of Ontario, Canada, should declare itself a Nuclear Arms Free Zone, and the Government should prohibit the deployment of nuclear weapons in Ontario, the testing of nuclear weapons and associated equipment in the Province, the construction of nuclear weapons and associated equipment, the transport of nuclear weapons and associated equipment through and within the Province, and the export of goods and materials for use in the construction and deployment of nuclear arms. In addition, the Province should encourage cities, provinces and states throughout the world to initiate similar action.
2. *Mr. Foulds*—Resolution—That in the opinion of this House, recognizing that access to health care treatment and facilities should be a right and not a privilege, and should not be subject to geographic or economic barriers, the Government of Ontario should incorporate as a fully-insured service under OHIP the cost of medically necessary travel, as determined by a qualified physician, in excess of 200 miles; and further that the Government should begin by instituting such coverage for residents of Northern Ontario (that is for those living in the Territorial Districts north of the French River) within six months of the passage of this resolution and that coverage for the rest of the province be phased in over a four-year period; and further that in the case of a child needing such medically necessary travel, the Government give consideration to covering the costs of travel for one parent or guardian of such a child.
3. *Mr. Warner*—Resolution—That in the opinion of this House, considering the continuing Turkish occupation of Cyprus and the unknown fate of 2,000 missing Cypriots, the Government of Ontario should express concern about the continuing illegal Turkish colonization of Cyprus, and the latest secessionist movement of the Denktash regime, by: (1) urging the Government of Canada to support measures for the implementation of the U.N. resolutions on Cyprus; (2) calling upon the Turkish Government to provide immediate information on the missing Cypriots which according to indisputable evidence are held by Turkish authorities contrary to international law; (3) calling upon the Turkish Government to respect the human rights provision of the Helsinki accord, especially in regards to Cyprus; (4) calling upon the Turkish Government to cease immediately further colonization of Cyprus and to withdraw all illegal colonists, transplanted with a view to changing the demographic nature of the Island; (5) condemning the new secessionist movement of the so-called "Federated State of Northern Cyprus"; and (6) calling upon the Government of Canada to cease further negotiations with the Turkish Government on the sale of a nuclear reactor, until the latter complies with the U.N. resolutions on Cyprus and shows a respect for international law.
4. *Ms. Bryden*—Resolution—That in the opinion of this House, recognizing that part-time workers in both the public and private sector are discriminated against by the denial of many benefits and rights provided to other workers in the same establishment, a Charter of Rights for Part-Time Workers be added to both the Employment Standards Act and the Labour Relations Act

to provide pro rata benefits and collective bargaining rights to such workers and that they be made eligible for severance pay and retraining and readjustment programs provided for other workers displaced by technological change in the same establishment.

5. *Mr. Epp*—Resolution—That this House authorizes that a Proclamation be issued by the Governor General under the Great Seal of Canada amending Section 7 of the Canadian Charter of Rights and Freedoms to read as follows:

7. Everyone has the right to life, liberty, security of the person and enjoyment of property and the right not be deprived thereof except in accordance with the principles of fundamental justice,

and urges that the Senate and House of Commons and the Legislative Assemblies of the other provinces do likewise.

7. *Mr. Foulds*—Resolution—That in the opinion of this House, the Federal Conservative government has, by eliminating full inflation protection for Canadian pensioners, imposed unfair hardships on those least able to protect themselves; and therefore, this House condemns as arbitrary and ill-conceived the budget of Michael Wilson which takes money out of the pockets of pensioners while providing more tax giveaways to the wealthy; strongly calls upon the Government of Canada to abandon its intention to de-index pensions and urges the Government of Ontario to make the strongest possible representation to the Government of Canada to re-affirm the Federal Conservative government's election promise to protect Canadian pensioners.
8. *Mr. Morin-Strom*—Resolution—That in the opinion of this House, the Federal Conservative government has favoured business and the rich at the expense of the economically disadvantaged, particularly pensioners, and considering Finance Minister Michael Wilson statement that Canada has "an acute shortage of rich people," this House condemns the federal budget of Michael Wilson that focuses on more tax breaks for the wealthy rather than providing decent pensions for elderly and more employment opportunities for the unemployed poor, and that the Canadian government should recognize that our problem is too many poor people, not too few rich people.
9. *Mr. Ramsay*—Resolution—That in the opinion of this House, the Minister of Agriculture and Food should introduce legislation to:
 - (1) establish a debt review agency to referee financial disputes between farmers and banks or other lending institutions and that not less than 50% of the members of the agency should be farmers and that the agency would deal with short-term debts other than mortgages and would be empowered to make binding decisions subject only to appeal to the judge of the local court;
 - (2) provide a moratorium on all farm bankruptcies and foreclosures of mortgages on farm lands and buildings except where an exemption is approved by a judge and on application by a mortgagee (lender) the

judge may grant leave for foreclosure or commencement of bankruptcy proceedings or, alternatively, may postpone any forfeiture for such time and subject to such conditions as he thinks fit.

10. *Mr. Wildman*—Resolution—That in the opinion of this House, recognizing that small municipalities do not have the financial base necessary to purchase modern, effective and reliable fire protection equipment, the Government should provide direct financial assistance to small municipalities for the purchase of fire protection equipment.
11. *Mr. Wildman*—Resolution—That in the opinion of this House, recognizing that the much greater distance to be covered by police officers in carrying out their duties in certain northern municipalities results in the need for those municipalities to maintain larger police forces per capita to maintain an adequate police service, the Government should amend the *Ontario Unconditional Grants Act* to provide larger grants for policing to those northern municipalities.
12. *Mr. Reyecraft*—Resolution—That in the opinion of this House, in witnessing the financial crisis currently being experienced by family farm operators in our rural agricultural regions, the Government of Ontario should recognize the need to encourage various long-term strategies such as the development of new commercial and industrial ventures in rural areas as alternatives and supplements to traditional farm family incomes; such initiatives will help to maintain and preserve the social fabric of our rural communities.
13. *Mr. Partington*—Resolution—That in the opinion of this House, recognizing the growing difficulties experienced by Ontario wine producers due to falling market shares and unfair trading actions by foreign governments, the Government of Ontario should accept and implement the proposals of the Wine Council of Ontario regarding a revised pricing structure for wines sold in Ontario as contained within their document, the Niagara Accord. Specifically, the Government should: reduce the non-discriminatory reference price by 7 per cent; reduce mark-up rates; reduce the Special Winery Retail Store tax to 1 per cent; impose a flat tax rate of \$12.00 per case of 12 - 750 ml. bottles to be added after mark-up changes; review the flat tax rate annually.
14. *Mr. Treleaven*—Resolution—That in the opinion of this House, recognizing the link between good transportation networks and industrial development, the Ministry of Transportation and Communications fulfill its original commitment, as stated in this House on June 20, 1983 by the then Minister of Transportation and Communications, the Honourable James Snow, to complete Highway 403 west to Highway 401 at Woodstock by the Fall of 1986.
15. *Mr. McCague*—Resolution—That this House recognizes the improved safety resulting from eye-level brake indicators on automobiles, and strongly encourages the Minister of Transportation and Communications to take appropriate measures: encourage the seeking of mandating of their installation on all new vehicles manufactured for sale in Ontario; to encourage citizens of Ontario to retrofit their vehicles.

16. *Mr. Wildman*—Resolution—That this House should request the Ontario government to amend this province's mining tax system to ensure sufficient revenues accrue to the provincial treasury from the mining companies to enable the government to allocate a reserve fund, as part of a "Northern Ontario Tomorrow Fund", to be distributed as grants, loans and guarantees for individuals, community groups, co-operatives and small businesses and temporary extraordinary grants to municipalities to assist in the economic recovery from the adverse effects of mine shutdowns.
 17. *Mr. McGuigan*—Resolution—That in the opinion of this House the Standing Committee on Social Development should be asked to review the current state of governmental and private efforts directed towards the problem of missing children and, in particular, study the following matters: (1) the circumstances and frequency of child abductions; (2) the adequacy of government and community services in aiding the victims and their families; (3) the various methods available to government and to the community for publicizing cases of missing children; (4) preventive educational programs; (5) the need for revised legislation and for changes in police and court procedures in order to facilitate the location and retrieval of missing children; (6) the desirability of establishing a national co-ordination centre for missing children, to act as a link between the various local and provincial organizations; and (7) any other matters that the Committee considers relevant.
 18. *Mr. Wildman*—Resolution—That in the opinion of this House the Ministries of Natural Resources and Transportation and Communications should implement, jointly, a formal testing program to investigate the effectiveness of the "wildlife saver" devices when attached to automobiles, to determine whether the use of these devices would have adverse effects on either the general public or domestic animals and wild game, and to study the feasibility of requiring the installation of these devices on motor vehicles in certain regions of the province or throughout Ontario.
 19. *Mr. Charlton*—Resolution—That in the opinion of this House, since the Government of Ontario has in the past failed to adequately promote and assist in the implementation of energy conservation and renewable energy alternatives, and has thereby failed to serve the best interests of the people of the province, therefore the Government of Ontario should take immediate action to ensure that the Ministry of Energy fulfils its responsibility to the people of Ontario in the areas of energy conservation and renewable energy resources, their promotion, availability and programs to assist in their implementation.

MOTIONS RELATING TO THE PROVISIONS OF THE REPORT UPON THE REDISTRIBUTION OF ONTARIO INTO ELECTORAL DISTRICTS

1 to 36. *Debated July 5, October 15, 17 and 25, 1985.*

37. *Mr. Knight*—Motion—That, pursuant to the Order of the House of November 30, 1984, consideration be given by the House to an objection to the provisions of the Report of the Ontario Electoral Boundaries Commission respecting the Electoral District of Halton-Burlington on the grounds set forth hereinafter:

1. The Commission failed to give adequate attention and consideration to geographical, political and demographic factors when planning the redistribution of electoral boundaries within the Province, factors which are specifically provided for by Paragraph 6, subsections (a) through (h) in the June 16, 1983, Resolution of the Legislative Assembly that established the Commission.
2. The Commission failed to give due consideration to the existing and traditional boundaries of Electoral Districts as specified in Paragraph 6, subsection (g), of the June 16, 1983, Resolution of the Legislative Assembly by dividing the Halton-Burlington Riding east and west instead of the traditional north and south.
3. The Commission has ignored the traditional community of interest between Milton and Halton Hills, a community of interest which does not exist to the same degree between Milton and Burlington.
4. The Commission has ignored the fact that within the Region of Halton most agencies consider the North Halton area as a distinct community from the south and have structured most agencies in a manner to reflect this reality.
5. The Commission failed to give and pay proper attention to the physical, family, economic and community of interest factors.
6. And such other objections that the undersigned Members may consider applicable in order to carry out the spirit and terms and conditions of the redistribution of Ontario Electoral Districts.

Signatures of Members supporting this Motion:

Joseph Cordiano (Downsview)
 Rick Ferraro (Wellington South)
 James Henderson (Humber)
 Remo Mancini (Essex South)
 Steve Offer (Mississauga North)
 Claudio Polsinelli (Yorkview)
 Douglas R. Reycraft (Middlesex)
 David W. Smith (Lambton)
 Laurence South (Frontenac-Addington)
 Chris Ward (Wentworth North)

38. *Mrs. Marland*—Motion—That, pursuant to the Order of the House of November 30, 1984, consideration be given by the House to an objection to the provisions of the Report of the Ontario Electoral Boundaries Commission respecting the Electoral District of Mississauga South on the grounds set forth hereinafter:

1. The Commission failed to give adequate attention and consideration to geographical, political and demographic factors when planning the redistribution of electoral boundaries within the Province, factors which are specifically provided for by Paragraph 6, subsections (a) through (h) in the June 16, 1983, Resolution of the Legislative Assembly that established the Commission.
2. The Commission failed to give adequate attention and consideration to the community or diversity of interests as specified in Paragraph 6, subsection (a) of the June 16, 1983, Resolution of the Legislative Assembly by amalgamating a distinct and separate community, Lawton Heights, east of Cawthra Road, north of the Queen Elizabeth Highway, with traditional organized neighbourhoods represented by homeowners and/or residents' associations contained in the existing Riding of Mississauga South.

In so doing, the Commission ignored the question of unity and community of interest thereby rendering more difficult adequate representation of the people in Parliament.

3. The Commission failed to give due consideration to the topographical features as specified in Paragraph 6, subsection (b) of the June 16, 1983, Resolution of the Legislative Assembly by discounting the influence of existing major roadways, Highway No. 10 on the west and the Queen Elizabeth Highway on the south, which have tended to serve as natural geographic barriers between communities of people.
4. The Commission failed to give due consideration to the existing boundaries of municipalities or wards thereof as specified in Paragraph 6, subsection (f) of the June 16, 1983, Resolution of the Legislative Assembly by discounting the influence of existing traditional municipal wards boundaries which serve to separate and distinguish neighbourhood organizations. By amalgamating a portion of Ward 7 with Ward 1 it appears that the Commission failed to give due consideration to the demands placed on the Member of the Provincial Parliament for the Riding in question, thereby rendering more difficult adequate representation of the people in Parliament.
5. The Commission failed to give due consideration to the existing and traditional boundaries of electoral districts as specified in Paragraph 6, subsection (g) of the June 16, 1983, Resolution of the Legislative Assembly by extending the northern boundary of the Riding to Dundas Street, despite the fact that the current northern boundary, Queen Elizabeth Highway represents a natural extension in comparison to existing ward boundaries, and preserves the physical, social and economic cohesion of the present electoral district.

6. The Commission failed to give due consideration to special geographic considerations, including the accessibility of such regions or the size or shape thereof as specified in Paragraph 6, subsection (h) of the June 16, 1983, Resolution of the Legislative Assembly by increasing the size of the riding in north-south terms and adding a community at the north end separated from the rest of the riding by the Queen Elizabeth Highway.

At the same time, the Commission failed to facilitate the need for ease of transportation and communication, thereby rendering more difficult adequate representation of the people in Parliament.

7. And such other objections that the undersigned Members may consider applicable in order to carry out the spirit and terms and conditions of the redistribution of Ontario Electoral Districts.

39. *Mr. Cordiano*—Motion—That, pursuant to the Order of the House of November 30, 1984, consideration be given by the House to an objection to the provisions of the Report of the Ontario Electoral Boundaries Commission respecting the Electoral District of Downsview on the grounds set forth hereinafter:

1. The Commission failed to give adequate attention and consideration to geographical, political and demographic factors when planning the redistribution of electoral boundaries within the Province, factors which are specifically provided for by Paragraph 6, subsections (a) through (h) in the June 16, 1983, Resolution of the Legislative Assembly that established the Commission.
2. The Commission did not give adequate consideration to all the representations made to the Commission during the course of the Public Hearings.
3. The Commission failed to give adequate consideration to the existing boundaries of the riding, and placed too much emphasis on population Quotas in determining boundaries for the Proposed Electoral District of Downsview.
4. The Commission failed to give adequate consideration to the cultural links uniting the people North of Highway 401 and South of Sheppard

Avenue (between Jane Street on the west and the Allen Expressway on the east) with the people South of Highway 401 and North of the North York city limit (between Jane Street on the west and C.N. railway lines on the east).

5. And such other objections that the undersigned Members may consider applicable in order to carry out the spirit and terms and conditions of the redistribution of Ontario Electoral Districts.

QUESTIONS

(Questions are to appear on the day after they are tabled and on every subsequent day in the week they are tabled and then subsequently only on each Monday until an Answer (other than an Interim Answer) is tabled. A question tabled on a Friday will appear on each day of the following week.)

78. *Mrs. Grier*—Enquiry of the Ministry—Would the Minister of the Environment please provide a complete list of all the reports that were prepared by the Ministry of the Environment in the last six years before the Conservatives left office and which have not yet been released to the public. *October 29, 1985.*
79. *Mr. Warner*—Enquiry of the Ministry—Will the Minister of Health officially recognize the term “environmental illness” and if there is no intention to recognize “environmental illness”, why not. (2) If the Minister accepts “environmental illness” as a legitimate medical concern will attendant changes be made to O.H.I.P. so that medically necessary procedures required to treat environmental illness will be covered. (3) If the Minister accepts the “environmental illness” as a legitimate medical concern will the Minister so inform and request the necessary changes which will be required to: (a) Workers’ Compensation Act; (b) G.A.I.N.S. Pension; (c) Social Assistance Diet Allowance; (d) Unemployment Insurance Commission; (e) Canada Pension Plan. (4) When will the Minister release the Report, by Judge Thompson, “Environmental Hypersensitivity Disorders”. *October 30, 1985.*

PRIVATE MEMBERS' BUSINESS TO BE DEBATED

(Precedence in accordance with the draw of July 11, 1985 and pursuant to Standing Order 64 (d).)

Ballot Item No. 1

Mr. Reycraft—Resolution—That in the opinion of this House, in witnessing the financial crisis currently being experienced by family farm operators in our rural agricultural regions, the Government of Ontario should recognize the need to encourage various long-term strategies such as the development of new commercial and industrial ventures in rural areas as alternatives and supplements to traditional farm family incomes; such initiatives will help to maintain and preserve the social fabric of our rural communities. *To be debated today.*

Ballot Item No. 2

Mr. Partington—Resolution—That in the opinion of this House, recognizing the growing difficulties experienced by Ontario wine producers due to falling market shares and unfair trading actions by foreign governments, the Government of Ontario should accept and implement the proposals of the Wine Council of Ontario regarding a revised pricing structure for wines sold in Ontario as contained within their document, the Niagara Accord. Specifically, the Government should: increase the non-discriminatory reference price by 7 per cent; reduce mark-up rates; reduce the Special Winery Retail Store tax to 1 per cent; impose a flat tax rate of \$12.00 per case of 12 - 750 ml. bottles to be added after mark-up changes; review the flat tax rate annually. *To be debated today.*

Ballot Item No. 3

Second Reading Bill 39, An Act to amend the Regional Municipality of Hamilton-Wentworth Act. *Mr. Allen. To be debated Thursday, November 7, 1985.*

Ballot Item No. 4

Mr. McGuigan—Resolution—That in the opinion of this House the Standing Committee on Social Development should be asked to review the current state of governmental and private efforts directed towards the problem of missing children and, in particular, study the following matters: (1) the circumstances and frequency of child abductions; (2) the adequacy of government and community services in aiding the victims and their families; (3) the various methods available to government and to the community for publicizing cases of missing children; (4) preventive educational programs; (5) the need for revised legislation and for changes in police and court procedures in order to facilitate the location and retrieval of missing children; (6) the desirability of establishing a national co-ordination centre for missing children, to act as a link between the various local and provincial organizations; and (7) any other matters that the Committee considers relevant. *To be debated Thursday, November 7, 1985.*

Ballot Item No. 5

Mr. Treleaven—Resolution—That in the opinion of this House, recognizing the link between good transportation networks and industrial development, the Ministry of Transportation and Communications fulfill its original commitment, as stated in this House on June 20, 1983 by the then Minister of Transportation and Communications, the Honourable James Snow, to complete Highway 403 west to Highway 401 at Woodstock by the Fall of 1986. To be debated Thursday, November 14, 1985.

Ballot Item No. 6

Mr. Charlton—Resolution—That in the opinion of this House, since the Government of Ontario has in the past failed to adequately promote and assist in the implementation of energy conservation and renewable energy alternatives, and has thereby failed to serve the best interests of the people of the province, therefore the Government of Ontario should take immediate action to ensure that the Ministry of Energy fulfils its responsibility to the people of Ontario in the areas of energy conservation and renewable energy resources, their promotion, availability and programs to assist in their implementation. To be debated Thursday, November 14, 1985.

NOTICES

GOVERNMENT MOTION

10. *Debated October 24, 25, 28, 29 and 31, 1985.*
-

PRIVATE MEMBERS' MOTIONS

1. *Mr. Johnston* (Scarborough West)—Resolution—That in the opinion of this House, the Province of Ontario, Canada, should declare itself a Nuclear Arms Free Zone, and the Government should prohibit the deployment of nuclear weapons in Ontario, the testing of nuclear weapons and associated equipment in the Province, the construction of nuclear weapons and associated equipment, the transport of nuclear weapons and associated equipment through and within the Province, and the export of goods and materials for use in the construction and deployment of nuclear arms. In addition, the Province should encourage cities, provinces and states throughout the world to initiate similar action.
2. *Mr. Foulds*—Resolution—That in the opinion of this House, recognizing that access to health care treatment and facilities should be a right and not a privilege, and should not be subject to geographic or economic barriers, the Government of Ontario should incorporate as a fully-insured service under OHIP the cost of medically necessary travel, as determined by a qualified physician, in excess of 200 miles; and further that the Government should begin by instituting such coverage for residents of Northern Ontario (that is for those living in the Territorial Districts north of the French River) within six months of the passage of this resolution and that coverage for the rest of the province be phased in over a four-year period; and further that in the case of a child needing such medically necessary travel, the Government give consideration to covering the costs of travel for one parent or guardian of such a child.
3. *Mr. Warner*—Resolution—That in the opinion of this House, considering the continuing Turkish occupation of Cyprus and the unknown fate of 2,000 missing Cypriots, the Government of Ontario should express concern about the continuing illegal Turkish colonization of Cyprus, and the latest secessionist movement of the Denktash regime, by: (1) urging the Government of Canada to support measures for the implementation of the U.N. resolutions on Cyprus; (2) calling upon the Turkish Government to provide immediate information on the missing Cypriots which according to indisputable evidence are held by Turkish authorities contrary to international law; (3) calling upon the Turkish Government to respect the human rights provision of the Helsinki accord, especially in regards to Cyprus; (4) calling upon the Turkish Government to cease immediately further colonization of Cyprus and to withdraw all illegal colonists, transplanted with a view to changing the demographic nature of the Island; (5) condemning the new secessionist movement of the so-called "Federated State of Northern Cyprus"; and (6) calling upon the Government of Canada to cease further negotiations with the Turkish Government on the sale of a nuclear reactor, until the latter complies with the U.N. resolutions on Cyprus and shows a respect for international law.
4. *Ms. Bryden*—Resolution—That in the opinion of this House, recognizing that part-time workers in both the public and private sector are discriminated against by the denial of many benefits and rights provided to other workers in the same establishment, a Charter of Rights for Part-Time Workers be added to both the Employment Standards Act and the Labour Relations Act

to provide pro rata benefits and collective bargaining rights to such workers and that they be made eligible for severance pay and retraining and readjustment programs provided for other workers displaced by technological change in the same establishment.

5. *Mr. Epp*—Resolution—That this House authorizes that a Proclamation be issued by the Governor General under the Great Seal of Canada amending Section 7 of the Canadian Charter of Rights and Freedoms to read as follows:

7. Everyone has the right to life, liberty, security of the person and enjoyment of property and the right not be deprived thereof except in accordance with the principles of fundamental justice,

and urges that the Senate and House of Commons and the Legislative Assemblies of the other provinces do likewise.

7. *Mr. Foulds*—Resolution—That in the opinion of this House, the Federal Conservative government has, by eliminating full inflation protection for Canadian pensioners, imposed unfair hardships on those least able to protect themselves; and therefore, this House condemns as arbitrary and ill-conceived the budget of Michael Wilson which takes money out of the pockets of pensioners while providing more tax giveaways to the wealthy; strongly calls upon the Government of Canada to abandon its intention to de-index pensions and urges the Government of Ontario to make the strongest possible representation to the Government of Canada to re-affirm the Federal Conservative government's election promise to protect Canadian pensioners.
8. *Mr. Morin-Strom*—Resolution—That in the opinion of this House, the Federal Conservative government has favoured business and the rich at the expense of the economically disadvantaged, particularly pensioners, and considering Finance Minister Michael Wilson statement that Canada has "an acute shortage of rich people," this House condemns the federal budget of Michael Wilson that focuses on more tax breaks for the wealthy rather than providing decent pensions for elderly and more employment opportunities for the unemployed poor, and that the Canadian government should recognize that our problem is too many poor people, not too few rich people.
9. *Mr. Ramsay*—Resolution—That in the opinion of this House, the Minister of Agriculture and Food should introduce legislation to:
 - (1) establish a debt review agency to referee financial disputes between farmers and banks or other lending institutions and that not less than 50% of the members of the agency should be farmers and that the agency would deal with short-term debts other than mortgages and would be empowered to make binding decisions subject only to appeal to the judge of the local court;
 - (2) provide a moratorium on all farm bankruptcies and foreclosures of mortgages on farm lands and buildings except where an exemption is approved by a judge and on application by a mortgagee (lender) the

judge may grant leave for foreclosure or commencement of bankruptcy proceedings or, alternatively, may postpone any forfeiture for such time and subject to such conditions as he thinks fit.

10. *Mr. Wildman*—Resolution—That in the opinion of this House, recognizing that small municipalities do not have the financial base necessary to purchase modern, effective and reliable fire protection equipment, the Government should provide direct financial assistance to small municipalities for the purchase of fire protection equipment.
11. *Mr. Wildman*—Resolution—That in the opinion of this House, recognizing that the much greater distance to be covered by police officers in carrying out their duties in certain northern municipalities results in the need for those municipalities to maintain larger police forces per capita to maintain an adequate police service, the Government should amend the *Ontario Unconditional Grants Act* to provide larger grants for policing to those northern municipalities.

13. *Debated October 31, 1985.*
14. *Mr. Treleaven*—Resolution—That in the opinion of this House, recognizing the link between good transportation networks and industrial development, the Ministry of Transportation and Communications fulfill its original commitment, as stated in this House on June 20, 1983 by the then Minister of Transportation and Communications, the Honourable James Snow, to complete Highway 403 west to Highway 401 at Woodstock by the Fall of 1986.
15. *Mr. McCague*—Resolution—That this House recognizes the improved safety resulting from eye-level brake indicators on automobiles, and strongly encourages the Minister of Transportation and Communications to take appropriate measures: encourage the seeking of mandating of their installation on all new vehicles manufactured for sale in Ontario; to encourage citizens of Ontario to retrofit their vehicles.
16. *Mr. Wildman*—Resolution—That this House should request the Ontario government to amend this province's mining tax system to ensure sufficient revenues accrue to the provincial treasury from the mining companies to enable the government to allocate a reserve fund, as part of a "Northern Ontario Tomorrow Fund", to be distributed as grants, loans and guarantees for individuals, community groups, co-operatives and small businesses and temporary extraordinary grants to municipalities to assist in the economic recovery from the adverse effects of mine shutdowns.
17. *Mr. McGuigan*—Resolution—That in the opinion of this House the Standing Committee on Social Development should be asked to review the current state of governmental and private efforts directed towards the problem of missing children and, in particular, study the following matters: (1) the circumstances and frequency of child abductions; (2) the adequacy of government and community services in aiding the victims and their families; (3) the various methods available to government and to the community for publiciz-

ing cases of missing children; (4) preventive educational programs; (5) the need for revised legislation and for changes in police and court procedures in order to facilitate the location and retrieval of missing children; (6) the desirability of establishing a national co-ordination centre for missing children, to act as a link between the various local and provincial organizations; and (7) any other matters that the Committee considers relevant.

18. *Mr. Wildman*—Resolution—That in the opinion of this House the Ministries of Natural Resources and Transportation and Communications should implement, jointly, a formal testing program to investigate the effectiveness of the “wildlife saver” devices when attached to automobiles, to determine whether the use of these devices would have adverse effects on either the general public or domestic animals and wild game, and to study the feasibility of requiring the installation of these devices on motor vehicles in certain regions of the province or throughout Ontario.
 19. *Mr. Charlton*—Resolution—That in the opinion of this House, since the Government of Ontario has in the past failed to adequately promote and assist in the implementation of energy conservation and renewable energy alternatives, and has thereby failed to serve the best interests of the people of the province, therefore the Government of Ontario should take immediate action to ensure that the Ministry of Energy fulfils its responsibility to the people of Ontario in the areas of energy conservation and renewable energy resources, their promotion, availability and programs to assist in their implementation.
 20. *Mr. Johnson* (Wellington-Dufferin-Peel)—Resolution—That in the opinion of this House, recognizing the very serious limitations placed on our smaller rural municipalities in their ability to attract industrial growth, the Government of Ontario should develop and implement an industrial strategy that would provide these municipalities with the much needed expertise and financial resources necessary to enhance their position in this competitive field.

MOTIONS RELATING TO THE PROVISIONS OF THE REPORT UPON THE REDISTRIBUTION OF ONTARIO INTO ELECTORAL DISTRICTS

1 to 36. *Debated July 5, October 15, 17 and 25, 1985.*

37. *Mr. Knight*—Motion—That, pursuant to the Order of the House of November 30, 1984, consideration be given by the House to an objection to the provisions of the Report of the Ontario Electoral Boundaries Commission respecting the Electoral District of Halton-Burlington on the grounds set forth hereinafter:

1. The Commission failed to give adequate attention and consideration to geographical, political and demographic factors when planning the redistribution of electoral boundaries within the Province, factors which are specifically provided for by Paragraph 6, subsections (a) through (h) in the June 16, 1983, Resolution of the Legislative Assembly that established the Commission.
2. The Commission failed to give due consideration to the existing and traditional boundaries of Electoral Districts as specified in Paragraph 6, subsection (g), of the June 16, 1983, Resolution of the Legislative Assembly by dividing the Halton-Burlington Riding east and west instead of the traditional north and south.
3. The Commission has ignored the traditional community of interest between Milton and Halton Hills, a community of interest which does not exist to the same degree between Milton and Burlington.
4. The Commission has ignored the fact that within the Region of Halton most agencies consider the North Halton area as a distinct community from the south and have structured most agencies in a manner to reflect this reality.
5. The Commission failed to give and pay proper attention to the physical, family, economic and community of interest factors.
6. And such other objections that the undersigned Members may consider applicable in order to carry out the spirit and terms and conditions of the redistribution of Ontario Electoral Districts.

Signatures of Members supporting this Motion:

Joseph Cordiano (Downsview)
 Rick Ferraro (Wellington South)
 James Henderson (Humber)
 Remo Mancini (Essex South)
 Steve Offer (Mississauga North)
 Claudio Polsinelli (Yorkview)
 Douglas R. Reycraft (Middlesex)
 David W. Smith (Lambton)
 Laurence South (Frontenac-Addington)
 Chris Ward (Wentworth North)

38. *Mrs. Marland*—Motion—That, pursuant to the Order of the House of November 30, 1984, consideration be given by the House to an objection to the provisions of the Report of the Ontario Electoral Boundaries Commission respecting the Electoral District of Mississauga South on the grounds set forth hereinafter:

1. The Commission failed to give adequate attention and consideration to geographical, political and demographic factors when planning the redistribution of electoral boundaries within the Province, factors which are specifically provided for by Paragraph 6, subsections (a) through (h) in the June 16, 1983, Resolution of the Legislative Assembly that established the Commission.
2. The Commission failed to give adequate attention and consideration to the community or diversity of interests as specified in Paragraph 6, subsection (a) of the June 16, 1983, Resolution of the Legislative Assembly by amalgamating a distinct and separate community, Lawton Heights, east of Cawthra Road, north of the Queen Elizabeth Highway, with traditional organized neighbourhoods represented by homeowners and/or residents' associations contained in the existing Riding of Mississauga South.

In so doing, the Commission ignored the question of unity and community of interest thereby rendering more difficult adequate representation of the people in Parliament.

3. The Commission failed to give due consideration to the topographical features as specified in Paragraph 6, subsection (b) of the June 16, 1983, Resolution of the Legislative Assembly by discounting the influence of existing major roadways, Highway No. 10 on the west and the Queen Elizabeth Highway on the south, which have tended to serve as natural geographic barriers between communities of people.
4. The Commission failed to give due consideration to the existing boundaries of municipalities or wards thereof as specified in Paragraph 6, subsection (f) of the June 16, 1983, Resolution of the Legislative Assembly by discounting the influence of existing traditional municipal wards boundaries which serve to separate and distinguish neighbourhood organizations. By amalgamating a portion of Ward 7 with Ward 1 it appears that the Commission failed to give due consideration to the demands placed on the Member of the Provincial Parliament for the Riding in question, thereby rendering more difficult adequate representation of the people in Parliament.
5. The Commission failed to give due consideration to the existing and traditional boundaries of electoral districts as specified in Paragraph 6, subsection (g) of the June 16, 1983, Resolution of the Legislative Assembly by extending the northern boundary of the Riding to Dundas Street, despite the fact that the current northern boundary, Queen Elizabeth Highway represents a natural extension in comparison to existing ward boundaries, and preserves the physical, social and economic cohesion of the present electoral district.

6. The Commission failed to give due consideration to special geographic considerations, including the accessibility of such regions or the size or shape thereof as specified in Paragraph 6, subsection (h) of the June 16, 1983, Resolution of the Legislative Assembly by increasing the size of the riding in north-south terms and adding a community at the north end separated from the rest of the riding by the Queen Elizabeth Highway.

At the same time, the Commission failed to facilitate the need for ease of transportation and communication, thereby rendering more difficult adequate representation of the people in Parliament.

7. And such other objections that the undersigned Members may consider applicable in order to carry out the spirit and terms and conditions of the redistribution of Ontario Electoral Districts.

39. *Mr. Cordiano*—Motion—That, pursuant to the Order of the House of November 30, 1984, consideration be given by the House to an objection to the provisions of the Report of the Ontario Electoral Boundaries Commission respecting the Electoral District of Downsview on the grounds set forth hereinafter:

1. The Commission failed to give adequate attention and consideration to geographical, political and demographic factors when planning the redistribution of electoral boundaries within the Province, factors which are specifically provided for by Paragraph 6, subsections (a) through (h) in the June 16, 1983, Resolution of the Legislative Assembly that established the Commission.
2. The Commission did not give adequate consideration to all the representations made to the Commission during the course of the Public Hearings.
3. The Commission failed to give adequate consideration to the existing boundaries of the riding, and placed too much emphasis on population Quotas in determining boundaries for the Proposed Electoral District of Downsview.
4. The Commission failed to give adequate consideration to the cultural links uniting the people North of Highway 401 and South of Sheppard

Avenue (between Jane Street on the west and the Allen Expressway on the east) with the people South of Highway 401 and North of the North York city limit (between Jane Street on the west and C.N. railway lines on the east).

5. And such other objections that the undersigned Members may consider applicable in order to carry out the spirit and terms and conditions of the redistribution of Ontario Electoral Districts.

QUESTIONS

(Questions are to appear on the day after they are tabled and on every subsequent day in the week they are tabled and then subsequently only on each Monday until an Answer (other than an Interim Answer) is tabled. A question tabled on a Friday will appear on each day of the following week.)

78. *Mrs. Grier*—Enquiry of the Ministry—Would the Minister of the Environment please provide a complete list of all the reports that were prepared by the Ministry of the Environment in the last six years before the Conservatives left office and which have not yet been released to the public. *October 29, 1985.*

79. *Mr. Warner*—Enquiry of the Ministry—Will the Minister of Health officially recognize the term “environmental illness” and if there is no intention to recognize “environmental illness”, why not. (2) If the Minister accepts “environmental illness” as a legitimate medical concern will attendant changes be made to O.H.I.P. so that medically necessary procedures required to treat environmental illness will be covered. (3) If the Minister accepts the “environmental illness” as a legitimate medical concern will the Minister so inform and request the necessary changes which will be required to: (a) Workers’ Compensation Act; (b) G.A.I.N.S. Pension; (c) Social Assistance Diet Allowance; (d) Unemployment Insurance Commission; (e) Canada Pension Plan. (4) When will the Minister release the Report, by Judge Thompson, “Environmental Hypersensitivity Disorders”. *October 30, 1985.*

80. *Mr. Villeneuve*—Enquiry of the Ministry—Would the Solicitor General please list all the municipalities and their population in the province that are being policed under Ontario Provincial Police contract with a population of less than 5,000. Would you please list all the municipalities and their population which are being policed by the Ontario Provincial Police free of charge. Would you please inform us of the criteria for Ontario Provincial Police contract policing to municipalities and the criteria for providing Ontario Provincial Police services free to municipalities, which municipalities have requested O.P.P. contract policing, and which municipalities have requested free O.P.P. policing. Would you also advise us of the implementation dates of O.P.P. policing, both contract and free, for these municipalities. *November 1, 1985.*

81. *Mr. Cooke (Windsor-Riverside)*—Enquiry of the Ministry—Will the Minister of Health table all outstanding charges under the Ontario Nursing Home Act with the names of the Homes. *November 1, 1985.*

82. *Mr. Cooke (Windsor-Riverside)*—Enquiry of the Ministry—Will the Minister of Health table all outstanding non-compliances, in all Nursing Homes either operated, owned or managed by Carewell Corporation. Further, will the Minister table all inspection information on these Nursing Homes on record since June 1984. *November 1, 1985.*

83. *Mr. Cooke* (Windsor-Riverside)—Enquiry of the Ministry—Will the Minister of Health table a list of all charges under the Nursing Homes that cannot now be proceeded with as a result of the court ruling involving Elm Tree Nursing Home. *November 1, 1985.*

GOVERNMENT MOTION

10. *Debated October 24, 25, 28, 29, 31 and November 1, 1985.*

PRIVATE MEMBERS' MOTIONS

1. *Mr. Johnston* (Scarborough West)—Resolution—That in the opinion of this House, the Province of Ontario, Canada, should declare itself a Nuclear Arms Free Zone, and the Government should prohibit the deployment of nuclear weapons in Ontario, the testing of nuclear weapons and associated equipment in the Province, the construction of nuclear weapons and associated equipment, the transport of nuclear weapons and associated equipment through and within the Province, and the export of goods and materials for use in the construction and deployment of nuclear arms. In addition, the Province should encourage cities, provinces and states throughout the world to initiate similar action.
2. *Mr. Foulds*—Resolution—That in the opinion of this House, recognizing that access to health care treatment and facilities should be a right and not a privilege, and should not be subject to geographic or economic barriers, the Government of Ontario should incorporate as a fully-insured service under OHIP the cost of medically necessary travel, as determined by a qualified physician, in excess of 200 miles; and further that the Government should begin by instituting such coverage for residents of Northern Ontario (that is for those living in the Territorial Districts north of the French River) within six months of the passage of this resolution and that coverage for the rest of the province be phased in over a four-year period; and further that in the case of a child needing such medically necessary travel, the Government give consideration to covering the costs of travel for one parent or guardian of such a child.
3. *Mr. Warner*—Resolution—That in the opinion of this House, considering the continuing Turkish occupation of Cyprus and the unknown fate of 2,000 missing Cypriots, the Government of Ontario should express concern about the continuing illegal Turkish colonization of Cyprus, and the latest secessionist movement of the Denktash regime, by: (1) urging the Government of Canada to support measures for the implementation of the U.N. resolutions on Cyprus; (2) calling upon the Turkish Government to provide immediate information on the missing Cypriots which according to indisputable evidence are held by Turkish authorities contrary to international law; (3) calling upon the Turkish Government to respect the human rights provision of the Helsinki accord, especially in regards to Cyprus; (4) calling upon the Turkish Government to cease immediately further colonization of Cyprus and to withdraw all illegal colonists, transplanted with a view to changing the demographic nature of the Island; (5) condemning the new secessionist movement of the so-called "Federated State of Northern Cyprus"; and (6) calling upon the Government of Canada to cease further negotiations with the Turkish Government on the sale of a nuclear reactor, until the latter complies with the U.N. resolutions on Cyprus and shows a respect for international law.
4. *Ms. Bryden*—Resolution—That in the opinion of this House, recognizing that part-time workers in both the public and private sector are discriminated against by the denial of many benefits and rights provided to other workers in the same establishment, a Charter of Rights for Part-Time Workers be added to both the Employment Standards Act and the Labour Relations Act

to provide pro rata benefits and collective bargaining rights to such workers and that they be made eligible for severance pay and retraining and readjustment programs provided for other workers displaced by technological change in the same establishment.

5. *Mr. Epp*—Resolution—That this House authorizes that a Proclamation be issued by the Governor General under the Great Seal of Canada amending Section 7 of the Canadian Charter of Rights and Freedoms to read as follows:

7. Everyone has the right to life, liberty, security of the person and enjoyment of property and the right not be deprived thereof except in accordance with the principles of fundamental justice,

and urges that the Senate and House of Commons and the Legislative Assemblies of the other provinces do likewise.

7. *Mr. Foulds*—Resolution—That in the opinion of this House, the Federal Conservative government has, by eliminating full inflation protection for Canadian pensioners, imposed unfair hardships on those least able to protect themselves; and therefore, this House condemns as arbitrary and ill-conceived the budget of Michael Wilson which takes money out of the pockets of pensioners while providing more tax giveaways to the wealthy; strongly calls upon the Government of Canada to abandon its intention to de-index pensions and urges the Government of Ontario to make the strongest possible representation to the Government of Canada to re-affirm the Federal Conservative government's election promise to protect Canadian pensioners.
8. *Mr. Morin-Strom*—Resolution—That in the opinion of this House, the Federal Conservative government has favoured business and the rich at the expense of the economically disadvantaged, particularly pensioners, and considering Finance Minister Michael Wilson statement that Canada has "an acute shortage of rich people," this House condemns the federal budget of Michael Wilson that focuses on more tax breaks for the wealthy rather than providing decent pensions for elderly and more employment opportunities for the unemployed poor, and that the Canadian government should recognize that our problem is too many poor people, not too few rich people.
9. *Mr. Ramsay*—Resolution—That in the opinion of this House, the Minister of Agriculture and Food should introduce legislation to:
 - (1) establish a debt review agency to referee financial disputes between farmers and banks or other lending institutions and that not less than 50% of the members of the agency should be farmers and that the agency would deal with short-term debts other than mortgages and would be empowered to make binding decisions subject only to appeal to the judge of the local court;
 - (2) provide a moratorium on all farm bankruptcies and foreclosures of mortgages on farm lands and buildings except where an exemption is approved by a judge and on application by a mortgagee (lender) the

judge may grant leave for foreclosure or commencement of bankruptcy proceedings or, alternatively, may postpone any forfeiture for such time and subject to such conditions as he thinks fit.

10. *Mr. Wildman*—Resolution—That in the opinion of this House, recognizing that small municipalities do not have the financial base necessary to purchase modern, effective and reliable fire protection equipment, the Government should provide direct financial assistance to small municipalities for the purchase of fire protection equipment.
11. *Mr. Wildman*—Resolution—That in the opinion of this House, recognizing that the much greater distance to be covered by police officers in carrying out their duties in certain northern municipalities results in the need for those municipalities to maintain larger police forces per capita to maintain an adequate police service, the Government should amend the *Ontario Unconditional Grants Act* to provide larger grants for policing to those northern municipalities.
14. *Withdrawn November 1, 1985.*
15. *Mr. McCague*—Resolution—That this House recognizes the improved safety resulting from eye-level brake indicators on automobiles, and strongly encourages the Minister of Transportation and Communications to take appropriate measures: encourage the seeking of mandating of their installation on all new vehicles manufactured for sale in Ontario; to encourage citizens of Ontario to retrofit their vehicles.
16. *Mr. Wildman*—Resolution—That this House should request the Ontario government to amend this province's mining tax system to ensure sufficient revenues accrue to the provincial treasury from the mining companies to enable the government to allocate a reserve fund, as part of a "Northern Ontario Tomorrow Fund", to be distributed as grants, loans and guarantees for individuals, community groups, co-operatives and small businesses and temporary extraordinary grants to municipalities to assist in the economic recovery from the adverse effects of mine shutdowns.
17. *Mr. McGuigan*—Resolution—That in the opinion of this House the Standing Committee on Social Development should be asked to review the current state of governmental and private efforts directed towards the problem of missing children and, in particular, study the following matters: (1) the circumstances and frequency of child abductions; (2) the adequacy of government and community services in aiding the victims and their families; (3) the various methods available to government and to the community for publicizing cases of missing children; (4) preventive educational programs; (5) the need for revised legislation and for changes in police and court procedures in order to facilitate the location and retrieval of missing children; (6) the desirability of establishing a national co-ordination centre for missing children, to act as a link between the various local and provincial organizations; and (7) any other matters that the Committee considers relevant.
18. *Mr. Wildman*—Resolution—That in the opinion of this House the Ministries of Natural Resources and Transportation and Communications should

implement, jointly, a formal testing program to investigate the effectiveness of the "wildlife saver" devices when attached to automobiles, to determine whether the use of these devices would have adverse effects on either the general public or domestic animals and wild game, and to study the feasibility of requiring the installation of these devices on motor vehicles in certain regions of the province or throughout Ontario.

19. *Mr. Charlton*—Resolution—That in the opinion of this House, since the Government of Ontario has in the past failed to adequately promote and assist in the implementation of energy conservation and renewable energy alternatives, and has thereby failed to serve the best interests of the people of the province, therefore the Government of Ontario should take immediate action to ensure that the Ministry of Energy fulfils its responsibility to the people of Ontario in the areas of energy conservation and renewable energy resources, their promotion, availability and programs to assist in their implementation.
 20. *Mr. Johnson* (Wellington-Dufferin-Peel)—Resolution—That in the opinion of this House, recognizing the very serious limitations placed on our smaller rural municipalities in their ability to attract industrial growth, the Government of Ontario should develop and implement an industrial strategy that would provide these municipalities with the much needed expertise and financial resources necessary to enhance their position in this competitive field.

MOTIONS RELATING TO THE PROVISIONS OF THE REPORT UPON THE REDISTRIBUTION OF ONTARIO INTO ELECTORAL DISTRICTS

1 to 36. *Debated July 5, October 15, 17 and 25, 1985.*

37. *Mr. Knight*—Motion—That, pursuant to the Order of the House of November 30, 1984, consideration be given by the House to an objection to the provisions of the Report of the Ontario Electoral Boundaries Commission respecting the Electoral District of Halton-Burlington on the grounds set forth hereinafter:

1. The Commission failed to give adequate attention and consideration to geographical, political and demographic factors when planning the redistribution of electoral boundaries within the Province, factors which are specifically provided for by Paragraph 6, subsections (a) through (h) in the June 16, 1983, Resolution of the Legislative Assembly that established the Commission.
2. The Commission failed to give due consideration to the existing and traditional boundaries of Electoral Districts as specified in Paragraph 6, subsection (g), of the June 16, 1983, Resolution of the Legislative Assembly by dividing the Halton-Burlington Riding east and west instead of the traditional north and south.
3. The Commission has ignored the traditional community of interest between Milton and Halton Hills, a community of interest which does not exist to the same degree between Milton and Burlington.
4. The Commission has ignored the fact that within the Region of Halton most agencies consider the North Halton area as a distinct community from the south and have structured most agencies in a manner to reflect this reality.
5. The Commission failed to give and pay proper attention to the physical, family, economic and community of interest factors.
6. And such other objections that the undersigned Members may consider applicable in order to carry out the spirit and terms and conditions of the redistribution of Ontario Electoral Districts.

 Chris Ward (Wentworth North)

38. *Mrs. Marland*—Motion—That, pursuant to the Order of the House of November 30, 1984, consideration be given by the House to an objection to the provisions of the Report of the Ontario Electoral Boundaries Commission respecting the Electoral District of Mississauga South on the grounds set forth hereinafter:

1. The Commission failed to give adequate attention and consideration to geographical, political and demographic factors when planning the redistribution of electoral boundaries within the Province, factors which are specifically provided for by Paragraph 6, subsections (a) through (h) in the June 16, 1983, Resolution of the Legislative Assembly that established the Commission.
2. The Commission failed to give adequate attention and consideration to the community or diversity of interests as specified in Paragraph 6, subsection (a) of the June 16, 1983, Resolution of the Legislative Assembly by amalgamating a distinct and separate community, Lawton Heights, east of Cawthra Road, north of the Queen Elizabeth Highway, with traditional organized neighbourhoods represented by homeowners and/or residents' associations contained in the existing Riding of Mississauga South.

In so doing, the Commission ignored the question of unity and community of interest thereby rendering more difficult adequate representation of the people in Parliament.

3. The Commission failed to give due consideration to the topographical features as specified in Paragraph 6, subsection (b) of the June 16, 1983, Resolution of the Legislative Assembly by discounting the influence of existing major roadways, Highway No. 10 on the west and the Queen Elizabeth Highway on the south, which have tended to serve as natural geographic barriers between communities of people.
4. The Commission failed to give due consideration to the existing boundaries of municipalities or wards thereof as specified in Paragraph 6, subsection (f) of the June 16, 1983, Resolution of the Legislative Assembly by discounting the influence of existing traditional municipal wards boundaries which serve to separate and distinguish neighbourhood organizations. By amalgamating a portion of Ward 7 with Ward 1 it appears that the Commission failed to give due consideration to the demands placed on the Member of the Provincial Parliament for the Riding in question, thereby rendering more difficult adequate representation of the people in Parliament.
5. The Commission failed to give due consideration to the existing and traditional boundaries of electoral districts as specified in Paragraph 6, subsection (g) of the June 16, 1983, Resolution of the Legislative Assembly by extending the northern boundary of the Riding to Dundas Street, despite the fact that the current northern boundary, Queen Elizabeth Highway represents a natural extension in comparison to existing ward boundaries, and preserves the physical, social and economic cohesion of the present electoral district.

6. The Commission failed to give due consideration to special geographic considerations, including the accessibility of such regions or the size or shape thereof as specified in Paragraph 6, subsection (h) of the June 16, 1983, Resolution of the Legislative Assembly by increasing the size of the riding in north-south terms and adding a community at the north end separated from the rest of the riding by the Queen Elizabeth Highway.

At the same time, the Commission failed to facilitate the need for ease of transportation and communication, thereby rendering more difficult adequate representation of the people in Parliament.

7. And such other objections that the undersigned Members may consider applicable in order to carry out the spirit and terms and conditions of the redistribution of Ontario Electoral Districts.

39. *Mr. Cordiano*—Motion—That, pursuant to the Order of the House of November 30, 1984, consideration be given by the House to an objection to the provisions of the Report of the Ontario Electoral Boundaries Commission respecting the Electoral District of Downsview on the grounds set forth hereinafter:

1. The Commission failed to give adequate attention and consideration to geographical, political and demographic factors when planning the redistribution of electoral boundaries within the Province, factors which are specifically provided for by Paragraph 6, subsections (a) through (h) in the June 16, 1983, Resolution of the Legislative Assembly that established the Commission.
2. The Commission did not give adequate consideration to all the representations made to the Commission during the course of the Public Hearings.
3. The Commission failed to give adequate consideration to the existing boundaries of the riding, and placed too much emphasis on population Quotas in determining boundaries for the Proposed Electoral District of Downsview.
4. The Commission failed to give adequate consideration to the cultural links uniting the people North of Highway 401 and South of Sheppard

Avenue (between Jane Street on the west and the Allen Expressway on the east) with the people South of Highway 401 and North of the North York city limit (between Jane Street on the west and C.N. railway lines on the east).

5. And such other objections that the undersigned Members may consider applicable in order to carry out the spirit and terms and conditions of the redistribution of Ontario Electoral Districts.

PRIVATE MEMBERS' BUSINESS TO BE DEBATED

(Precedence in accordance with the draw of July 11, 1985 and pursuant to Standing Order 64 (d).)

Ballot Item No. 3

Second Reading Bill 39, An Act to amend the Regional Municipality of Hamilton-Wentworth Act. *Mr. Allen. To be debated Thursday, November 7, 1985.*

Ballot Item No. 4

Mr. McGuigan—Resolution—That in the opinion of this House the Standing Committee on Social Development should be asked to review the current state of governmental and private efforts directed towards the problem of missing children and, in particular, study the following matters: (1) the circumstances and frequency of child abductions; (2) the adequacy of government and community services in aiding the victims and their families; (3) the various methods available to government and to the community for publicizing cases of missing children; (4) preventive educational programs; (5) the need for revised legislation and for changes in police and court procedures in order to facilitate the location and retrieval of missing children; (6) the desirability of establishing a national co-ordination centre for missing children, to act as a link between the various local and provincial organizations; and (7) any other matters that the Committee considers relevant. *To be debated Thursday, November 7, 1985.*

Ballot Item No. 6

Mr. Charlton—Resolution—That in the opinion of this House, since the Government of Ontario has in the past failed to adequately promote and assist in the implementation of energy conservation and renewable energy alternatives, and has thereby failed to serve the best interests of the people of the province, therefore the Government of Ontario should take immediate action to ensure that the Ministry of Energy fulfils its responsibility to the people of Ontario in the areas of energy conservation and renewable energy resources, their promotion, availability and programs to assist in their implementation. *To be debated Thursday, November 21, 1985.*

Ballot Item No. 11

Mr. Johnson (Wellington-Dufferin-Peel)—Resolution—That in the opinion of this House, recognizing the very serious limitations placed on our smaller rural municipalities in their ability to attract industrial growth, the Government of Ontario should develop and implement an industrial strategy that would provide these municipalities with the much needed expertise and financial resources necessary to enhance their position in this competitive field. *To be debated December 12, 1985.*

NOTICES

GOVERNMENT MOTION

10. *Debated October 24, 25, 28, 29, 31, November 1 and 4, 1985.*

PRIVATE MEMBERS' MOTIONS

1. *Mr. Johnston* (Scarborough West)—Resolution—That in the opinion of this House, the Province of Ontario, Canada, should declare itself a Nuclear Arms Free Zone, and the Government should prohibit the deployment of nuclear weapons in Ontario, the testing of nuclear weapons and associated equipment in the Province, the construction of nuclear weapons and associated equipment, the transport of nuclear weapons and associated equipment through and within the Province, and the export of goods and materials for use in the construction and deployment of nuclear arms. In addition, the Province should encourage cities, provinces and states throughout the world to initiate similar action.
2. *Mr. Foulds*—Resolution—That in the opinion of this House, recognizing that access to health care treatment and facilities should be a right and not a privilege, and should not be subject to geographic or economic barriers, the Government of Ontario should incorporate as a fully-insured service under OHIP the cost of medically necessary travel, as determined by a qualified physician, in excess of 200 miles; and further that the Government should begin by instituting such coverage for residents of Northern Ontario (that is for those living in the Territorial Districts north of the French River) within six months of the passage of this resolution and that coverage for the rest of the province be phased in over a four-year period; and further that in the case of a child needing such medically necessary travel, the Government give consideration to covering the costs of travel for one parent or guardian of such a child.
3. *Mr. Warner*—Resolution—That in the opinion of this House, considering the continuing Turkish occupation of Cyprus and the unknown fate of 2,000 missing Cypriots, the Government of Ontario should express concern about the continuing illegal Turkish colonization of Cyprus, and the latest secessionist movement of the Denktash regime, by: (1) urging the Government of Canada to support measures for the implementation of the U.N. resolutions on Cyprus; (2) calling upon the Turkish Government to provide immediate information on the missing Cypriots which according to indisputable evidence are held by Turkish authorities contrary to international law; (3) calling upon the Turkish Government to respect the human rights provision of the Helsinki accord, especially in regards to Cyprus; (4) calling upon the Turkish Government to cease immediately further colonization of Cyprus and to withdraw all illegal colonists, transplanted with a view to changing the demographic nature of the Island; (5) condemning the new secessionist movement of the so-called "Federated State of Northern Cyprus"; and (6) calling upon the Government of Canada to cease further negotiations with the Turkish Government on the sale of a nuclear reactor, until the latter complies with the U.N. resolutions on Cyprus and shows a respect for international law.
4. *Ms. Bryden*—Resolution—That in the opinion of this House, recognizing that part-time workers in both the public and private sector are discriminated against by the denial of many benefits and rights provided to other workers in the same establishment, a Charter of Rights for Part-Time Workers be added to both the Employment Standards Act and the Labour Relations Act

to provide pro rata benefits and collective bargaining rights to such workers and that they be made eligible for severance pay and retraining and readjustment programs provided for other workers displaced by technological change in the same establishment.

5. *Mr. Epp*—Resolution—That this House authorizes that a Proclamation be issued by the Governor General under the Great Seal of Canada amending Section 7 of the Canadian Charter of Rights and Freedoms to read as follows:

7. Everyone has the right to life, liberty, security of the person and enjoyment of property and the right not be deprived thereof except in accordance with the principles of fundamental justice,

and urges that the Senate and House of Commons and the Legislative Assemblies of the other provinces do likewise.

7. *Mr. Foulds*—Resolution—That in the opinion of this House, the Federal Conservative government has, by eliminating full inflation protection for Canadian pensioners, imposed unfair hardships on those least able to protect themselves; and therefore, this House condemns as arbitrary and ill-conceived the budget of Michael Wilson which takes money out of the pockets of pensioners while providing more tax giveaways to the wealthy; strongly calls upon the Government of Canada to abandon its intention to de-index pensions and urges the Government of Ontario to make the strongest possible representation to the Government of Canada to re-affirm the Federal Conservative government's election promise to protect Canadian pensioners.
8. *Mr. Morin-Strom*—Resolution—That in the opinion of this House, the Federal Conservative government has favoured business and the rich at the expense of the economically disadvantaged, particularly pensioners, and considering Finance Minister Michael Wilson statement that Canada has "an acute shortage of rich people," this House condemns the federal budget of Michael Wilson that focuses on more tax breaks for the wealthy rather than providing decent pensions for elderly and more employment opportunities for the unemployed poor, and that the Canadian government should recognize that our problem is too many poor people, not too few rich people.
9. *Mr. Ramsay*—Resolution—That in the opinion of this House, the Minister of Agriculture and Food should introduce legislation to:

- (1) establish a debt review agency to referee financial disputes between farmers and banks or other lending institutions and that not less than 50% of the members of the agency should be farmers and that the agency would deal with short-term debts other than mortgages and would be empowered to make binding decisions subject only to appeal to the judge of the local court;
- (2) provide a moratorium on all farm bankruptcies and foreclosures of mortgages on farm lands and buildings except where an exemption is approved by a judge and on application by a mortgagee (lender) the

judge may grant leave for foreclosure or commencement of bankruptcy proceedings or, alternatively, may postpone any forfeiture for such time and subject to such conditions as he thinks fit.

10. *Mr. Wildman*—Resolution—That in the opinion of this House, recognizing that small municipalities do not have the financial base necessary to purchase modern, effective and reliable fire protection equipment, the Government should provide direct financial assistance to small municipalities for the purchase of fire protection equipment.
11. *Mr. Wildman*—Resolution—That in the opinion of this House, recognizing that the much greater distance to be covered by police officers in carrying out their duties in certain northern municipalities results in the need for those municipalities to maintain larger police forces per capita to maintain an adequate police service, the Government should amend the *Ontario Unconditional Grants Act* to provide larger grants for policing to those northern municipalities.
15. *Mr. McCague*—Resolution—That this House recognizes the improved safety resulting from eye-level brake indicators on automobiles, and strongly encourages the Minister of Transportation and Communications to take appropriate measures: encourage the seeking of mandating of their installation on all new vehicles manufactured for sale in Ontario; to encourage citizens of Ontario to retrofit their vehicles.
16. *Mr. Wildman*—Resolution—That this House should request the Ontario government to amend this province's mining tax system to ensure sufficient revenues accrue to the provincial treasury from the mining companies to enable the government to allocate a reserve fund, as part of a "Northern Ontario Tomorrow Fund", to be distributed as grants, loans and guarantees for individuals, community groups, co-operatives and small businesses and temporary extraordinary grants to municipalities to assist in the economic recovery from the adverse effects of mine shutdowns.
17. *Mr. McGuigan*—Resolution—That in the opinion of this House the Standing Committee on Social Development should be asked to review the current state of governmental and private efforts directed towards the problem of missing children and, in particular, study the following matters: (1) the circumstances and frequency of child abductions; (2) the adequacy of government and community services in aiding the victims and their families; (3) the various methods available to government and to the community for publicizing cases of missing children; (4) preventive educational programs; (5) the need for revised legislation and for changes in police and court procedures in order to facilitate the location and retrieval of missing children; (6) the desirability of establishing a national co-ordination centre for missing children, to act as a link between the various local and provincial organizations; and (7) any other matters that the Committee considers relevant.
18. *Mr. Wildman*—Resolution—That in the opinion of this House the Ministries of Natural Resources and Transportation and Communications should implement, jointly, a formal testing program to investigate the effectiveness of the "wildlife saver" devices when attached to automobiles, to determine

whether the use of these devices would have adverse effects on either the general public or domestic animals and wild game, and to study the feasibility of requiring the installation of these devices on motor vehicles in certain regions of the province or throughout Ontario.

19. *Mr. Charlton*—Resolution—That in the opinion of this House, since the Government of Ontario has in the past failed to adequately promote and assist in the implementation of energy conservation and renewable energy alternatives, and has thereby failed to serve the best interests of the people of the province, therefore the Government of Ontario should take immediate action to ensure that the Ministry of Energy fulfils its responsibility to the people of Ontario in the areas of energy conservation and renewable energy resources, their promotion, availability and programs to assist in their implementation.
 20. *Mr. Johnson* (Wellington-Dufferin-Peel)—Resolution—That in the opinion of this House, recognizing the very serious limitations placed on our smaller rural municipalities in their ability to attract industrial growth, the Government of Ontario should develop and implement an industrial strategy that would provide these municipalities with the much needed expertise and financial resources necessary to enhance their position in this competitive field.

MOTIONS RELATING TO THE PROVISIONS OF THE REPORT UPON THE REDISTRIBUTION OF ONTARIO INTO ELECTORAL DISTRICTS

1 to 36. *Debated July 5, October 15, 17 and 25, 1985.*

37. *Mr. Knight*—Motion—That, pursuant to the Order of the House of November 30, 1984, consideration be given by the House to an objection to the provisions of the Report of the Ontario Electoral Boundaries Commission respecting the Electoral District of Halton-Burlington on the grounds set forth hereinafter:

1. The Commission failed to give adequate attention and consideration to geographical, political and demographic factors when planning the redistribution of electoral boundaries within the Province, factors which are specifically provided for by Paragraph 6, subsections (a) through (h) in the June 16, 1983, Resolution of the Legislative Assembly that established the Commission.
2. The Commission failed to give due consideration to the existing and traditional boundaries of Electoral Districts as specified in Paragraph 6, subsection (g), of the June 16, 1983, Resolution of the Legislative Assembly by dividing the Halton-Burlington Riding east and west instead of the traditional north and south.
3. The Commission has ignored the traditional community of interest between Milton and Halton Hills, a community of interest which does not exist to the same degree between Milton and Burlington.
4. The Commission has ignored the fact that within the Region of Halton most agencies consider the North Halton area as a distinct community from the south and have structured most agencies in a manner to reflect this reality.
5. The Commission failed to give and pay proper attention to the physical, family, economic and community of interest factors.
6. And such other objections that the undersigned Members may consider applicable in order to carry out the spirit and terms and conditions of the redistribution of Ontario Electoral Districts.

Signatures of Members supporting this Motion:

Joseph Cordiano (Downsview)
 Rick Ferraro (Wellington South)
 James Henderson (Humber)
 Remo Mancini (Essex South)
 Steve Offer (Mississauga North)
 Claudio Polsinelli (Yorkview)
 Douglas R. Reyecraft (Middlesex)
 David W. Smith (Lambton)
 Laurence South (Frontenac-Addington)
 Chris Ward (Wentworth North)

38. *Mrs. Marland*—Motion—That, pursuant to the Order of the House of November 30, 1984, consideration be given by the House to an objection to the provisions of the Report of the Ontario Electoral Boundaries Commission respecting the Electoral District of Mississauga South on the grounds set forth hereinafter:

1. The Commission failed to give adequate attention and consideration to geographical, political and demographic factors when planning the redistribution of electoral boundaries within the Province, factors which are specifically provided for by Paragraph 6, subsections (a) through (h) in the June 16, 1983, Resolution of the Legislative Assembly that established the Commission.
2. The Commission failed to give adequate attention and consideration to the community or diversity of interests as specified in Paragraph 6, subsection (a) of the June 16, 1983, Resolution of the Legislative Assembly by amalgamating a distinct and separate community, Lawton Heights, east of Cawthra Road, north of the Queen Elizabeth Highway, with traditional organized neighbourhoods represented by homeowners and/or residents' associations contained in the existing Riding of Mississauga South.

In so doing, the Commission ignored the question of unity and community of interest thereby rendering more difficult adequate representation of the people in Parliament.

3. The Commission failed to give due consideration to the topographical features as specified in Paragraph 6, subsection (b) of the June 16, 1983, Resolution of the Legislative Assembly by discounting the influence of existing major roadways, Highway No. 10 on the west and the Queen Elizabeth Highway on the south, which have tended to serve as natural geographic barriers between communities of people.
4. The Commission failed to give due consideration to the existing boundaries of municipalities or wards thereof as specified in Paragraph 6, subsection (f) of the June 16, 1983, Resolution of the Legislative Assembly by discounting the influence of existing traditional municipal wards boundaries which serve to separate and distinguish neighbourhood organizations. By amalgamating a portion of Ward 7 with Ward 1 it appears that the Commission failed to give due consideration to the demands placed on the Member of the Provincial Parliament for the Riding in question, thereby rendering more difficult adequate representation of the people in Parliament.
5. The Commission failed to give due consideration to the existing and traditional boundaries of electoral districts as specified in Paragraph 6, subsection (g) of the June 16, 1983, Resolution of the Legislative Assembly by extending the northern boundary of the Riding to Dundas Street, despite the fact that the current northern boundary, Queen Elizabeth Highway represents a natural extension in comparison to existing ward boundaries, and preserves the physical, social and economic cohesion of the present electoral district.

6. The Commission failed to give due consideration to special geographic considerations, including the accessibility of such regions or the size or shape thereof as specified in Paragraph 6, subsection (h) of the June 16, 1983, Resolution of the Legislative Assembly by increasing the size of the riding in north-south terms and adding a community at the north end separated from the rest of the riding by the Queen Elizabeth Highway.

At the same time, the Commission failed to facilitate the need for ease of transportation and communication, thereby rendering more difficult adequate representation of the people in Parliament.

7. And such other objections that the undersigned Members may consider applicable in order to carry out the spirit and terms and conditions of the redistribution of Ontario Electoral Districts.

Signatures of Members supporting this Motion:

 Bill Barlow (Cambridge)
 Susan Fish (St. George)
 Bud Gregory (Mississauga East)

 Peter Partington (Brock)
 W. Earl Rowe (Simcoe Centre)

39. *Mr. Cordiano*—Motion—That, pursuant to the Order of the House of November 30, 1984, consideration be given by the House to an objection to the provisions of the Report of the Ontario Electoral Boundaries Commission respecting the Electoral District of Downsview on the grounds set forth hereinafter:

1. The Commission failed to give adequate attention and consideration to geographical, political and demographic factors when planning the redistribution of electoral boundaries within the Province, factors which are specifically provided for by Paragraph 6, subsections (a) through (h) in the June 16, 1983, Resolution of the Legislative Assembly that established the Commission.
2. The Commission did not give adequate consideration to all the representations made to the Commission during the course of the Public Hearings.
3. The Commission failed to give adequate consideration to the existing boundaries of the riding, and placed too much emphasis on population Quotas in determining boundaries for the Proposed Electoral District of Downsview.
4. The Commission failed to give adequate consideration to the cultural links uniting the people North of Highway 401 and South of Sheppard

Avenue (between Jane Street on the west and the Allen Expressway on the east) with the people South of Highway 401 and North of the North York city limit (between Jane Street on the west and C.N. railway lines on the east).

5. And such other objections that the undersigned Members may consider applicable in order to carry out the spirit and terms and conditions of the redistribution of Ontario Electoral Districts.

NOTICES

GOVERNMENT MOTION

10. *Debated October 24, 25, 28, 29, 31, November 1 and 4, 1985.*

PRIVATE MEMBERS' MOTIONS

1. *Mr. Johnston* (Scarborough West)—Resolution—That in the opinion of this House, the Province of Ontario, Canada, should declare itself a Nuclear Arms Free Zone, and the Government should prohibit the deployment of nuclear weapons in Ontario, the testing of nuclear weapons and associated equipment in the Province, the construction of nuclear weapons and associated equipment, the transport of nuclear weapons and associated equipment through and within the Province, and the export of goods and materials for use in the construction and deployment of nuclear arms. In addition, the Province should encourage cities, provinces and states throughout the world to initiate similar action.
2. *Mr. Foulds*—Resolution—That in the opinion of this House, recognizing that access to health care treatment and facilities should be a right and not a privilege, and should not be subject to geographic or economic barriers, the Government of Ontario should incorporate as a fully-insured service under OHIP the cost of medically necessary travel, as determined by a qualified physician, in excess of 200 miles; and further that the Government should begin by instituting such coverage for residents of Northern Ontario (that is for those living in the Territorial Districts north of the French River) within six months of the passage of this resolution and that coverage for the rest of the province be phased in over a four-year period; and further that in the case of a child needing such medically necessary travel, the Government give consideration to covering the costs of travel for one parent or guardian of such a child.
3. *Mr. Warner*—Resolution—That in the opinion of this House, considering the continuing Turkish occupation of Cyprus and the unknown fate of 2,000 missing Cypriots, the Government of Ontario should express concern about the continuing illegal Turkish colonization of Cyprus, and the latest secessionist movement of the Denktash regime, by: (1) urging the Government of Canada to support measures for the implementation of the U.N. resolutions on Cyprus; (2) calling upon the Turkish Government to provide immediate information on the missing Cypriots which according to indisputable evidence are held by Turkish authorities contrary to international law; (3) calling upon the Turkish Government to respect the human rights provision of the Helsinki accord, especially in regards to Cyprus; (4) calling upon the Turkish Government to cease immediately further colonization of Cyprus and to withdraw all illegal colonists, transplanted with a view to changing the demographic nature of the Island; (5) condemning the new secessionist movement of the so-called "Federated State of Northern Cyprus"; and (6) calling upon the Government of Canada to cease further negotiations with the Turkish Government on the sale of a nuclear reactor, until the latter complies with the U.N. resolutions on Cyprus and shows a respect for international law.
4. *Ms. Bryden*—Resolution—That in the opinion of this House, recognizing that part-time workers in both the public and private sector are discriminated against by the denial of many benefits and rights provided to other workers in the same establishment, a Charter of Rights for Part-Time Workers be added to both the Employment Standards Act and the Labour Relations Act

to provide pro rata benefits and collective bargaining rights to such workers and that they be made eligible for severance pay and retraining and readjustment programs provided for other workers displaced by technological change in the same establishment.

5. *Mr. Epp*—Resolution—That this House authorizes that a Proclamation be issued by the Governor General under the Great Seal of Canada amending Section 7 of the Canadian Charter of Rights and Freedoms to read as follows:

7. Everyone has the right to life, liberty, security of the person and enjoyment of property and the right not be deprived thereof except in accordance with the principles of fundamental justice,

and urges that the Senate and House of Commons and the Legislative Assemblies of the other provinces do likewise.

7. *Mr. Foulds*—Resolution—That in the opinion of this House, the Federal Conservative government has, by eliminating full inflation protection for Canadian pensioners, imposed unfair hardships on those least able to protect themselves; and therefore, this House condemns as arbitrary and ill-conceived the budget of Michael Wilson which takes money out of the pockets of pensioners while providing more tax giveaways to the wealthy; strongly calls upon the Government of Canada to abandon its intention to de-index pensions and urges the Government of Ontario to make the strongest possible representation to the Government of Canada to re-affirm the Federal Conservative government's election promise to protect Canadian pensioners.
8. *Mr. Morin-Strom*—Resolution—That in the opinion of this House, the Federal Conservative government has favoured business and the rich at the expense of the economically disadvantaged, particularly pensioners, and considering Finance Minister Michael Wilson statement that Canada has "an acute shortage of rich people," this House condemns the federal budget of Michael Wilson that focuses on more tax breaks for the wealthy rather than providing decent pensions for elderly and more employment opportunities for the unemployed poor, and that the Canadian government should recognize that our problem is too many poor people, not too few rich people.
9. *Mr. Ramsay*—Resolution—That in the opinion of this House, the Minister of Agriculture and Food should introduce legislation to:
 - (1) establish a debt review agency to referee financial disputes between farmers and banks or other lending institutions and that not less than 50% of the members of the agency should be farmers and that the agency would deal with short-term debts other than mortgages and would be empowered to make binding decisions subject only to appeal to the judge of the local court;
 - (2) provide a moratorium on all farm bankruptcies and foreclosures of mortgages on farm lands and buildings except where an exemption is approved by a judge and on application by a mortgagee (lender) the

judge may grant leave for foreclosure or commencement of bankruptcy proceedings or, alternatively, may postpone any forfeiture for such time and subject to such conditions as he thinks fit.

10. *Mr. Wildman*—Resolution—That in the opinion of this House, recognizing that small municipalities do not have the financial base necessary to purchase modern, effective and reliable fire protection equipment, the Government should provide direct financial assistance to small municipalities for the purchase of fire protection equipment.
11. *Mr. Wildman*—Resolution—That in the opinion of this House, recognizing that the much greater distance to be covered by police officers in carrying out their duties in certain northern municipalities results in the need for those municipalities to maintain larger police forces per capita to maintain an adequate police service, the Government should amend the *Ontario Unconditional Grants Act* to provide larger grants for policing to those northern municipalities.
15. *Mr. McCague*—Resolution—That this House recognizes the improved safety resulting from eye-level brake indicators on automobiles, and strongly encourages the Minister of Transportation and Communications to take appropriate measures: encourage the seeking of mandating of their installation on all new vehicles manufactured for sale in Ontario; to encourage citizens of Ontario to retrofit their vehicles.
16. *Mr. Wildman*—Resolution—That this House should request the Ontario government to amend this province's mining tax system to ensure sufficient revenues accrue to the provincial treasury from the mining companies to enable the government to allocate a reserve fund, as part of a "Northern Ontario Tomorrow Fund", to be distributed as grants, loans and guarantees for individuals, community groups, co-operatives and small businesses and temporary extraordinary grants to municipalities to assist in the economic recovery from the adverse effects of mine shutdowns.
17. *Mr. McGuigan*—Resolution—That in the opinion of this House the Standing Committee on Social Development should be asked to review the current state of governmental and private efforts directed towards the problem of missing children and, in particular, study the following matters: (1) the circumstances and frequency of child abductions; (2) the adequacy of government and community services in aiding the victims and their families; (3) the various methods available to government and to the community for publicizing cases of missing children; (4) preventive educational programs; (5) the need for revised legislation and for changes in police and court procedures in order to facilitate the location and retrieval of missing children; (6) the desirability of establishing a national co-ordination centre for missing children, to act as a link between the various local and provincial organizations; and (7) any other matters that the Committee considers relevant.
18. *Mr. Wildman*—Resolution—That in the opinion of this House the Ministries of Natural Resources and Transportation and Communications should implement, jointly, a formal testing program to investigate the effectiveness of the "wildlife saver" devices when attached to automobiles, to determine

whether the use of these devices would have adverse effects on either the general public or domestic animals and wild game, and to study the feasibility of requiring the installation of these devices on motor vehicles in certain regions of the province or throughout Ontario.

19. *Mr. Charlton*—Resolution—That in the opinion of this House, since the Government of Ontario has in the past failed to adequately promote and assist in the implementation of energy conservation and renewable energy alternatives, and has thereby failed to serve the best interests of the people of the province, therefore the Government of Ontario should take immediate action to ensure that the Ministry of Energy fulfils its responsibility to the people of Ontario in the areas of energy conservation and renewable energy resources, their promotion, availability and programs to assist in their implementation.

 20. *Mr. Johnson* (Wellington-Dufferin-Peel)—Resolution—That in the opinion of this House, recognizing the very serious limitations placed on our smaller rural municipalities in their ability to attract industrial growth, the Government of Ontario should develop and implement an industrial strategy that would provide these municipalities with the much needed expertise and financial resources necessary to enhance their position in this competitive field.

 21. *Mr. Mackenzie*—Resolution—That in the opinion of this House, recognizing that certain classes of workers are discriminated against by the denial of rights provided to other workers, the regulations under the *Employment Standards Act* should be amended to provide that the standards set by the Act relating to hours of work, overtime pay and public holidays are applicable to persons employed in landscape gardening, mushroom growing, the growing of flowers for the retail and wholesale trade, the growing, transporting and laying of sod, and the growing of trees and shrubs for wholesale and retail trade.

MOTIONS RELATING TO THE PROVISIONS OF THE REPORT UPON THE REDISTRIBUTION OF ONTARIO INTO ELECTORAL DISTRICTS

1 to 36. *Debated July 5, October 15, 17 and 25, 1985.*

37. *Mr. Knight*—Motion—That, pursuant to the Order of the House of November 30, 1984, consideration be given by the House to an objection to the provisions of the Report of the Ontario Electoral Boundaries Commission respecting the Electoral District of Halton-Burlington on the grounds set forth hereinafter:

1. The Commission failed to give adequate attention and consideration to geographical, political and demographic factors when planning the redistribution of electoral boundaries within the Province, factors which are specifically provided for by Paragraph 6, subsections (a) through (h) in the June 16, 1983, Resolution of the Legislative Assembly that established the Commission.
2. The Commission failed to give due consideration to the existing and traditional boundaries of Electoral Districts as specified in Paragraph 6, subsection (g), of the June 16, 1983, Resolution of the Legislative Assembly by dividing the Halton-Burlington Riding east and west instead of the traditional north and south.
3. The Commission has ignored the traditional community of interest between Milton and Halton Hills, a community of interest which does not exist to the same degree between Milton and Burlington.
4. The Commission has ignored the fact that within the Region of Halton most agencies consider the North Halton area as a distinct community from the south and have structured most agencies in a manner to reflect this reality.
5. The Commission failed to give and pay proper attention to the physical, family, economic and community of interest factors.
6. And such other objections that the undersigned Members may consider applicable in order to carry out the spirit and terms and conditions of the redistribution of Ontario Electoral Districts.

Signatures of Members supporting this Motion:

Joseph Cordiano (Downsview)
 Rick Ferraro (Wellington South)
 James Henderson (Humber)
 Remo Mancini (Essex South)
 Steve Offer (Mississauga North)
 Claudio Polsinelli (Yorkview)
 Douglas R. Reycraft (Middlesex)
 David W. Smith (Lambton)
 Laurence South (Frontenac-Addington)
 Chris Ward (Wentworth North)

38. *Mrs. Marland*—Motion—That, pursuant to the Order of the House of November 30, 1984, consideration be given by the House to an objection to the provisions of the Report of the Ontario Electoral Boundaries Commission respecting the Electoral District of Mississauga South on the grounds set forth hereinafter:

1. The Commission failed to give adequate attention and consideration to geographical, political and demographic factors when planning the redistribution of electoral boundaries within the Province, factors which are specifically provided for by Paragraph 6, subsections (a) through (h) in the June 16, 1983, Resolution of the Legislative Assembly that established the Commission.
2. The Commission failed to give adequate attention and consideration to the community or diversity of interests as specified in Paragraph 6, subsection (a) of the June 16, 1983, Resolution of the Legislative Assembly by amalgamating a distinct and separate community, Lawton Heights, east of Cawthra Road, north of the Queen Elizabeth Highway, with traditional organized neighbourhoods represented by homeowners and/or residents' associations contained in the existing Riding of Mississauga South.

In so doing, the Commission ignored the question of unity and community of interest thereby rendering more difficult adequate representation of the people in Parliament.

3. The Commission failed to give due consideration to the topographical features as specified in Paragraph 6, subsection (b) of the June 16, 1983, Resolution of the Legislative Assembly by discounting the influence of existing major roadways, Highway No. 10 on the west and the Queen Elizabeth Highway on the south, which have tended to serve as natural geographic barriers between communities of people.
4. The Commission failed to give due consideration to the existing boundaries of municipalities or wards thereof as specified in Paragraph 6, subsection (f) of the June 16, 1983, Resolution of the Legislative Assembly by discounting the influence of existing traditional municipal wards boundaries which serve to separate and distinguish neighbourhood organizations. By amalgamating a portion of Ward 7 with Ward 1 it appears that the Commission failed to give due consideration to the demands placed on the Member of the Provincial Parliament for the Riding in question, thereby rendering more difficult adequate representation of the people in Parliament.
5. The Commission failed to give due consideration to the existing and traditional boundaries of electoral districts as specified in Paragraph 6, subsection (g) of the June 16, 1983, Resolution of the Legislative Assembly by extending the northern boundary of the Riding to Dundas Street, despite the fact that the current northern boundary, Queen Elizabeth Highway represents a natural extension in comparison to existing ward boundaries, and preserves the physical, social and economic cohesion of the present electoral district.

6. The Commission failed to give due consideration to special geographic considerations, including the accessibility of such regions or the size or shape thereof as specified in Paragraph 6, subsection (h) of the June 16, 1983, Resolution of the Legislative Assembly by increasing the size of the riding in north-south terms and adding a community at the north end separated from the rest of the riding by the Queen Elizabeth Highway.

At the same time, the Commission failed to facilitate the need for ease of transportation and communication, thereby rendering more difficult adequate representation of the people in Parliament.

7. And such other objections that the undersigned Members may consider applicable in order to carry out the spirit and terms and conditions of the redistribution of Ontario Electoral Districts.

Signatures of Members supporting this Motion:

Philip Andrewes (Lincoln)
 Bill Barlow (Cambridge)
 Susan Fish (St. George)
 Bud Gregory (Mississauga East)
 Luc Guindon (Cornwall)
 Mickey Hennessy (Thunder Bay)
 Allan McLean (Simcoe East)
 Terry O'Connor (Oakville)
 Peter Partington (Brock)
 W. Earl Rowe (Simcoe Centre)

39. *Mr. Cordiano*—Motion—That, pursuant to the Order of the House of November 30, 1984, consideration be given by the House to an objection to the provisions of the Report of the Ontario Electoral Boundaries Commission respecting the Electoral District of Downsview on the grounds set forth hereinafter:

1. The Commission failed to give adequate attention and consideration to geographical, political and demographic factors when planning the redistribution of electoral boundaries within the Province, factors which are specifically provided for by Paragraph 6, subsections (a) through (h) in the June 16, 1983, Resolution of the Legislative Assembly that established the Commission.
2. The Commission did not give adequate consideration to all the representations made to the Commission during the course of the Public Hearings.
3. The Commission failed to give adequate consideration to the existing boundaries of the riding, and placed too much emphasis on population Quotas in determining boundaries for the Proposed Electoral District of Downsview.
4. The Commission failed to give adequate consideration to the cultural links uniting the people North of Highway 401 and South of Sheppard

Avenue (between Jane Street on the west and the Allen Expressway on the east) with the people South of Highway 401 and North of the North York city limit (between Jane Street on the west and C.N. railway lines on the east).

5. And such other objections that the undersigned Members may consider applicable in order to carry out the spirit and terms and conditions of the redistribution of Ontario Electoral Districts.

Signatures of Members supporting this Motion:

QUESTIONS

(Questions are to appear on the day after they are tabled and on every subsequent day in the week they are tabled and then subsequently only on each Monday until an Answer (other than an Interim Answer) is tabled. A question tabled on a Friday will appear on each day of the following week.)

84. *Mr. Bernier*—Enquiry of the Ministry—Would the Minister of Northern Affairs and Mines please provide a list of all the Nor-Dev applications received by his Ministry since June 26, 1985, giving the name and address of the person applying and the date of the application. Would he also provide the amount of assistance requested, the date of disposition and the amount approved. *November 4, 1985.*

85. *Mr. Johnston* (Scarborough West)—Enquiry of the Ministry—Would the Minister of Community and Social Services provide a detailed list of the alleged benefits to be obtained through the proposed divestment of Surrey Place Centre from the public service. *November 6, 1985.*

86. *Mr. Johnston* (Scarborough West)—Enquiry of the Ministry—Will the Minister of Community and Social Services provide a detailed listing of the funding agencies from which grants are now unavailable to Surrey Place Centre as a direct result of its connection to the public service, since one of the alleged benefits, mentioned from time-to-time in support of the divestment of Surrey Place Centre is greater access to grant monies. Will the Minister further indicate any specific projects for which application for grants have been rejected, the amounts involved and the nature of the projects concerned. *November 6, 1985.*

87. *Mr. Johnston* (Scarborough West)—Enquiry of the Ministry—Would the Minister of Community and Social Services identify the programs/funding sources within the provincial government for which a divested Surrey Place Centre would be eligible to apply. Will the Minister further indicate the level to which project or program expenses of a divested Surrey Place Centre could be funded by a provincial government program or funding source and the percentage of funds which would have to be raised from other sources. *November 6, 1985.*

88. *Mr. Johnston* (Scarborough West)—Enquiry of the Ministry—Would the Minister of Community and Social Services table any and all documents submitted to it by the management of Surrey Place Centre in support of divestment of that agency from the public service. *November 6, 1985.*

89. *Mr. Johnston* (Scarborough West)—Enquiry of the Ministry—Will the Minister of Community and Social Services table a recently completed study by the Ministry into the Parent Relief Program at Surrey Place Centre. *November 6, 1985.*

90. *Mr. Johnston* (Scarborough West)—Enquiry of the Ministry—Will the Minister of Community and Social Services indicate what the government's inten-

tions are with regard to the continuation of the Parent Relief Program at Surrey Place Centre. *November 6, 1985.*

91. *Mr. Johnston* (Scarborough West)—Enquiry of the Ministry—Will the Minister of Community and Social Services table a detailed estimate of the employer-contributions to the Public Service Superannuation Fund on behalf of the current employees of Surrey Place Centre which were not vested as of October 31, 1985. *November 6, 1985.*
 92. *Mr. Mackenzie*—Enquiry of the Ministry—Will the Chairman of the Management Board of Cabinet table an estimate of the number of public servants who are currently doing (a) all or (b) part of their work at home (eg. those utilizing portable computers or terminals). Will the Minister break this information down by type of work performed; Ministry, Branch, Work Unit involved; equipment, if any utilized; percentage of total hours of work performed at home. *November 6, 1985.*
 93. *Mr. Mackenzie*—Enquiry of the Ministry—Will the Chairman of the Management Board of Cabinet indicate the extent of any personal liability for loss or damage to equipment which public servants assume when asked or required to take equipment home for work-related reasons. *November 6, 1985.*

NOTICES

GOVERNMENT MOTION

10. *Debated October 24, 25, 28, 29, 31, November 1 and 4, 1985.*
-

PRIVATE MEMBERS' MOTIONS

1. *Mr. Johnston* (Scarborough West)—Resolution—That in the opinion of this House, the Province of Ontario, Canada, should declare itself a Nuclear Arms Free Zone, and the Government should prohibit the deployment of nuclear weapons in Ontario, the testing of nuclear weapons and associated equipment in the Province, the construction of nuclear weapons and associated equipment, the transport of nuclear weapons and associated equipment through and within the Province, and the export of goods and materials for use in the construction and deployment of nuclear arms. In addition, the Province should encourage cities, provinces and states throughout the world to initiate similar action.
2. *Mr. Foulds*—Resolution—That in the opinion of this House, recognizing that access to health care treatment and facilities should be a right and not a privilege, and should not be subject to geographic or economic barriers, the Government of Ontario should incorporate as a fully-insured service under OHIP the cost of medically necessary travel, as determined by a qualified physician, in excess of 200 miles; and further that the Government should begin by instituting such coverage for residents of Northern Ontario (that is for those living in the Territorial Districts north of the French River) within six months of the passage of this resolution and that coverage for the rest of the province be phased in over a four-year period; and further that in the case of a child needing such medically necessary travel, the Government give consideration to covering the costs of travel for one parent or guardian of such a child.
3. *Mr. Warner*—Resolution—That in the opinion of this House, considering the continuing Turkish occupation of Cyprus and the unknown fate of 2,000 missing Cypriots, the Government of Ontario should express concern about the continuing illegal Turkish colonization of Cyprus, and the latest secessionist movement of the Denktash regime, by: (1) urging the Government of Canada to support measures for the implementation of the U.N. resolutions on Cyprus; (2) calling upon the Turkish Government to provide immediate information on the missing Cypriots which according to indisputable evidence are held by Turkish authorities contrary to international law; (3) calling upon the Turkish Government to respect the human rights provision of the Helsinki accord, especially in regards to Cyprus; (4) calling upon the Turkish Government to cease immediately further colonization of Cyprus and to withdraw all illegal colonists, transplanted with a view to changing the demographic nature of the Island; (5) condemning the new secessionist movement of the so-called "Federated State of Northern Cyprus"; and (6) calling upon the Government of Canada to cease further negotiations with the Turkish Government on the sale of a nuclear reactor, until the latter complies with the U.N. resolutions on Cyprus and shows a respect for international law.
4. *Ms. Bryden*—Resolution—That in the opinion of this House, recognizing that part-time workers in both the public and private sector are discriminated against by the denial of many benefits and rights provided to other workers in the same establishment, a Charter of Rights for Part-Time Workers be added to both the Employment Standards Act and the Labour Relations Act

to provide pro rata benefits and collective bargaining rights to such workers and that they be made eligible for severance pay and retraining and readjustment programs provided for other workers displaced by technological change in the same establishment.

5. *Mr. Epp*—Resolution—That this House authorizes that a Proclamation be issued by the Governor General under the Great Seal of Canada amending Section 7 of the Canadian Charter of Rights and Freedoms to read as follows:

7. Everyone has the right to life, liberty, security of the person and enjoyment of property and the right not be deprived thereof except in accordance with the principles of fundamental justice,

and urges that the Senate and House of Commons and the Legislative Assemblies of the other provinces do likewise.

7. *Mr. Foulds*—Resolution—That in the opinion of this House, the Federal Conservative government has, by eliminating full inflation protection for Canadian pensioners, imposed unfair hardships on those least able to protect themselves; and therefore, this House condemns as arbitrary and ill-conceived the budget of Michael Wilson which takes money out of the pockets of pensioners while providing more tax giveaways to the wealthy; strongly calls upon the Government of Canada to abandon its intention to de-index pensions and urges the Government of Ontario to make the strongest possible representation to the Government of Canada to re-affirm the Federal Conservative government's election promise to protect Canadian pensioners.
8. *Mr. Morin-Strom*—Resolution—That in the opinion of this House, the Federal Conservative government has favoured business and the rich at the expense of the economically disadvantaged, particularly pensioners, and considering Finance Minister Michael Wilson statement that Canada has "an acute shortage of rich people," this House condemns the federal budget of Michael Wilson that focuses on more tax breaks for the wealthy rather than providing decent pensions for elderly and more employment opportunities for the unemployed poor, and that the Canadian government should recognize that our problem is too many poor people, not too few rich people.
9. *Mr. Ramsay*—Resolution—That in the opinion of this House, the Minister of Agriculture and Food should introduce legislation to:

- (1) establish a debt review agency to referee financial disputes between farmers and banks or other lending institutions and that not less than 50% of the members of the agency should be farmers and that the agency would deal with short-term debts other than mortgages and would be empowered to make binding decisions subject only to appeal to the judge of the local court;
- (2) provide a moratorium on all farm bankruptcies and foreclosures of mortgages on farm lands and buildings except where an exemption is approved by a judge and on application by a mortgagee (lender) the

judge may grant leave for foreclosure or commencement of bankruptcy proceedings or, alternatively, may postpone any forfeiture for such time and subject to such conditions as he thinks fit.

10. *Mr. Wildman*—Resolution—That in the opinion of this House, recognizing that small municipalities do not have the financial base necessary to purchase modern, effective and reliable fire protection equipment, the Government should provide direct financial assistance to small municipalities for the purchase of fire protection equipment.
11. *Mr. Wildman*—Resolution—That in the opinion of this House, recognizing that the much greater distance to be covered by police officers in carrying out their duties in certain northern municipalities results in the need for those municipalities to maintain larger police forces per capita to maintain an adequate police service, the Government should amend the *Ontario Unconditional Grants Act* to provide larger grants for policing to those northern municipalities.
15. *Mr. McCague*—Resolution—That this House recognizes the improved safety resulting from eye-level brake indicators on automobiles, and strongly encourages the Minister of Transportation and Communications to take appropriate measures: encourage the seeking of mandating of their installation on all new vehicles manufactured for sale in Ontario; to encourage citizens of Ontario to retrofit their vehicles.
16. *Mr. Wildman*—Resolution—That this House should request the Ontario government to amend this province's mining tax system to ensure sufficient revenues accrue to the provincial treasury from the mining companies to enable the government to allocate a reserve fund, as part of a "Northern Ontario Tomorrow Fund", to be distributed as grants, loans and guarantees for individuals, community groups, co-operatives and small businesses and temporary extraordinary grants to municipalities to assist in the economic recovery from the adverse effects of mine shutdowns.
17. *Mr. McGuigan*—Resolution—That in the opinion of this House the Standing Committee on Social Development should be asked to review the current state of governmental and private efforts directed towards the problem of missing children and, in particular, study the following matters: (1) the circumstances and frequency of child abductions; (2) the adequacy of government and community services in aiding the victims and their families; (3) the various methods available to government and to the community for publicizing cases of missing children; (4) preventive educational programs; (5) the need for revised legislation and for changes in police and court procedures in order to facilitate the location and retrieval of missing children; (6) the desirability of establishing a national co-ordination centre for missing children, to act as a link between the various local and provincial organizations; and (7) any other matters that the Committee considers relevant.
18. *Mr. Wildman*—Resolution—That in the opinion of this House the Ministries of Natural Resources and Transportation and Communications should implement, jointly, a formal testing program to investigate the effectiveness of the "wildlife saver" devices when attached to automobiles, to determine

whether the use of these devices would have adverse effects on either the general public or domestic animals and wild game, and to study the feasibility of requiring the installation of these devices on motor vehicles in certain regions of the province or throughout Ontario.

19. *Mr. Charlton*—Resolution—That in the opinion of this House, since the Government of Ontario has in the past failed to adequately promote and assist in the implementation of energy conservation and renewable energy alternatives, and has thereby failed to serve the best interests of the people of the province, therefore the Government of Ontario should take immediate action to ensure that the Ministry of Energy fulfils its responsibility to the people of Ontario in the areas of energy conservation and renewable energy resources, their promotion, availability and programs to assist in their implementation.
 20. *Mr. Johnson* (Wellington-Dufferin-Peel)—Resolution—That in the opinion of this House, recognizing the very serious limitations placed on our smaller rural municipalities in their ability to attract industrial growth, the Government of Ontario should develop and implement an industrial strategy that would provide these municipalities with the much needed expertise and financial resources necessary to enhance their position in this competitive field.
 21. *Mr. Mackenzie*—Resolution—That in the opinion of this House, recognizing that certain classes of workers are discriminated against by the denial of rights provided to other workers, the regulations under the *Employment Standards Act* should be amended to provide that the standards set by the Act relating to hours of work, overtime pay and public holidays are applicable to persons employed in landscape gardening, mushroom growing, the growing of flowers for the retail and wholesale trade, the growing, transporting and laying of sod, and the growing of trees and shrubs for wholesale and retail trade.

MOTIONS RELATING TO THE PROVISIONS OF THE REPORT UPON THE REDISTRIBUTION OF ONTARIO INTO ELECTORAL DISTRICTS

1 to 36. *Debated July 5, October 15, 17 and 25, 1985.*

37. *Mr. Knight*—Motion—That, pursuant to the Order of the House of November 30, 1984, consideration be given by the House to an objection to the provisions of the Report of the Ontario Electoral Boundaries Commission respecting the Electoral District of Halton-Burlington on the grounds set forth hereinafter:

1. The Commission failed to give adequate attention and consideration to geographical, political and demographic factors when planning the redistribution of electoral boundaries within the Province, factors which are specifically provided for by Paragraph 6, subsections (a) through (h) in the June 16, 1983, Resolution of the Legislative Assembly that established the Commission.
2. The Commission failed to give due consideration to the existing and traditional boundaries of Electoral Districts as specified in Paragraph 6, subsection (g), of the June 16, 1983, Resolution of the Legislative Assembly by dividing the Halton-Burlington Riding east and west instead of the traditional north and south.
3. The Commission has ignored the traditional community of interest between Milton and Halton Hills, a community of interest which does not exist to the same degree between Milton and Burlington.
4. The Commission has ignored the fact that within the Region of Halton most agencies consider the North Halton area as a distinct community from the south and have structured most agencies in a manner to reflect this reality.
5. The Commission failed to give and pay proper attention to the physical, family, economic and community of interest factors.
6. And such other objections that the undersigned Members may consider applicable in order to carry out the spirit and terms and conditions of the redistribution of Ontario Electoral Districts.

Signatures of Members supporting this Motion:

Joseph Cordiano (Downsview)
 Rick Ferraro (Wellington South)
 James Henderson (Humber)
 Remo Mancini (Essex South)
 Steve Offer (Mississauga North)
 Claudio Polsinelli (Yorkview)
 Douglas R. Reycraft (Middlesex)
 David W. Smith (Lambton)
 Laurence South (Frontenac-Addington)
 Chris Ward (Wentworth North)

38. *Mrs. Marland*—Motion—That, pursuant to the Order of the House of November 30, 1984, consideration be given by the House to an objection to the provisions of the Report of the Ontario Electoral Boundaries Commission respecting the Electoral District of Mississauga South on the grounds set forth hereinafter:

1. The Commission failed to give adequate attention and consideration to geographical, political and demographic factors when planning the redistribution of electoral boundaries within the Province, factors which are specifically provided for by Paragraph 6, subsections (a) through (h) in the June 16, 1983, Resolution of the Legislative Assembly that established the Commission.
2. The Commission failed to give adequate attention and consideration to the community or diversity of interests as specified in Paragraph 6, subsection (a) of the June 16, 1983, Resolution of the Legislative Assembly by amalgamating a distinct and separate community, Lawton Heights, east of Cawthra Road, north of the Queen Elizabeth Highway, with traditional organized neighbourhoods represented by homeowners and/or residents' associations contained in the existing Riding of Mississauga South.

In so doing, the Commission ignored the question of unity and community of interest thereby rendering more difficult adequate representation of the people in Parliament.

3. The Commission failed to give due consideration to the topographical features as specified in Paragraph 6, subsection (b) of the June 16, 1983, Resolution of the Legislative Assembly by discounting the influence of existing major roadways, Highway No. 10 on the west and the Queen Elizabeth Highway on the south, which have tended to serve as natural geographic barriers between communities of people.
4. The Commission failed to give due consideration to the existing boundaries of municipalities or wards thereof as specified in Paragraph 6, subsection (f) of the June 16, 1983, Resolution of the Legislative Assembly by discounting the influence of existing traditional municipal wards boundaries which serve to separate and distinguish neighbourhood organizations. By amalgamating a portion of Ward 7 with Ward 1 it appears that the Commission failed to give due consideration to the demands placed on the Member of the Provincial Parliament for the Riding in question, thereby rendering more difficult adequate representation of the people in Parliament.
5. The Commission failed to give due consideration to the existing and traditional boundaries of electoral districts as specified in Paragraph 6, subsection (g) of the June 16, 1983, Resolution of the Legislative Assembly by extending the northern boundary of the Riding to Dundas Street, despite the fact that the current northern boundary, Queen Elizabeth Highway represents a natural extension in comparison to existing ward boundaries, and preserves the physical, social and economic cohesion of the present electoral district.

6. The Commission failed to give due consideration to special geographic considerations, including the accessibility of such regions or the size or shape thereof as specified in Paragraph 6, subsection (h) of the June 16, 1983, Resolution of the Legislative Assembly by increasing the size of the riding in north-south terms and adding a community at the north end separated from the rest of the riding by the Queen Elizabeth Highway.

At the same time, the Commission failed to facilitate the need for ease of transportation and communication, thereby rendering more difficult adequate representation of the people in Parliament.

7. And such other objections that the undersigned Members may consider applicable in order to carry out the spirit and terms and conditions of the redistribution of Ontario Electoral Districts.

Signatures of Members supporting this Motion:

 Bill Barlow (Cambridge)
 Susan Fish (St. George)
 Bud Gregory (Mississauga East)

 Peter Partington (Brock)
 W. Earl Rowe (Simcoe Centre)

39. *Mr. Cordiano*—Motion—That, pursuant to the Order of the House of November 30, 1984, consideration be given by the House to an objection to the provisions of the Report of the Ontario Electoral Boundaries Commission respecting the Electoral District of Downsview on the grounds set forth hereinafter:

1. The Commission failed to give adequate attention and consideration to geographical, political and demographic factors when planning the redistribution of electoral boundaries within the Province, factors which are specifically provided for by Paragraph 6, subsections (a) through (h) in the June 16, 1983, Resolution of the Legislative Assembly that established the Commission.
2. The Commission did not give adequate consideration to all the representations made to the Commission during the course of the Public Hearings.
3. The Commission failed to give adequate consideration to the existing boundaries of the riding, and placed too much emphasis on population Quotas in determining boundaries for the Proposed Electoral District of Downsview.
4. The Commission failed to give adequate consideration to the cultural links uniting the people North of Highway 401 and South of Sheppard

Avenue (between Jane Street on the west and the Allen Expressway on the east) with the people South of Highway 401 and North of the North York city limit (between Jane Street on the west and C.N. railway lines on the east).

5. And such other objections that the undersigned Members may consider applicable in order to carry out the spirit and terms and conditions of the redistribution of Ontario Electoral Districts.

84. *Mr. Bernier*—Enquiry of the Ministry—Would the Minister of Northern Affairs and Mines please provide a list of all the Nor-Dev applications received by his Ministry since June 26, 1985, giving the name and address of the person applying and the date of the application. Would he also provide the amount of assistance requested, the date of disposition and the amount approved. *November 4, 1985.*

85. *Mr. Johnston* (Scarborough West)—Enquiry of the Ministry—Would the Minister of Community and Social Services provide a detailed list of the alleged benefits to be obtained through the proposed divestment of Surrey Place Centre from the public service. *November 6, 1985.*

86. *Mr. Johnston* (Scarborough West)—Enquiry of the Ministry—Will the Minister of Community and Social Services provide a detailed listing of the funding agencies from which grants are now unavailable to Surrey Place Centre as a direct result of its connection to the public service, since one of the alleged benefits, mentioned from time-to-time in support of the divestment of Surrey Place Centre is greater access to grant monies. Will the Minister further indicate any specific projects for which application for grants have been rejected, the amounts involved and the nature of the projects concerned. *November 6, 1985.*

87. *Mr. Johnston* (Scarborough West)—Enquiry of the Ministry—Would the Minister of Community and Social Services identify the programs/funding sources within the provincial government for which a divested Surrey Place Centre would be eligible to apply. Will the Minister further indicate the level to which project or program expenses of a divested Surrey Place Centre could be funded by a provincial government program or funding source and the percentage of funds which would have to be raised from other sources. *November 6, 1985.*

88. *Mr. Johnston* (Scarborough West)—Enquiry of the Ministry—Would the Minister of Community and Social Services table any and all documents submitted to it by the management of Surrey Place Centre in support of divestment of that agency from the public service. *November 6, 1985.*

89. *Mr. Johnston* (Scarborough West)—Enquiry of the Ministry—Will the Minister of Community and Social Services table a recently completed study by the Ministry into the Parent Relief Program at Surrey Place Centre. *November 6, 1985.*

90. *Mr. Johnston* (Scarborough West)—Enquiry of the Ministry—Will the Minister of Community and Social Services indicate what the government's inten-

tions are with regard to the continuation of the Parent Relief Program at Surrey Place Centre. *November 6, 1985.*

91. *Mr. Johnston* (Scarborough West)—Enquiry of the Ministry—Will the Minister of Community and Social Services table a detailed estimate of the employer-contributions to the Public Service Superannuation Fund on behalf of the current employees of Surrey Place Centre which were not vested as of October 31, 1985. *November 6, 1985.*
 92. *Mr. Mackenzie*—Enquiry of the Ministry—Will the Chairman of the Management Board of Cabinet table an estimate of the number of public servants who are currently doing (a) all or (b) part of their work at home (eg. those utilizing portable computers or terminals). Will the Minister break this information down by type of work performed; Ministry, Branch, Work Unit involved; equipment, if any utilized; percentage of total hours of work performed at home. *November 6, 1985.*
 93. *Mr. Mackenzie*—Enquiry of the Ministry—Will the Chairman of the Management Board of Cabinet indicate the extent of any personal liability for loss or damage to equipment which public servants assume when asked or required to take equipment home for work-related reasons. *November 6, 1985.*

NOTICES

GOVERNMENT MOTION

10. *Debated October 24, 25, 28, 29, 31, November 1 and 4, 1985.*
-

PRIVATE MEMBERS' MOTIONS

1. *Mr. Johnston* (Scarborough West)—Resolution—That in the opinion of this House, the Province of Ontario, Canada, should declare itself a Nuclear Arms Free Zone, and the Government should prohibit the deployment of nuclear weapons in Ontario, the testing of nuclear weapons and associated equipment in the Province, the construction of nuclear weapons and associated equipment, the transport of nuclear weapons and associated equipment through and within the Province, and the export of goods and materials for use in the construction and deployment of nuclear arms. In addition, the Province should encourage cities, provinces and states throughout the world to initiate similar action.
2. *Mr. Foulds*—Resolution—That in the opinion of this House, recognizing that access to health care treatment and facilities should be a right and not a privilege, and should not be subject to geographic or economic barriers, the Government of Ontario should incorporate as a fully-insured service under OHIP the cost of medically necessary travel, as determined by a qualified physician, in excess of 200 miles; and further that the Government should begin by instituting such coverage for residents of Northern Ontario (that is for those living in the Territorial Districts north of the French River) within six months of the passage of this resolution and that coverage for the rest of the province be phased in over a four-year period; and further that in the case of a child needing such medically necessary travel, the Government give consideration to covering the costs of travel for one parent or guardian of such a child.
3. *Mr. Warner*—Resolution—That in the opinion of this House, considering the continuing Turkish occupation of Cyprus and the unknown fate of 2,000 missing Cypriots, the Government of Ontario should express concern about the continuing illegal Turkish colonization of Cyprus, and the latest secessionist movement of the Denktash regime, by: (1) urging the Government of Canada to support measures for the implementation of the U.N. resolutions on Cyprus; (2) calling upon the Turkish Government to provide immediate information on the missing Cypriots which according to indisputable evidence are held by Turkish authorities contrary to international law; (3) calling upon the Turkish Government to respect the human rights provision of the Helsinki accord, especially in regards to Cyprus; (4) calling upon the Turkish Government to cease immediately further colonization of Cyprus and to withdraw all illegal colonists, transplanted with a view to changing the demographic nature of the Island; (5) condemning the new secessionist movement of the so-called "Federated State of Northern Cyprus"; and (6) calling upon the Government of Canada to cease further negotiations with the Turkish Government on the sale of a nuclear reactor, until the latter complies with the U.N. resolutions on Cyprus and shows a respect for international law.
4. *Ms. Bryden*—Resolution—That in the opinion of this House, recognizing that part-time workers in both the public and private sector are discriminated against by the denial of many benefits and rights provided to other workers in the same establishment, a Charter of Rights for Part-Time Workers be added to both the Employment Standards Act and the Labour Relations Act

to provide pro rata benefits and collective bargaining rights to such workers and that they be made eligible for severance pay and retraining and readjustment programs provided for other workers displaced by technological change in the same establishment.

5. *Mr. Epp*—Resolution—That this House authorizes that a Proclamation be issued by the Governor General under the Great Seal of Canada amending Section 7 of the Canadian Charter of Rights and Freedoms to read as follows:

7. Everyone has the right to life, liberty, security of the person and enjoyment of property and the right not be deprived thereof except in accordance with the principles of fundamental justice,

and urges that the Senate and House of Commons and the Legislative Assemblies of the other provinces do likewise.

7. *Mr. Foulds*—Resolution—That in the opinion of this House, the Federal Conservative government has, by eliminating full inflation protection for Canadian pensioners, imposed unfair hardships on those least able to protect themselves; and therefore, this House condemns as arbitrary and ill-conceived the budget of Michael Wilson which takes money out of the pockets of pensioners while providing more tax giveaways to the wealthy; strongly calls upon the Government of Canada to abandon its intention to de-index pensions and urges the Government of Ontario to make the strongest possible representation to the Government of Canada to re-affirm the Federal Conservative government's election promise to protect Canadian pensioners.
8. *Mr. Morin-Strom*—Resolution—That in the opinion of this House, the Federal Conservative government has favoured business and the rich at the expense of the economically disadvantaged, particularly pensioners, and considering Finance Minister Michael Wilson statement that Canada has "an acute shortage of rich people," this House condemns the federal budget of Michael Wilson that focuses on more tax breaks for the wealthy rather than providing decent pensions for elderly and more employment opportunities for the unemployed poor, and that the Canadian government should recognize that our problem is too many poor people, not too few rich people.
9. *Mr. Ramsay*—Resolution—That in the opinion of this House, the Minister of Agriculture and Food should introduce legislation to:

- (1) establish a debt review agency to referee financial disputes between farmers and banks or other lending institutions and that not less than 50% of the members of the agency should be farmers and that the agency would deal with short-term debts other than mortgages and would be empowered to make binding decisions subject only to appeal to the judge of the local court;

- (2) provide a moratorium on all farm bankruptcies and foreclosures of mortgages on farm lands and buildings except where an exemption is approved by a judge and on application by a mortgagee (lender) the

judge may grant leave for foreclosure or commencement of bankruptcy proceedings or, alternatively, may postpone any forfeiture for such time and subject to such conditions as he thinks fit.

10. *Mr. Wildman*—Resolution—That in the opinion of this House, recognizing that small municipalities do not have the financial base necessary to purchase modern, effective and reliable fire protection equipment, the Government should provide direct financial assistance to small municipalities for the purchase of fire protection equipment.
11. *Mr. Wildman*—Resolution—That in the opinion of this House, recognizing that the much greater distance to be covered by police officers in carrying out their duties in certain northern municipalities results in the need for those municipalities to maintain larger police forces per capita to maintain an adequate police service, the Government should amend the *Ontario Unconditional Grants Act* to provide larger grants for policing to those northern municipalities.
15. *Mr. McCague*—Resolution—That this House recognizes the improved safety resulting from eye-level brake indicators on automobiles, and strongly encourages the Minister of Transportation and Communications to take appropriate measures: encourage the seeking of mandating of their installation on all new vehicles manufactured for sale in Ontario; to encourage citizens of Ontario to retrofit their vehicles.
16. *Mr. Wildman*—Resolution—That this House should request the Ontario government to amend this province's mining tax system to ensure sufficient revenues accrue to the provincial treasury from the mining companies to enable the government to allocate a reserve fund, as part of a "Northern Ontario Tomorrow Fund", to be distributed as grants, loans and guarantees for individuals, community groups, co-operatives and small businesses and temporary extraordinary grants to municipalities to assist in the economic recovery from the adverse effects of mine shutdowns.
17. *Debated Thursday, November 7, 1985.*
18. *Mr. Wildman*—Resolution—That in the opinion of this House the Ministries of Natural Resources and Transportation and Communications should implement, jointly, a formal testing program to investigate the effectiveness of the "wildlife saver" devices when attached to automobiles, to determine whether the use of these devices would have adverse effects on either the general public or domestic animals and wild game, and to study the feasibility of requiring the installation of these devices on motor vehicles in certain regions of the province or throughout Ontario.
19. *Mr. Charlton*—Resolution—That in the opinion of this House, since the Government of Ontario has in the past failed to adequately promote and assist in the implementation of energy conservation and renewable energy alternatives, and has thereby failed to serve the best interests of the people of the province, therefore the Government of Ontario should take immediate action to ensure that the Ministry of Energy fulfils its responsibility to the people of Ontario in the areas of energy conservation and renewable energy

resources, their promotion, availability and programs to assist in their implementation.

20. *Mr. Johnson* (Wellington-Dufferin-Peel)—Resolution—That in the opinion of this House, recognizing the very serious limitations placed on our smaller rural municipalities in their ability to attract industrial growth, the Government of Ontario should develop and implement an industrial strategy that would provide these municipalities with the much needed expertise and financial resources necessary to enhance their position in this competitive field.
 21. *Mr. Mackenzie*—Resolution—That in the opinion of this House, recognizing that certain classes of workers are discriminated against by the denial of rights provided to other workers, the regulations under the *Employment Standards Act* should be amended to provide that the standards set by the Act relating to hours of work, overtime pay and public holidays are applicable to persons employed in landscape gardening, mushroom growing, the growing of flowers for the retail and wholesale trade, the growing, transporting and laying of sod, and the growing of trees and shrubs for wholesale and retail trade.
 22. *Mr. Morin*—Resolution—That in the opinion of this House, recognizing that tax refund discounting exploits the poor, the Government of Ontario should, through consultation with the Government of Canada, move to eliminate the current usurious practices of tax discounters whereby they are able to exact exorbitant charges in exchange for advancing immediate cash to persons entitled to tax refunds.
-

MOTIONS RELATING TO THE PROVISIONS OF THE REPORT UPON THE REDISTRIBUTION OF ONTARIO INTO ELECTORAL DISTRICTS

1 to 36. *Debated July 5, October 15, 17 and 25, 1985.*

37. *Mr. Knight*—Motion—That, pursuant to the Order of the House of November 30, 1984, consideration be given by the House to an objection to the provisions of the Report of the Ontario Electoral Boundaries Commission respecting the Electoral District of Halton-Burlington on the grounds set forth hereinafter:

1. The Commission failed to give adequate attention and consideration to geographical, political and demographic factors when planning the redistribution of electoral boundaries within the Province, factors which are specifically provided for by Paragraph 6, subsections (a) through (h) in the June 16, 1983, Resolution of the Legislative Assembly that established the Commission.
2. The Commission failed to give due consideration to the existing and traditional boundaries of Electoral Districts as specified in Paragraph 6, subsection (g), of the June 16, 1983, Resolution of the Legislative Assembly by dividing the Halton-Burlington Riding east and west instead of the traditional north and south.
3. The Commission has ignored the traditional community of interest between Milton and Halton Hills, a community of interest which does not exist to the same degree between Milton and Burlington.
4. The Commission has ignored the fact that within the Region of Halton most agencies consider the North Halton area as a distinct community from the south and have structured most agencies in a manner to reflect this reality.
5. The Commission failed to give and pay proper attention to the physical, family, economic and community of interest factors.
6. And such other objections that the undersigned Members may consider applicable in order to carry out the spirit and terms and conditions of the redistribution of Ontario Electoral Districts.

38. *Mrs. Marland*—Motion—That, pursuant to the Order of the House of November 30, 1984, consideration be given by the House to an objection to the provisions of the Report of the Ontario Electoral Boundaries Commission respecting the Electoral District of Mississauga South on the grounds set forth hereinafter:

1. The Commission failed to give adequate attention and consideration to geographical, political and demographic factors when planning the redistribution of electoral boundaries within the Province, factors which are specifically provided for by Paragraph 6, subsections (a) through (h) in the June 16, 1983, Resolution of the Legislative Assembly that established the Commission.
2. The Commission failed to give adequate attention and consideration to the community or diversity of interests as specified in Paragraph 6, subsection (a) of the June 16, 1983, Resolution of the Legislative Assembly by amalgamating a distinct and separate community, Lawton Heights, east of Cawthra Road, north of the Queen Elizabeth Highway, with traditional organized neighbourhoods represented by homeowners and/or residents' associations contained in the existing Riding of Mississauga South.

In so doing, the Commission ignored the question of unity and community of interest thereby rendering more difficult adequate representation of the people in Parliament.

3. The Commission failed to give due consideration to the topographical features as specified in Paragraph 6, subsection (b) of the June 16, 1983, Resolution of the Legislative Assembly by discounting the influence of existing major roadways, Highway No. 10 on the west and the Queen Elizabeth Highway on the south, which have tended to serve as natural geographic barriers between communities of people.
4. The Commission failed to give due consideration to the existing boundaries of municipalities or wards thereof as specified in Paragraph 6, subsection (f) of the June 16, 1983, Resolution of the Legislative Assembly by discounting the influence of existing traditional municipal wards boundaries which serve to separate and distinguish neighbourhood organizations. By amalgamating a portion of Ward 7 with Ward 1 it appears that the Commission failed to give due consideration to the demands placed on the Member of the Provincial Parliament for the Riding in question, thereby rendering more difficult adequate representation of the people in Parliament.
5. The Commission failed to give due consideration to the existing and traditional boundaries of electoral districts as specified in Paragraph 6, subsection (g) of the June 16, 1983, Resolution of the Legislative Assembly by extending the northern boundary of the Riding to Dundas Street, despite the fact that the current northern boundary, Queen Elizabeth Highway represents a natural extension in comparison to existing ward boundaries, and preserves the physical, social and economic cohesion of the present electoral district.

6. The Commission failed to give due consideration to special geographic considerations, including the accessibility of such regions or the size or shape thereof as specified in Paragraph 6, subsection (h) of the June 16, 1983, Resolution of the Legislative Assembly by increasing the size of the riding in north-south terms and adding a community at the north end separated from the rest of the riding by the Queen Elizabeth Highway.

At the same time, the Commission failed to facilitate the need for ease of transportation and communication, thereby rendering more difficult adequate representation of the people in Parliament.

7. And such other objections that the undersigned Members may consider applicable in order to carry out the spirit and terms and conditions of the redistribution of Ontario Electoral Districts.

39. *Mr. Cordiano*—Motion—That, pursuant to the Order of the House of November 30, 1984, consideration be given by the House to an objection to the provisions of the Report of the Ontario Electoral Boundaries Commission respecting the Electoral District of Downsview on the grounds set forth hereinafter:

1. The Commission failed to give adequate attention and consideration to geographical, political and demographic factors when planning the redistribution of electoral boundaries within the Province, factors which are specifically provided for by Paragraph 6, subsections (a) through (h) in the June 16, 1983, Resolution of the Legislative Assembly that established the Commission.
2. The Commission did not give adequate consideration to all the representations made to the Commission during the course of the Public Hearings.
3. The Commission failed to give adequate consideration to the existing boundaries of the riding, and placed too much emphasis on population Quotas in determining boundaries for the Proposed Electoral District of Downsview.
4. The Commission failed to give adequate consideration to the cultural links uniting the people North of Highway 401 and South of Sheppard

Avenue (between Jane Street on the west and the Allen Expressway on the east) with the people South of Highway 401 and North of the North York city limit (between Jane Street on the west and C.N. railway lines on the east).

5. And such other objections that the undersigned Members may consider applicable in order to carry out the spirit and terms and conditions of the redistribution of Ontario Electoral Districts.

QUESTIONS

(Questions are to appear on the day after they are tabled and on every subsequent day in the week they are tabled and then subsequently only on each Monday until an Answer (other than an Interim Answer) is tabled. A question tabled on a Friday will appear on each day of the following week.)

84. *Mr. Bernier*—Enquiry of the Ministry—Would the Minister of Northern Affairs and Mines please provide a list of all the Nor-Dev applications received by his Ministry since June 26, 1985, giving the name and address of the person applying and the date of the application. Would he also provide the amount of assistance requested, the date of disposition and the amount approved. *November 4, 1985.*

85. *Mr. Johnston* (Scarborough West)—Enquiry of the Ministry—Would the Minister of Community and Social Services provide a detailed list of the alleged benefits to be obtained through the proposed divestment of Surrey Place Centre from the public service. *November 6, 1985.*

86. *Mr. Johnston* (Scarborough West)—Enquiry of the Ministry—Will the Minister of Community and Social Services provide a detailed listing of the funding agencies from which grants are now unavailable to Surrey Place Centre as a direct result of its connection to the public service, since one of the alleged benefits, mentioned from time-to-time in support of the divestment of Surrey Place Centre is greater access to grant monies. Will the Minister further indicate any specific projects for which application for grants have been rejected, the amounts involved and the nature of the projects concerned. *November 6, 1985.*

87. *Mr. Johnston* (Scarborough West)—Enquiry of the Ministry—Would the Minister of Community and Social Services identify the programs/funding sources within the provincial government for which a divested Surrey Place Centre would be eligible to apply. Will the Minister further indicate the level to which project or program expenses of a divested Surrey Place Centre could be funded by a provincial government program or funding source and the percentage of funds which would have to be raised from other sources. *November 6, 1985.*

88. *Mr. Johnston* (Scarborough West)—Enquiry of the Ministry—Would the Minister of Community and Social Services table any and all documents submitted to it by the management of Surrey Place Centre in support of divestment of that agency from the public service. *November 6, 1985.*

89. *Mr. Johnston* (Scarborough West)—Enquiry of the Ministry—Will the Minister of Community and Social Services table a recently completed study by the Ministry into the Parent Relief Program at Surrey Place Centre. *November 6, 1985.*

90. *Mr. Johnston* (Scarborough West)—Enquiry of the Ministry—Will the Minister of Community and Social Services indicate what the government's inten-

tions are with regard to the continuation of the Parent Relief Program at Surrey Place Centre. *November 6, 1985.*

91. *Mr. Johnston* (Scarborough West)—Enquiry of the Ministry—Will the Minister of Community and Social Services table a detailed estimate of the employer-contributions to the Public Service Superannuation Fund on behalf of the current employees of Surrey Place Centre which were not vested as of October 31, 1985. *November 6, 1985.*
 92. *Mr. Mackenzie*—Enquiry of the Ministry—Will the Chairman of the Management Board of Cabinet table an estimate of the number of public servants who are currently doing (a) all or (b) part of their work at home (eg. those utilizing portable computers or terminals). Will the Minister break this information down by type of work performed; Ministry, Branch, Work Unit involved; equipment, if any utilized; percentage of total hours of work performed at home. *November 6, 1985.*
 93. *Mr. Mackenzie*—Enquiry of the Ministry—Will the Chairman of the Management Board of Cabinet indicate the extent of any personal liability for loss or damage to equipment which public servants assume when asked or required to take equipment home for work-related reasons. *November 6, 1985.*
 94. *Mr. Bernier*—Enquiry of the Ministry—Would the Minister of Northern Affairs and Mines table a full and complete breakdown of the costs of the \$110,000 two-day North Claybelt Seminar held recently in Kapuskasing, which was sponsored by his Ministry. Would the Minister also table the following: (1) The number and names of Provincial Government employees who attended, and, what Ministry they represented, together with details of their expenses; (2) The number and names of all other participants; (3) What costs were incurred by the two consulting firms who participated; their names, their per diem rates and expenses, and, what contribution did they make to the seminar. (4) A complete report on the results of the seminar; (5) Costs per food, entertainment and other related expenses. Will the Minister also explain why the cost of this two-day seminar (110,000) is \$99,000 higher than a similar seminar held five years ago by the then Mayor of Kapuskasing, René Piché. *November 8, 1985.*
 95. *Mr. Warner*—Enquiry of the Ministry—Would the Minister of Health please table the inspection report on Kennedy Lodge Nursing Home (Scarborough), dated March 1985 and inform the House if any action has been taken to correct the conditions cited in the report. *November 8, 1985.*
 96. *Mr. Warner*—Enquiry of the Ministry—Will the Minister of Tourism and Recreation advise the House of the odds of winning a cash prize in 1983 and in 1985. If the odds of winning have diminished will the Minister inform the House why. *November 8, 1985.*

PRIVATE MEMBERS' BUSINESS TO BE DEBATED

(Precedence in accordance with the draw of July 11, 1985 and pursuant to Standing Order 64 (d).)

Ballot Items Nos. 3 and 4—*Debated on Thursday, November 7, 1985.*

Ballot Item No. 5

Second Reading Bill 52, An Act to amend the Health Protection and Promotion Act, 1983. *Mr. Pierce. To be debated Thursday, November 21, 1985.*

Ballot Item No. 6

Mr. Charlton—Resolution—That in the opinion of this House, since the Government of Ontario has in the past failed to adequately promote and assist in the implementation of energy conservation and renewable energy alternatives, and has thereby failed to serve the best interests of the people of the province, therefore the Government of Ontario should take immediate action to ensure that the Ministry of Energy fulfils its responsibility to the people of Ontario in the areas of energy conservation and renewable energy resources, their promotion, availability and programs to assist in their implementation. *To be debated Thursday, November 21, 1985.*

Ballot Item No. 7

Mr. Morin—Resolution—That in the opinion of this House, recognizing that tax refund discounting exploits the poor, the Government of Ontario should, through consultation with the Government of Canada, move to eliminate the current usurious practices of tax discounters whereby they are able to exact exorbitant charges in exchange for advancing immediate cash to persons entitled to tax refunds. *To be debated Thursday, November 28, 1985.*

Ballot Item No. 8

Mr. Johnson (Wellington-Dufferin-Peel)—Resolution—That in the opinion of this House, recognizing the very serious limitations placed on our smaller rural municipalities in their ability to attract industrial growth, the Government of Ontario should develop and implement an industrial strategy that would provide these municipalities with the much needed expertise and financial resources necessary to enhance their position in this competitive field. *To be debated November 28, 1985.*
